PART I - INTRODUCTION

Corporate Governance is the system of stewardship and control that guides the Bank in fulfilling its long-term economic, moral, legal and social obligations towards its stakeholders¹ (i.e. customers, creditors, employees, suppliers, investors/shareholders, as well as the government and community in which it operates). It is a system of direction, feedback and control using regulations, performance standards and ethical guidelines to hold the Board and Senior Management accountable for ensuring ethical behavior - reconciling long-term customer satisfaction with shareholder value to the benefit of all stakeholders and society. Its purpose is to maximize the Bank's long-term success, creating sustainable value for its shareholders, stakeholders and the nation.²

This Manual shall be known as the **“PSBank Corporate Governance (CG) Manual”**.

It shall serve as the Bank's reference or guide in the implementation of Bangko Sentral ng Pilipinas (BSP) **Circular No. 969** re: Enhanced Corporate Governance for BSP-Supervised Financial Institutions; the “New Code of Corporate Governance for Publicly Listed Companies” issued by the Securities and Exchange Commission (SEC) under **SEC Memorandum Circular No. 19 s2016**, applicable provisions in the BSP Manual of Regulations for Banks (MORB), **Republic Act (R.A.) No. 11232** re: **Revised Corporation Code of the Philippines** and other relevant references. This Manual also serves as the **Board Charter** and the **Board's Code of Conduct** providing due guidance to all directors as to the proper discharge of their roles, duties & responsibilities and accountabilities, among other Board-related matters³.

The Board of Directors (the Board), Management, Officers and Staff of the Bank hereby commit themselves to the principles and practices contained in this Manual and acknowledge that the same will guide them in the development and achievement of the Bank's corporate goals.

To enjoin Bank-wide compliance, this Manual is posted and available in the Bank's InfoChannel specifically under Compliance for easy access of all employees, officers and directors of the Bank. This Manual is also posted in the Bank's corporate website for ready access by all stakeholders of the Bank.

OUR GOVERNANCE CULTURE

We see our compliance with applicable laws, rules and regulations as a minimum requirement. Going beyond such minimum is the true essence of good corporate governance.

We always aim to continually build up the trust and confidence of our stakeholders by running our business in a prudent and sound manner, being fair and transparent in all our dealings, providing reliable and better service in response to the ever-growing expectations of our customers, and working with integrity and accountability.

¹ The term **“Stakeholders”** refers to any individual, organization or society at large who can either affect and/or be affected by the Bank's strategies, policies, business decisions and operations, in general.

PART II – GOVERNANCE STRUCTURE

SECTION 1. BOARD OVERSIGHT

A. Board of Directors

Compliance with the principles of good corporate governance shall start with the Board of Directors.

1. Composition of the Board

- a. Pursuant to Sec. 15 and 17 of R.A. 8791 “The General Banking Law of 2000”, there shall be at least five (5), and a maximum of fifteen (15) members of the Board. This is to ensure protection of the Bank’s interest over the interest of the individual shareholders.⁵

These constituencies or stakeholder have the right to expect that the institution is being run in a prudent and sound manner.

It is the responsibility of the Board to foster the long-term success of the Bank and to sustain its competitiveness and profitability in a manner consistent with its corporate objectives and the best interests of its stockholders and other stakeholders.⁸

The Board of Directors shall approve the selection of the President/Chief Executive Officer (CEO) and key members of senior management and control functions and oversee their performance.

1) The Board of Directors shall define the Bank's corporate culture and values. In this regard, the board of directors shall:

- (1) Approve a Code of Conduct or Code of Ethics, which shall articulate acceptable and unacceptable activities, transactions and behaviors that could result or potentially result in conflict of interest, personal gain at the expense of the Bank as well as the corresponding disciplinary actions and sanctions. ⁸ Principle No. 1 per SEC Memorandum Cir. No. 19 s2016 (New CG Code for PLCs)

⁹ SEC Memo Cir. 9, s2014

- (2) Consistently conduct the affairs of the Bank with a high degree of integrity and play a lead role in establishing the Bank's corporate culture and values. The Board of Directors shall establish, actively promote, and communicate a culture of strong governance in the Bank, through adopted policies and displayed practices.  - (4) Ensure the proper and efficient implementation and monitoring of compliance with the Code of Business Conduct and Ethics and internal policies¹⁰.
- 2) The Board of Directors shall be responsible for approving the Bank's objectives and strategies and in overseeing management's implementation thereof. In this regard, the Board of Directors shall:**
- (1) Ensure that the Bank has beneficial influence on the economy by continuously providing services and facilities which will be supportive of the national economy;
 - (2) Approve the Bank's strategic objectives and business plans. These shall take into account the Bank's long-term financial interests, its level of risk tolerance, and ability to manage risks effectively. In this respect, the Board of Directors shall establish a system for measuring performance against plans;
 - (3) Actively engage in the affairs of the Bank and keep up with material changes in the Bank's business and regulatory environment as well as act in a timely manner to protect the long-term interests of the Bank;
 - (4) Approve and oversee the implementation of policies governing major areas of the Bank's operations. The Board of Directors shall regularly review these policies, as well as evaluate control functions (e.g., internal audit, risk management and compliance) with Senior Management to determine areas for improvement as well as to promptly identify and address significant risks and issues.
- 3) The Board of Directors shall be responsible for the appointment/selection of key members of senior management and heads of control functions and for the approval of a sound remuneration and other incentives policy for personnel. In this regard, the Board of Directors shall:**

¹⁰ Recommendation #7.2 per SEC Memorandum Cir. No. 19 s2016 (New CG Code for PLCs)

- (1) Oversee selection of the CEO and other key personnel, including members of Senior Management and heads of control functions based on the application of fit and proper standards. Integrity, technical expertise, and experience in the Bank's business, either current or planned, shall be the key considerations in the selection process. Moreover, since mutual trust and a close working relationship are important, the members of senior management shall uphold the general operating philosophy, vision and core values of the Bank;
- (2) Approve and oversee the implementation of performance standards as well as remuneration and other incentives policy. The policy should be consistent with the long-term strategic objectives and financial soundness of the Bank and should promote good performance, convey acceptable risk-taking behavior, and reinforce the Bank's operating and risk culture. In doing so, it should formulate and adopt a policy specifying the relationship between remuneration and performance. Further, no director should participate in discussions or deliberations involving his own remuneration¹¹.
- (3) Oversee the performance of Senior Management and heads of control functions:
 - (a) The Board of Directors shall regularly monitor and assess the performance of the management team and heads of control functions based on approved performance standards;
 - (b) The Board of Directors shall hold members of Senior Management accountable for their actions and enumerate the possible consequences if those actions are not aligned with the Board of Directors' performance expectations. These expectations shall include adherence to the Bank's values, risk appetite and risk culture, under all circumstances;
 - (c) The Board of Directors shall regularly meet with Senior Management to engage in discussions, question, and critically review the reports and information provided by the latter;
 - (d) **Non-executive board members** shall meet regularly on **annual basis**, other than in meetings of the Audit, Risk Oversight, Corporate Governance, and Related Party Transactions Committees, in the absence of Senior Management, **with the external auditor and heads of the internal audit, compliance and risk management functions**. The Chief Compliance Officer (CCO) or his designated officer shall serve as Secretary to this session and shall therefore coordinate with the Chief Risk Officer (CRO) and the Chief Audit Executive (CAE) for the agenda/items for discussion and record such dialogues in minutes of meeting. This session aims to **scrutinize Management's performance, particularly in meeting the Bank's goals and objectives** and to determine the **integrity of the Bank's internal control and effectiveness of risk management systems**.
- (4) Engage in succession planning for the CEO and other critical positions, as appropriate. In this respect, the Board of Directors shall establish an effective succession planning program. The program should include a system for identifying and developing potential successors for the CEO and other critical positions;

¹¹ Recommendation #2.5 per SEC Memorandum Cir. No. 19 s2016 (New CG Code for PLCs)

- (5) Ensure that personnel's expertise and knowledge remain relevant. The Board of Directors shall provide its personnel with regular training opportunities as part of a professional development program to enhance their competencies and stay abreast of developments relevant to their areas of responsibility;
- (6) Ensure that employee pension funds are fully funded or the corresponding liability appropriately recognized in the books of the Bank at all times, and that all transactions involving the pension fund are conducted at arm's length terms.

4) The Board of Directors shall be responsible for approving and overseeing implementation of the Bank's corporate governance framework. In this regard, the Board of Directors shall:

- (1) Define appropriate governance structure and practices for its own work, and ensure that such practices are followed and periodically reviewed:
 - i. The Board of Directors shall structure itself in a way, including in terms of size and frequency of meetings, so as to promote efficiency, critical discussion of issues, and thorough review of matters. The Board of Directors shall meet regularly to properly discharge its functions, and likewise have discussions on values, conduct, and behaviors;
 - ii. The Board of Directors shall create committees to increase efficiency and allow deeper focus in specific areas. The number and nature of board-level committees would depend on the size of the Bank and the Board of Directors, the Bank's complexity of operations, as well as the Board of Directors' long-term strategies and risk tolerance. The Board of Directors may delegate some of its functions, but not its responsibilities, to board-level committees. In this regard, the Board of Directors shall:
 - i. Approve, review and update **at least annually** or whenever there are significant changes therein, the respective **Charters** of each of its committees or other documents that set out its mandate, scope and working procedures. Said documents shall articulate how the committee will report to the full board of directors, what is expected of the committee members, and tenure limits for serving on the committee. The Board of Directors shall also consider occasional rotation of committee members and chairs to avoid undue concentration of power and promote fresh perspective;
 - ii. Appoint members of the committees taking into account the optimal mix of skills and experience to allow the members to fully understand, be critical and objectively evaluate the issues. In order to promote objectivity, the Board, shall appoint independent directors and non-executive members of the Board to the greatest extent possible while ensuring that such mix will not impair the collective skills, experience, and effectiveness of the committees. Towards this end, an independent director who is a member of any committee that exercises executive or management functions that can potentially impair such director's independence cannot accept membership in committees that perform independent oversight/control functions such as the Audit, Risk Oversight and Corporate Governance Committees, without prior approval of the Monetary Board;

- iii. Ensure that each committee shall maintain appropriate records (e.g., minutes of meetings or summary of matters reviewed and decisions taken) of their deliberations and decisions. Such records shall document the committee's fulfillment of its responsibilities and facilitate the assessment of the effective performance of its functions
- iv. Constitute, *at a minimum*, the following committees:
 1. **Audit Committee** - to enhance its oversight capability over the Bank's financial reporting, internal control system, internal and external audit processes, and compliance with applicable laws and regulations. The committee should be composed of at least three (3) appropriately qualified non-executive directors, the majority of whom, including the Chairperson, should be independent. All of the members of the committee must have relevant background, knowledge, skills, and/or experience in the areas of accounting, auditing and finance. The Chairperson of the Audit Committee should not be the Chairman of the Board or of any other committees¹²;
 2. **Corporate Governance Committee** - to assist the Board in the performance of its corporate governance responsibilities, including the functions that were formerly assigned to a Nomination and Remuneration Committee. It should be composed of at least three (3) members, all of whom should be independent directors, including the Chairman¹³.
 3. **Risk Oversight Committee** - to oversee the Bank's enterprise risk management system and ensure its functionality and effectiveness. This committee should be composed of at least three (3) members, majority of whom shall be Independent Directors including the Chairperson. The Chairperson of this committee should not be the Chairman of the Board or of any other committee. The committee shall possess a range of expertise and adequate knowledge on risk management issues and practices. It shall have access to independent experts to assist it in discharging its responsibilities.
 4. **Related Party Transaction (RPT) Committee** - tasked with reviewing all material related party transactions of the Bank. This committee should be composed of at least three (3) non-executive directors, two (2) of whom should be independent, including the Chairperson. The committee shall at all times be entirely composed of independent directors and non-executive directors, with independent directors comprising majority of the members. In case a member has conflict of interest in a particular RPT, he should refrain from evaluating that particular transaction. The Compliance Officer or Internal Auditor may sit as resource persons in said committee.
- iii. The Board of Directors shall regularly review the structure, size and composition of the Board of Directors and Board-level

Committees with the end in view of having a balanced membership. Towards this end, a system and procedure for evaluation of the structure, size and composition of the Board of Directors and board-level committees shall be adopted which shall include, but not limited to, benchmark and peer group analysis. The results of assessment shall form part of the ongoing improvement efforts of the Board of Directors;

- iv. The Board of Directors shall adopt policies aimed at ensuring that the members of the Board of Directors are able to commit to effectively discharge their responsibilities, which shall include policy on the number of directorship positions and/or other internal/external professional commitments that a director may have, commensurate with the responsibilities placed on the director, as well as the nature, scale and complexity of the Bank's operations;
 - v. The Board of Directors shall ensure that individual members of the Board of Directors and the shareholders are accurately and timely informed of a comprehensive and understandable assessment of the Bank's performance, financial condition, and risk exposures. All members of the Board of Directors shall have reasonable access to any information about the Bank at all times. The Board of Directors shall also ensure that adequate and appropriate information flows internally and to the public;
 - vi. The Board of Directors shall assess at least annually its performance and effectiveness as a body, as well as its various committees, the CEO, the individual directors, and the Bank itself, which may be facilitated by the Corporate Governance Committee or external facilitators. This exercise shall cover the assessment of the ongoing suitability of each board member taking into account his or her performance in the Board of Directors and board-level committees;
 - vii. The Board of Directors shall maintain appropriate records (e.g., meeting minutes or summaries of matters reviewed, recommendations made, decisions taken and dissenting opinions) of its deliberations and decisions. The Board of Directors shall also ensure that independent views in meetings of the Board of Directors shall be given full consideration and all such meetings shall be duly minuted.
- (2) Develop a remuneration and other incentives policy for directors that shall be submitted for approval of the stockholders. The Board of Directors shall ensure that the policy is consistent with the long-term interest of the Bank, does not encourage excessive risk-taking, and is not in conflict with the director's fiduciary responsibilities;
- (3) Adopt a policy on retirement for directors and officers, as part of the succession plan, to promote dynamism and avoid perpetuation in power;
- (4) Conduct and maintain the affairs of the Bank within the scope of its authority as prescribed in its charter and in existing laws, rules and regulations. It shall ensure effective compliance with the latter, which include prudential reporting obligations. Serious weaknesses in adhering to these duties and responsibilities may be considered as unsafe and unsound banking practice;

- (5) Maintain, and periodically update, organizational rules, by-laws, or other similar documents setting out its organization, rights, responsibilities and key activities. The Board of Directors shall ensure that the Bank's organizational structure facilitates effective decision making and good governance. This includes clear definition and delineation of the lines of responsibility and accountability.
- (6) Oversee the development, approve, and monitor implementation of corporate governance policies. The Board of Directors shall ensure that corporate governance policies are followed and periodically reviewed for ongoing improvement.
- (7) Approve an overarching policy on the handling of Related Party Transactions (RPTs) to ensure that there is effective compliance with existing laws, rules and regulations at all times, that these are conducted on an arm's length basis, and that no stakeholder is unduly disadvantaged¹⁴. In this regard:
 - (a) The Board of Directors shall approve all material RPTs, those that cross the materiality threshold, and write-off of material exposures to related parties, and submit the same for confirmation by majority vote of the stockholders in the annual stockholders' meeting. Any renewal or material changes in the terms and conditions of RPTs shall also be approved by the Board of Directors. All final decisions of the Board of Directors on material RPTs, including important facts about the nature, terms, conditions, original and outstanding individual and aggregate balances, justification and other details that would allow stockholders to make informed judgment as to the reasonableness of the transaction, must be clearly disclosed during stockholder's meetings and duly reflected in the minutes of Board of Directors and stockholders' meetings;
 - (b) The Board of Directors shall delegate to appropriate management committee the approval of RPTs that are below the materiality threshold, subject to confirmation by the Board of Directors. This shall, however, exclude DOSRI transactions, which are required to be approved by the Board of Directors. All decisions under the delegated authority must be properly recorded in the minutes of the committee meetings;
 - (c) The Board of Directors shall establish an effective system to:
 - (i) Determine, identify and monitor related parties and RPTs;
 - (ii) Continuously review and evaluate existing relationships between and among businesses and counterparties; and
 - (iii) Identify, measure, monitor and control risks arising from RPTs. The system should be able to define related parties' extent of relationship with the Bank; assess situations in which a nonrelated party (with whom the Bank has entered into a transaction) subsequently becomes a related party and vice versa; and generate information on the type and amount of exposures to a particular related party. The said system will

11. Vacancies in the Office of Director⁴⁸ and Succession Planning

Any vacancy occurring in the Board of directors other than by removal by the stockholders or by expiration of term, may be filled by the vote of at least a majority of the remaining directors, if still constituting a quorum; otherwise, said vacancies must be filled by the stockholders in a regular or special meeting called for that purpose.

When the vacancy is due to term expiration, the election shall be held no later than the day of such expiration at a meeting called for that purpose. When the vacancy arises as a result of removal by the stockholders, the election may be held on the same day of the meeting authorizing the removal and this fact must be so stated in the agenda and notice of said meeting. In all other cases, the election must be held **no later than forty-five (45) days from the time the vacancy arose**. A director elected to fill a vacancy shall be referred to as replacement director and shall serve only for the unexpired term of the predecessor in office.

However, when the vacancy prevents the remaining directors from constituting a quorum and emergency action is required to prevent grave, substantial, and irreparable loss or damage to the Bank, the vacancy may be temporarily filled from among the officers of the Bank by unanimous vote of the remaining directors. The action by the designated director shall be limited to the emergency action necessary, and the term shall cease within a reasonable time from the termination of the emergency or upon election of the replacement director, whichever comes earlier. The Bank must notify the SEC **within three (3) days from the creation of the emergency Board**, stating therein the reason for its creation.

A directorship to be filled by reason of an increase in the number of directors shall be filled only by an election at a regular or at a special meeting of stockholders duly called for the purpose, or in the same meeting authorizing the increase of directors if so stated in the notice of the meeting.

At least on an annual basis, the Corporate Governance Committee (CGC) shall review the status of the Board and consider if the criteria set forth (i.e. composition of the Board, qualifications of directors, limits, etc.) are being met. It shall determine if there is reason to believe that one or more director slots shall become vacant within the remaining term and if any, shall report the same including its recommendation(s) to the Board. When searching for candidates to fill in a vacancy(ies) in the Board, the use of professional search firms or external sources may be resorted to.

In all elections to fill vacancies, the procedure set forth in Sections 23 and 25 of the Revised Corporation Code shall apply.

12. Cessation from Office of Director or Corporate Officer

Should a director or corporate officer (i.e. President, Treasurer, Corporate Secretary and other officers named in the By-laws) die, resign or in any manner cease to hold office, the Corporate Secretary, or a director or officer of the Bank, shall, **within seven (7) days from knowledge thereof**, report in writing such fact to the SEC.

13. Interlocking Directorships and/or Officerships⁴⁹

⁴⁷ Per SEC Memorandum Cir. No. 4, Series of 2022, pursuant to Sections 26 and 27 of the Revised Corporation Code (RCC)

⁴⁸ Sec. 28 of the Revised Corporation Code

Effective sharing of managerial and technical expertise across institutions promotes economies of scale and organizational synergies, as well as broadens perspectives in strategy formulation and risk management. In this regard, the Bank is expected to have an effective governance process in place to ensure that the benefits of having directors or officers with interlocking positions in other entities are optimized, that the concerned directors or officers devote sufficient time and attention necessary to effectively carry out their duties and responsibilities, and that excessive concentration of economic power, unfair competitive advantage, abusive practices, and conflict of interest situations are prevented.

In this regard, the Bank shall observe the following rules for interlocking positions held by directors and/or officers:

- a. **Interlocking Directorships.** Interlocking directorships in banks are allowed except in cases involving banks belonging to the same category. In this respect, interlocking directorships in banks belonging to the same category shall only be allowed if the banks:
 - (i) Are part of the same banking group; or
 - (ii) Have different business models and are serving different markets or clients.

For purposes of determining interlocking directorship, a director and his/her spouse, whether legitimate or common-law, shall be considered as one (1) and the same person.

- b. **Interlocking Directorships and Officerships.** Interlocking directorships and officerships are allowed provided that the positions do not pose conflict of interests. For this purpose, the appointment should be consistent with the policy adopted by the Bank.
- c. **Interlocking Directorship and/or Officership With an Investment House.** Consistent with Section 6 of Presidential Decree No 129, as amended by Batas Pambansa Blg. 66, entitled "Governing the Establishment, Operation and Regulation of Investment Houses", interlocking directorship and officership between a bank and an investment house is allowed by the BSP subject to the requirements of this Section and other applicable laws and regulations provided, however that interlocking officerships between a bank and an investment house may only be allowed where the majority or all of the equity of the investment house is owned by the Bank.

The Board of Directors or the appropriate authority designated in the Bank shall approve the interlocking positions held by the directors. The documents supporting the approval shall reflect the assessment done by the approving authority consistent with the policy adopted in the Bank and the expectations in this Section.

Aside from submitting the BSP-required **Annual Report on Interlocking Positions of Directors and Officers (ARIPDO)**, the Bank shall keep a complete record of all interlocking positions of its directors and documentation of the assessments conducted by the Board of Directors or appropriate authority designated in the Bank on existing and new interlocking directorship positions and shall maintain a system of updating said records which shall be made available during examination by the BSP or when required for submission for verification.

14. Multiple Board Seats

⁴⁹ **BSP Circular No. 1129** re: Amendments to Corporate Governance Guidelines for BSP-Supervised Financial Institutions

As a general rule, the Non-Executive Directors of the Board may concurrently serve as directors up to a **maximum of five (5) Publicly Listed Companies (PLCs)** in order to ensure that they have sufficient time to fully prepare for meetings, challenge Management's proposals/views, and oversee the long-term strategy of the Bank⁵⁰. Nonetheless, the ability of such directors to diligently and effectively perform their duties & responsibilities, the nature and kind of corporations they may also be directors of as well as the limitations on concurrent/interlocking directorship between Banks or between a Bank and a quasi-Bank under existing BSP regulations should always be taken due consideration.

The President/other executive directors may be covered by a lower indicative limit for membership in other Boards. A similar limit may apply to independent or non-executive directors who, at the same time, serve as full-time executives in other corporations. In any case, the capacity of the directors to diligently and efficiently perform their duties and responsibilities of the Boards they serve shall not be compromised⁵¹.

Hence, a director should seek the approval of the Board-designated Board-level committee as well as the confirmation of the Board of Directors before accepting a directorship (or officership position in the case of Non-Executive Directors) in another company (whether publicly-listed or not) for proper handling in accordance with the Bank's **Board-approved Policy on Interlocking Positions**⁵². This is for the designated Board-level committees and the Board to be able to assess if his/her present responsibilities and commitment to the Bank will be affected, if there will be no resulting conflict of interest and if the director can still adequately provide what is expected of him/her.⁵³

15. Specific Duties and Responsibilities of a Director

a. Remain fit and proper for the position for the duration of his term

A director is expected to remain fit and proper for the position for the duration of his term. He should possess unquestionable credibility to make decisions objectively and resist undue influence. He shall treat Board directorship as a profession and shall have a clear understanding of his duties and responsibilities as well as his role in promoting good governance. Hence, he shall maintain his professional integrity and continuously seek to enhance his skills, knowledge and understanding of the activities that the Bank is engaged in or intends to pursue as well as the developments in the banking industry including regulatory changes through continuing education or training.

b. Conduct fair business transactions with the Bank and to ensure that personal interest does not bias Board decisions

Directors should, whenever possible, avoid situations that would give rise to a conflict of interest. If transactions with the Bank cannot be avoided, it should be done in the regular course of business and upon terms not less favorable to the Bank than those offered to others. The basic principle to be observed is that a director should not use his position to make profit or to acquire benefit or advantage for himself and/or his related interests. He should avoid situations that would compromise his impartiality.

- h. **Have a working knowledge of the statutory and regulatory requirements affecting the Bank, including the content of its articles of incorporation and by-laws, the requirements of the BSP and where applicable, the requirements of other regulatory agencies**

A director should also keep himself informed of the industry developments and business trends in order to safeguard the Bank's competitiveness.
