6. Election of the Members of the Board of Directors
7. Appointment of the External Auditor
8. Other Matters
9. Adjournment

Stockholders of record as of March 10, 2023 shall be entitled to vote at the Meeting.

Perfecto Ramon Z. Dimayuga, Jr.
Corporate Secretary

Stockholders who intend to participate or be represented in the virtual meeting shall first submit the following via email to psbasbm@psbank.com.ph not later than April 13, 2023, subject to validation procedures, to gain access to the secure online meeting link:

- Letter of Intent (LOI) to participate by remote communication and vote in absentia
- Duly accomplished proxy instrument for a representative to the virtual meeting, as applicable
- Copy of proof of identity, ownership and other certification/information for validation purposes

Once validated, a confirmation along with access credentials to the secure online meeting link shall be sent to the stockholder's email as provided. For reference and other details, please go to <https://www.psbank.com.ph/annual-stockholders-meeting-2023/>.

The Information Statement (IS) containing the attendance/voting (via remote communication) and nomination/election procedures, along with the Notice and Agenda, Proxy and other ASM-related information can be accessed through any of the following options:

1. Go to the PSBank website via this ASM link:
<https://www.psbank.com.ph/annual-stockholders-meeting-2023/>
2. Go to the PSE EDGE portal via <https://edge.pse.com.ph>
3. Request for a copy by sending an email to psbasbm@psbank.com.ph

Philippine Savings Bank Head Office: 777 Paseo de Roxas corner Sedeño St., 1226 Makati City

The meeting proceedings shall be recorded in audio and video format and shall be made available in a secured manner to stockholders upon request by sending an email to psbasbm@psbank.com.ph. For ASM-related matters, please go to <https://www.psbank.com.ph/annual-stockholders-meeting-2023/>. For ASM-related queries, please send an email to psbasbm@psbank.com.ph or contact the Office of the Corporate Secretary at 8885-8208 local 8180/8535. For account updating/validation concerns, please get in touch with PSBank's Stock Transfer Agent, Metrobank Trust Banking Group (Attention: Ma. Kristina Lara S. Reyes or Ma. Annette Valene A. Bautista), through 8857-5694 to 95 or via email to kris.reyes@metrobank.com.ph or annette.bautista@metrobank.com.ph.

EXPLANATION AND RATIONALE OF AGENDA ITEMS

1. Call to Order

The Chairman will welcome stockholders and guests to formally begin the 2023 Annual Stockholders' Meeting of PSBank.

2. Certification on Notice and Quorum

The Corporate Secretary will certify that the Notice of Meeting has been duly sent and circulated via appropriate disclosures and publications pursuant to the regulations of the Securities and Exchange Commission (SEC) for the purpose of informing the stockholders of record. The Corporate Secretary will further announce whether or not a quorum is present constituting two-thirds of the outstanding capital stock.

3. Approval of the Minutes of the Annual Stockholders' Meeting held on April 25, 2022

The stockholders will be requested to approve the minutes of the Annual Stockholders' Meeting held on April 25, 2022, which contain, among others, the (a) Annual Report to Stockholders, (b) Confirmation of all acts of the Board of Directors, Management and all Committees, (c) Election of the members of the Board of Directors and (d) Appointment of the External Auditor.

Resolution to be Adopted: Stockholders will vote for the adoption of a resolution approving the minutes of the April 25, 2022 Annual Stockholders' Meeting.

4. Presentation of the President's Report and the PSBank's Audited Financial Statements (AFS) as of December 31, 2022

The President will render his Annual Report on the Bank's activities, business and financial performance in 2022. It includes the summary of the AFS which is incorporated in the Definitive Information Statement for dissemination to stockholders of record within prescribed period and in a manner pursuant to the SEC rules. Due to logistical limitations of the meeting conducted virtually, voting and open forum/discussion will not be possible during the virtual meeting. However, a stockholder, once validated/registered, will be given an opportunity to raise any relevant questions or express an appropriate comment limited to the agenda items by sending an email to psbasbm@psbank.com.ph not later than April 21, 2023 in order to be noted and addressed accordingly.

Resolution to be Adopted: Stockholders will vote for the adoption of a resolution noting and approving the President's Annual Report for 2022 and the Bank's Audited Financial Statements as of December 31, 2022.

5. Confirmation of all Acts of the Board of Directors, Management and All Committees in 2022

The stockholders will be requested to confirm all acts, transactions and resolutions of the Board of Directors, including transactions with the Bank's DOSRI and other related parties, Management and all Committees during the year 2022.

Resolution to be Adopted: Stockholders will vote for the adoption of a resolution confirming the acts of the Board of Directors and all Committees during the year 2022.

6. Election of the Members of the Board of Directors

The Corporate Governance Committee will present nominees for election as members of the Board of Directors, including independent directors. This is in compliance with regulatory requirements of the Bangko Sentral ng Pilipinas and the Securities and Exchange Commission on the nomination of directors, and upon review and evaluation by the Corporate Governance Committee of the qualifications of all persons nominated to the Board.

Resolution to be Adopted: Stockholders will vote for the adoption of a resolution for the election of the members of the Board of Directors, including independent directors, for 2023-2024.

7. Appointment of the External Auditor

As endorsed by the Audit Committee and approved by the Board of Directors, the stockholders will be requested to confirm the appointment of the selected External Auditor for 2023.

Resolution to be Adopted: Stockholders will vote for the adoption of a resolution for the appointment of said auditing firm as independent external auditor of the Bank for 2023.

8. Other Matters

Other relevant matters or issues may be taken up during the meeting. Any relevant questions or comments received by the Office of the Corporate Secretary via email within the prescribed period given to registered stockholders shall be acknowledged, noted and addressed accordingly.

9. Adjournment

Upon determination that there are no other matters to be considered, the Chairman shall declare the meeting adjourned. The meeting proceedings shall be recorded in audio and video format to be safekept by the Office of the Corporate Secretary and shall be made available in a secured manner to stockholders upon request by sending an email to psbasn@psbank.com.ph.

PROXY

I, _____ do hereby nominate, constitute and appoint _____ as my proxy and representative at the Annual Meeting of Stockholders of Philippine Savings Bank (PSBank) to be held on **April 27, 2023**, with authority to participate in the deliberations thereof, and to vote in my behalf all the shares standing in my name for the election of directors and/or approval of transactions included in the Agenda or any related matter or any adjournment thereof.

In witness whereof, I have signed on _____ (date) at _____ (place).

Name of Stockholder : _____

Signature : _____

This form is being provided for your convenience. Stockholders who wish to do so may adopt the above proxy form.

In case you cannot attend the virtual meeting and you wish to be represented, you may designate your authorized representative by submitting a proxy instrument on or before April 13, 2023 via email to psbasn@psbank.com.ph. If so preferred or if no name is indicated, the Chairman of the Meeting shall act as the proxy.

THIS PROXY FORM NEED NOT BE NOTARIZED.

PART I. INFORMATION STATEMENT

A. GENERAL INFORMATION

Item 1. Date, Time and Place of Meeting of Security Holders

Date : April 27, 2023, Thursday
Time : 3:00 PM
Platform : Virtual meeting via secure online meeting platform (CISCO WEBEX)

Mailing address of the principal office:
PSBank Center
777 Paseo de Roxas cor. Sedeño St., Makati City 1226

Approximate date on which copies of the Information Statement are first to be given to security holders:
April 3, 2023

<p>WE ARE NOT ASKING YOU FOR A PROXY AND YOU ARE REQUESTED NOT TO SEND US A PROXY.</p>

Item 2. Dissenters' Right of Appraisal

There is no matter or proposed action in the Agenda which may give rise to the exercise by the security holders of their right of appraisal. Generally, however, the right of appraisal should be exercised in instances and in accordance with the procedures mentioned in the Sec. 80-82 and other applicable sections of the Revised Corporation Code of the Philippines.

The appraisal right may be exercised by any stockholder who shall have voted against the proposed corporate action, by making a written demand on the corporation for the payment of the fair value of shares held within thirty (30) days from the date on which the vote was taken: Provided, That failure to make the demand within such period shall be deemed a waiver of the appraisal right. If the proposed corporate action is implemented, the corporation shall pay the stockholder, upon surrender of the certificate or certificates of stock representing the stockholder's shares, the fair value thereof as of the day before the vote was taken, excluding any appreciation or depreciation in anticipation of such corporate action.

If, within sixty (60) days from the approval of the corporate action by the stockholders, the withdrawing stockholder and the corporation cannot agree on the fair value of the shares, it shall be determined and appraised by three (3) disinterested persons, one of whom shall be named by the stockholder, another by the corporation, and the third by the two (2) thus chosen. The findings of the majority of the appraisers shall be final, and their award shall be paid by the corporation within thirty (30) days after such award is made: Provided, That no payment shall be made to any dissenting stockholder unless the corporation has unrestricted retained earnings in its books to cover such payment: Provided, further, That upon payment by the corporation of the agreed or awarded price, the stockholder shall forthwith transfer the shares to the corporation.

Item 3. Interests of Certain Persons in or Opposition to Matters to be Acted Upon

Other than election to office, there is no matter to be acted upon in which any director, executive officer, or nominee for election as director (or any associates of the foregoing), is involved or has a direct, indirect or substantial interest. There is also no incumbent director who has informed the Bank in writing that he intends to oppose any action to be taken at the Annual Stockholders' Meeting.

B. CONTROL AND COMPENSATION INFORMATION

Item 4. Voting Securities and Principal Holders Thereof

- a) No. of Shares outstanding as of February 28, 2023 : **426,859,416 Common Shares**
 No. of votes to which each share is entitled : **one (1) vote per share**
- b) Record date to determine stockholders entitled to Notice and to vote at the regular meeting : **March 10, 2023**
- c) Election of Directors:

Majority vote is required for the election of directors. Security holders shall have the right to cumulative voting. Cumulative voting is allowed provided that the total votes cast by a stockholder shall not exceed the number of shares registered in the name of that security holder in the books of the Bank as of the record date multiplied by the whole number of directors to be elected. There is no condition precedent to the exercise of the right to cumulative voting.

d) Arthur V. Ty is the person authorized to vote the MBTC shares in PSBank.

e) Security Ownership of Certain Record and Beneficial Owners and Management

(1) Security Ownership of Certain Record and Beneficial Owners

As of February 28, 2023, the following stockholder owns more than 5% of the common voting securities:

** Company listed at The Philippine Stock Exchange, Inc.*

None of the Bank's directors and officers works with the government. All of the above-mentioned officers have been involved in the banking industry for more than five years.

c. Significant Employees

Except for the above-mentioned executives, there are no other significant employees as contemplated under the Securities Regulations Code.

Nomination Procedures

1. A stockholder may submit nominations for directorial positions to the Corporate Governance Committee.
2. The nominating stockholder shall submit his proposed nomination in writing to the Corporate Governance Committee together with the biodata, acceptance and conformity by the would-be nominee. In case of a nominee for the position of an independent director, the would-be nominee is also required to submit a Certification that he/she has all the qualifications and none of the disqualifications to become an independent auditor.
3. The Corporate Governance Committee shall screen the nomination of directors prior to the submission of the Definitive Information Statement and come up with the Final List of Candidates.
4. Only nominees whose names appear in the Final List of Candidates shall be eligible for election as director.
5. The nomination process of the Bank is incorporated in the company's amended Code of By-Laws duly approved by the Securities and Exchange Commission as early as September 27, 2006 and also in the Bank's annually updated and Board-approved Corporate Governance Manual.

The following are the members of the Bank's Corporate Governance Committee:

* Company listed at The Philippine Stock Exchange, Inc.

All nominations were submitted, evaluated and approved by the Bank's Corporate Governance Committee. As such, all nominees possess the qualifications and none of the disqualifications to become directors of the Bank for 2023-2024.

Of the above-named nominees, Messrs. Eduardo A. Sahagun, Francisco S. Magsajo, Jr., Higinio O. Macadaeg, Jr. and Rufino Luis T. Manotok have been nominated as Independent Directors by Ms. Jeanne Frances T. Chua, Ms. Dulce D. Arcebal, Mr. Joaquin Aligguy and Ms. Yolanda L. dela Paz, respectively, with whom they are not related. Based on the Bank's Manual of Corporate Governance and as required by existing laws and regulations, the stockholders must elect at least three (3) members of the Board or such number as may constitute one-third (1/3) of the members of the Board, whichever is higher, as Independent Directors.

Messrs. Sahagun, Magsajo, Macadaeg and Manotok possess the qualifications and none of the disqualifications to become independent directors.

Legal Proceedings

To the knowledge and information of the Bank, none of its directors and executive officers are involved or have been involved for the past five (5) years in any legal proceeding which will have material or substantial effect to the Bank, its operation, reputation, or financial condition.

To the knowledge and information of the Bank, none of its directors and executive officers have been involved or subject of the following legal proceedings during the past five (5) years up to latest date that are material to an evaluation of their ability or integrity:

- (a) Any bankruptcy petition filed by or against any business of which such person was a general partner or executive officer either at the time of the bankruptcy or within two years prior to that time;
- (b) Any conviction by final judgment, in a criminal proceeding, domestic or foreign, or being subject to a pending criminal proceeding, domestic or foreign;
- (c) Being subject to any order, judgment, or decree, not subsequently reversed, suspended or vacated, of any court of competent jurisdiction, domestic or foreign, permanently or temporarily enjoining, barring, suspending or otherwise limiting his involvement in any type of business, securities, commodities or banking activities; and
- (d) Being found by a domestic or foreign court of competent jurisdiction (in a civil action), the Commission or comparable foreign body, or a domestic or foreign Exchange or other organized trading market or self-regulatory organization, to have violated a securities or commodities law or regulation, and the judgment has not been reversed, suspended, or vacated.

Certain Relationships and Related Transactions

As required under existing BSP rules and regulations, the Bank discloses loans and other credit accommodations granted to its DOSRI. These loans and other credit accommodations were made substantially on the same terms as with other individuals and businesses of comparable risks and were subject of prior BOD approval and entailing BSP reportorial requirements.

Existing banking regulations also limit the total amount of credit exposure to each of the Bank's DOSRIs, at least 70.00% of which must be secured, to the total of their respective deposits and book value of their respective unencumbered deposits and, if any, book value of their respective paid-in capital contribution in the Bank. In the aggregate, the Bank's total credit exposure to all its DOSRIs should not exceed its net worth or 15.00% of its total loan portfolio, whichever is lower, with any unsecured portion thereof not exceeding the lower between 30.00% of the aggregate limit or of the total actual exposure. However, loans and other credit accommodations to DOSRIs that are secured by assets considered by the BSP as non-risk are exempt from these ceilings. As of December 31, 2022, and 2021, the Bank's credit exposures to DOSRI are within the said regulatory limits.

BSP Circular No. 423 dated March 15, 2004, as amended by BSP Circular No. 914 dated June 23, 2016, provide the rules and regulations governing credit exposures to DOSRI. The following table shows information relating to the loans, other credit accommodations and guarantees classified as DOSRI accounts under regulations existing prior to BSP Circular No. 423 and new DOSRI loans and other credit accommodations granted under said circular as of December 31, 2022 and 2021 (in thousands):

	2022		2021	
	DOSRI Loans	Related Party Loans	DOSRI Loans	Related Party Loans
Total outstanding loans	₱199,011	₱1,154,011	₱201,380	₱1,166,380
Percent of DOSRI/Related Party loans to total loan portfolio	0.18%	1.03%	0.18%	1.03%
Percent of unsecured DOSRI/Related Party loans to total DOSRI/Related Party loans	95.04%	99.15%	94.51%	99.05%
Percent of past-due DOSRI /Related Party loans to total DOSRI/Related Party loans	0.00%	0.00%	0.00%	0.00%
Percent of non-performing DOSRI/Related Party loans to total DOSRI /Related Party loans	0.00%	0.00%	0.00%	0.00%

Total interest income from DOSRI loans amounted to ₱0.6 million in 2022 and 2021, and ₱0.9 million in 2020.

All of the Bank's directors do not have any self-dealing/related party transactions with PSBank directly by themselves in 2022.

Further discussion on transactions with related parties are found in Note 36 of the Audited Financial Statements.

Others

No director has resigned or declined to stand for re-election because of any disagreement with the Bank on any matter relating to the Bank's operations, policies or practices.

No director has informed the Bank in writing that he intends to oppose any action to be taken by the Bank at the Annual Stockholders' Meeting.

Aside from said amounts, they have no other compensation plan or arrangement with the bank. The Directors receive a per diem of ₱150,000 for attending Board meetings and ₱27,000 for Committee meetings. The executive officers receive salaries, bonuses and other usual bank benefits that are also included in the amounts stated above. Aside from these, they have no other compensation plan or arrangement with the bank.

For the protection and security of its directors and officers, the Bank is unable to provide their individual compensation.

There are no warrants or options held by the Bank's officers and directors.

Item 7. Independent Public Accountants

SGV & Co. has acted as the Bank's external auditors since 1979. Ms. Veronica Mae A. Arce has been the certifying partner from SGV and Co. since 2019, in compliance with the 7-year rotation requirement.

The Bank has no disagreements on accounting and financial disclosures with its current external auditors for the same periods or any subsequent interim period.

The Bank intends to retain SGV as its external auditors for the year 2023 and is submitting the same to the stockholders for ratification as endorsed by the Audit Committee with the approval of the Board of Directors.

Representatives of SGV are expected to be present at the Annual Stockholders' Meeting and will have the opportunity to make a statement if they desire to do so and will be available to answer appropriate questions.

Item 8. Financial and Other Information

The Audited Financial Statements of PSBank is attached as **Annex “A”**.

D. OTHER MATTERS

Item 9. Proposed Actions with Respect to Reports

- a. Approval of the Minutes of the Annual Stockholders’ Meeting held virtually on April 25, 2022 at 3:00 p.m. via CISCO WEBEX Livestreaming.

1. CALL TO ORDER

The Chairman of the Board, Mr. Jose T. Pardo, presided over the virtual meeting which he called to order. The Corporate Secretary, Mr. Perfecto Ramon Z. Dimayuga, Jr., recorded the minutes of the meeting. Likewise, the audio/video recordings of the meeting were secured by the Office of the Corporate Secretary.

2. CERTIFICATION OF NOTICE AND QUORUM

Pursuant to applicable Securities and Exchange Commission (SEC) regulations in view of the ongoing COVID-19 pandemic, the Bank conducted its Annual Stockholders’ Meeting (ASM) on April 25, 2022 via remote communication using a secure online meeting platform, Cisco Webex. This was in order to secure the health and safety of the stockholders, board members, management and all others who were involved in this meeting.

The Corporate Secretary, Mr. Perfecto Ramon Z. Dimayuga, Jr., certified that the Notice of Meeting was duly sent and circulated via appropriate disclosures and publications pursuant to the regulations of the Securities and Exchange Commission (SEC) for the purpose of informing the Stockholders of record. The Corporate Secretary further certified that the required quorum was met, as signified by the presence of its stockholders who were in attendance via virtual basis and representing more than two-thirds (2/3) of the outstanding capital stock or 97% of the 426,859,416 common shares outstanding. There was 100% attendance by all nine (9) members of the Board of Directors who had been nominated and elected to their respective positions (see item 6 for the list of directors present).

The Chairman of the Board, Mr. Jose T. Pardo, acknowledged that, there being a quorum, the virtual meeting was duly constituted for the transactions of the business in the agenda.

3. APPROVAL OF MINUTES FOR THE ANNUAL STOCKHOLDERS MEETING HELD ON 26 APRIL 2021

The Chairman proceeded to the next item in the agenda which was the approval of the Minutes of the Annual Stockholders' Meeting held on April 26, 2021, copies of which were posted in the corporate website and included in the Information Statement disseminated accordingly.

The Corporate Secretary stated that, upon tabulation of votes cast, both in absentia and through proxy, a total of 415,612,970 common shares out of the 426,859,416 common shares outstanding, equivalent to 97%, voted in favor of the approval of the Minutes of the Annual Stockholders' Meeting held on April 26, 2021, of which the following resolution was passed and adopted:

RESOLUTION NO. PSB-ASM-2022-01

“RESOLVED, that the Minutes of the Annual Stockholders' Meeting of the Philippine Savings Bank held on April 26, 2021 are hereby approved as recorded.”

4. PRESENTATION AND APPROVAL OF THE PRESIDENT'S REPORT AND THE AUDITED FINANCIAL STATEMENTS FOR 2021

The Chairman turned over the floor to the President, Mr. Jose Vicente L. Alde, who rendered to the stockholders his annual report, including the audited financial statements for the year 2021.

Subsequently, the Corporate Secretary relayed that, upon tabulation of votes cast, both in absentia and through proxy, with 97% or a total of 415,612,970 common shares out of the 426,859,416 common shares outstanding voting in favor and there being no objection, the President's Annual Report and the Audited Financial Statements for the year 2021 were noted and approved accordingly via the following resolution:

RESOLUTION NO. PSB-ASM-2022-02

“RESOLVED, that the President's Annual Report and the 2021 Audited Financial Statements of the Philippine Savings Bank are hereby noted and approved.”

5. CONFIRMATION OF ALL CORPORATE ACTS OF THE BOARD OF DIRECTORS, MANAGEMENT AND ALL COMMITTEES IN 2021

The Chairman continued on with the next item in the agenda which was the confirmation of all corporate acts, transactions and resolutions of the Board of Directors, Management and all Committees during the year 2021, including significant transactions with the Bank's DOSRI and other related parties as indicated in the 2021 Annual Report.

The Corporate Secretary reported that, upon tabulation of votes cast, both in absentia and through proxy, 97% or 415,612,916 common shares out of the 426,859,416 common shares outstanding voted in favor of the confirmation of all corporate acts, transactions and resolutions of the Board of Directors, Management and all Committees during the year 2021, including significant transactions with the Bank's DOSRI and other related parties as indicated in the 2021 Annual Report, of which the following resolution was passed and adopted:

RESOLUTION NO. PSB-ASM-2022-03

“RESOLVED, that all acts, transactions and resolutions of the Philippine Savings Bank's Board of Directors, Management and all Committees done in the ordinary course of business during the year 2021 including, among others, the approval of loans/credit transactions, investments, Bank products and services, and significant transactions with the Bank's DOSRI and other related parties, are hereby confirmed.”

6. ELECTION OF THE MEMBERS OF THE BOARD OF DIRECTORS

The next item in the agenda was the election of the members of the Board of Directors to serve for the year 2022-2023. In compliance with the regulatory requirements of the Bangko Sentral ng Pilipinas (BSP) and the Securities and Exchange Commission (SEC) on the nomination of directors, the Chairman reported that he, being also the Chairman of the Bank's Corporate Governance (CG) Committee, along with Independent Directors Samson C. Lim and Eduardo A. Sahagun as committee members, reviewed and evaluated the qualifications of all persons nominated to the Board, and certified that, based on the records, the following nine (9) nominees, four (4) of whom were nominated as Independent Directors, possess all the qualifications and none of the disqualifications prescribed by law and the regulations:

- 1) Jose T. Pardo (Independent Director)
- 2) Arthur V. Ty
- 3) Vicente R. Cuna, Jr.
- 4) Samson C. Lim (Independent Director)
- 5) Eduardo A. Sahagun (Independent Director)
- 6) Jose Vicente L. Alde
- 7) Ma. Soledad D.S. De Leon
- 8) Rosanna F. De Vera
- 9) Francisco S. Magsajo, Jr. (Independent Director)

Considering that there were only nine (9) persons nominated to, and qualified for, the nine (9) seats in the Board of Directors for the year 2022-2023, the Corporate Secretary announced that, upon tabulation of votes cast, both in absentia and through proxy, each of the nine (9) aforementioned nominees for directors received votes equivalent to 97% or at least 415,612,916 common shares out of the 426,859,416 common shares outstanding. Given this, the following resolution on the election of the nine (9) aforementioned nominees was passed and adopted:

RESOLUTION NO. PSB-ASM-2022-04

“RESOLVED, that the following are hereby elected as Directors of the Philippine Savings Bank for the year 2022-2023 and until their successors are duly elected and qualified:

- 1) Jose T. Pardo (Independent Director)
- 2) Arthur V. Ty
- 3) Vicente R. Cuna, Jr.
- 4) Samson C. Lim (Independent Director)
- 5) Eduardo A. Sahagun (Independent Director)
- 6) Jose Vicente L. Alde
- 7) Ma. Soledad D.S. De Leon
- 8) Rosanna F. De Vera
- 9) Francisco S. Magsajo, Jr. (Independent Director)

7. APPOINTMENT OF THE EXTERNAL AUDITOR FOR THE YEAR 2022-2023

The Chairman moved on to the next item in the agenda which was the appointment of the Bank's external auditor for 2022-2023.

The Chairman mentioned that Sycip Gorres Velayo & Co. (or “SGV & Co.”) had been recommended by the Audit Committee and the Board of Directors for re-appointment as the Bank's external auditor for 2022-2023.

In consideration of the recommendation made by the Audit Committee and the Board of Directors' approval of the same, and with the tabulation of votes cast, both in absentia and through proxy, the Corporate Secretary reported that 97% or a total of 415,612,970 common shares out of the 426,859,416

common shares outstanding voted in favor of the re-appointment of Sycip Gorres Velayo & Co. (or “SGV & Co.”) as the Bank’s external auditor for 2022-2023, of which the following resolution was passed and adopted:

RESOLUTION NO. PSB-ASM-2022-05

“RESOLVED that, as recommended by the Audit Committee and approved by the Board of Directors, Sycip Gorres Velayo & Co. (or “SGV & Co.”) is, hereby, re-appointed as the Philippine Savings Bank’s External Auditors for the year 2022-2023.”

8. OTHER MATTERS

The Corporate Secretary said that, since no relevant questions or comments were received from the stockholders within the prescribed period in accordance with the Bank’s procedures on the conduct of meeting via remote communication, there were no other items to be discussed aside from the aforementioned agenda matters taken up.

9. ADJOURNMENT

The Chairman acknowledged that, there being no other business to transact, the meeting was adjourned. On behalf of the Board of Directors, the Chairman expressed gratitude for the continued support and trust from the Bank’s stockholders. Moreover, the Chairman conveyed appreciation on the stockholders’ understanding of the Bank’s use of the virtual platform in consideration of the COVID-19 pandemic as the Bank continuously ensures the safety, health and well-being of its employees, customers and stakeholders.

- b. Presentation and Approval of the President’s Annual Report and the Bank’s Audited Financial Statements as of December 31, 2022.

The President’s Annual Report on the Bank’s activities, business and financial performance for year-end 2022, including the Bank’s Audited Financial Statements as of December 31, 2022, will be presented for notation and approval of the stockholders. Please refer to Item 8. “Financial and Other Information”.

- c. Confirmation of All Acts of the Board of Directors, Management and All Committees

All acts, transactions and resolutions of the Board of Directors, Management and all Committees done in the ordinary course of business during the year 2022 including, among others, the approval of loans/credit transactions, investments, Bank products and services, and transactions with the Bank’s DOSRI and other related parties, will be presented for confirmation of the stockholders.

- d. Election of the Members of the Board of Directors

The Members of the Board of Directors of the Bank for the year 2023-2024 are to be elected to hold office until the next succeeding annual meeting, and/or until their respective successors have been duly elected and qualified. Please refer to the list of nominees under Item 5. “Directors and Executive Officers - Nominee Directors” for details.

- e. Appointment of the External Auditor

The re-appointment of SGV & Co. as independent external auditor of the Bank for 2023-2024 will be presented for confirmation of the stockholders. Please refer to the Item 7. “Independent Public Accountants” for details.

Item 10. Voting Procedures

- a. Majority vote is required for the following:
 - i. Approval of the Minutes of the Annual Meeting of Stockholders
 - ii. Confirmation of all corporate acts of the Board of Directors, the Management and all committees including significant transactions with the Bank's Directors, Officers, Stockholders & their Related Interests (DOSRI) and other related parties
 - iii. Appointment of External Auditors
- b. Majority vote is required for the election of members of the Board of Directors. Nominees receiving the highest number of votes shall be declared elected following the provisions of the Corporation Code.
- c. Every stockholder entitled to vote on the particular question or matter involved shall be entitled to one vote (1) vote for each share of stock in his name. Cumulative voting is allowed provided that the total votes cast by a stockholder shall not exceed the number of shares registered in his name in the books of the bank as of the record date multiplied by the whole number of directors to be elected. Matters submitted to stockholders for ratification shall be decided by the required vote of stockholders present, in person or by proxy.
- d. A stockholder can exercise his vote at the meeting or remotely (in absentia or through proxy).

Pursuant to applicable regulations of the Revised Corporation Code which allow voting in absentia by the stockholders, an online link may be accessed by the verified stockholders to register and/or vote in absentia on the matters for resolution at the meeting. A stockholder who votes in absentia shall be deemed present for purposes of quorum. Please refer to Item 12 - Participation of Shareholders by Remote Communication for the applicable instructions for voting in absentia or through proxy.

- e. All votes will be counted by the Office of the Corporate Secretary, to be assisted by the Bank's stock transfer agent, Metrobank Trust Banking Group, and validated by SGV & Co.

Item 11. Participation of Shareholders by Remote Communication

To comply with applicable regulations and to ensure the safety and welfare of our stockholders, the Bank shall allow attendance by remote communication, voting in absentia and through proxy. The following are the corresponding requirements and procedures for participation by remote communication:

PARTICIPATION BY REMOTE COMMUNICATION, VOTING IN ABSENTIA AND THROUGH PROXY

A. Attendance by Remote Communication and Voting in Absentia and through Proxy

1. Stockholders intending to participate by remote communication and/or voting in absentia should notify the Office of the Corporate Secretary through a Letter of Intent (LOI) to be sent via e-mail to psbasm@psbank.com.ph on or before April 13, 2023, complete with the following requirements for validation purposes:
 - 1.1 Indicate the following required information:
 - 1.1.1 Complete Registered Name
 - 1.1.2 Complete Registered Residential/Mailing Address
 - 1.1.3 Active e-Mail Address
 - 1.1.4 Active Mobile #
 - 1.1.5 Active Landline #
 - 1.2 Attach the following documents (e- copy/scanned copy):
 - 1.2.1 Valid government-issued ID with photo and signature (scanned front and back)

- 1.2.2 Proof of Ownership, such as, but not limited to, the following:
 - a) Stockholder's certificate (for certificated shares); or
 - b) Broker's certification (for scripless or uncertificated shares); or
 - c) Secretary's certificate for authorized representative (for corporate)
 - 1.2.3 Other supporting document, as applicable
2. In case a stockholder cannot attend the virtual meeting and wishes to be represented, said stockholder shall designate an authorized representative ("Proxy") by submitting the following additional documents, aside from the requirements as enumerated under items 1.1 and 1.2 above, on or before April 13, 2023 via email to psbasbm@psbank.com.ph, for validation purposes:
 - 2.1 Duly-accomplished proxy form/instrument (If so preferred or if no name is indicated, the Chairman of the Meeting shall act as the proxy.)
 - 2.2 Valid government-issued ID with photo and signature of the designated Proxy (scanned front and back)
 3. The Office of the Corporate Secretary shall forward the email containing the LOI and its attachments to the Bank's stock transfer agent, Metrobank Trust Banking Group. The validation process will be completed by the stock transfer agent no later than three (3) business days from its receipt of the LOI. The Bank's stock transfer agent reserves the right to request for additional information and documents, as needed/necessary. Moreover, for general welfare and in the interest of time, electronic signature for the required documents shall be allowed while notarization requirement shall not be compulsory and may be considered once practicable.
 4. Once validated/verified, a stockholder shall be provided a confirmation correspondence with secure links for virtual meeting registration and voting in absentia. For security purposes, the confirmation correspondence which include access credentials, links and instructions for participation through remote communication and voting in absentia shall only be sent to the stockholder's email address, and if necessary, notification shall be sent to the stockholder's mobile number as provided per item 1.1 above. It is the duty of the stockholder to securely provide the information on access credentials and instructions to his/her Proxy, as needed/applicable.
 - 4.1 A verified stockholder or his/her Proxy shall have to access the corresponding link in order to be able to join the virtual meeting on the ASM day.
 - 4.2 A verified stockholder or his/her Proxy may cast his/her vote for each of the agenda items through the secure voting link provided in the confirmation correspondence. Deadline to vote in absentia through its corresponding link is on April 21, 2023. Beyond this date, stockholders may no longer avail of the option to vote in absentia. The Office of the Corporate Secretary shall then tabulate all votes, to be assisted by the Bank's stock transfer agent, Metrobank Trust Banking Group, and validated by SGV & Co. The Corporate Secretary shall report the results of voting during the meeting. For information on counting and tabulation of votes, please refer to "Item 11. Voting Procedures" of this Information Statement.

B. Participation and Determination of Quorum and Votes

1. Only those stockholders who have notified the Company of their intention to participate in the Meeting via remote communication, including those who voted in absentia and by proxy, will be considered in the determination of quorum at the meeting. By participating remotely, a stockholder shall be deemed present for purposes of quorum.
2. Due to logistical limitations of the meeting conducted virtually, voting and open forum/discussion will not be possible during the virtual meeting. However, a stockholder (or through his/her Proxy), once verified, will be given an opportunity to raise any relevant questions or express an appropriate comment in relation to the agenda items by sending an email to psbasbm@psbank.com.ph not later than April 20, 2023. Any relevant questions or comments

received by the Office of the Corporate Secretary via email within the prescribed period given to verified stockholders shall be properly acknowledged, noted and addressed accordingly.

3. The Office of the Corporate Secretary shall take down minutes of the meeting accordingly and shall note all comments and other relevant matters discussed covering the agenda of the meeting. The meeting proceedings shall be recorded in audio and video format to be safekept by the Office of the Corporate Secretary and shall be made available in a secured manner to stockholders upon request by sending an email to psbasbm@psbank.com.ph.
4. The Office of the Corporate Secretary shall ensure confidentiality of all votes for tabulation, including those cast in absentia and by proxy, with assistance from the Bank's stock transfer agent, Metrobank Trust Banking Group, and for validation by SGV & Co. The Corporate Secretary shall report the results of voting during the meeting. For information on counting and tabulation of votes, please refer to "Item 11. Voting Procedures" of this Information Statement.

**** All participants are requested to adhere to the Bank's Confidentiality and Data Privacy guidelines for the meeting which shall be posted in the ASM-related page of the corporate website.**

For ASM-related matters, please go to <https://www.psbank.com.ph/annual-stockholders-meeting-2023/>. For ASM-related queries, please send an email to psbasbm@psbank.com.ph or contact the Office of the Corporate Secretary at 8885-8208 local 8180/8535. For account updating/validation concerns, please get in touch with PSBank's Stock Transfer Agent, Metrobank Trust Banking Group (Attention: Ma. Kristina Lara S. Reyes or Ma. Annette Valene A. Bautista), through 8857-5694 to 95 or via email to kris.reyes@metrobank.com.ph or annette.bautista@metrobank.com.ph.

PART II. MANAGEMENT REPORT

Brief Description and General Nature and Scope of Business of Registrant

Philippine Savings Bank (the Bank) was incorporated in the Philippines primarily to engage in savings and mortgage banking. The Bank's shares are listed in the Philippine Stock Exchange (PSE). The Bank offers a wide range of products and services such as deposit products, loans, treasury and trust functions that mainly serve the retail and consumer markets. On September 6, 1991, the Bank was authorized to perform trust functions.

As of December 31, 2022 and 2021, the Bank had 250 branches. In 2022, the Bank had 271 Automated Teller Machines (ATMs) in the branches (on-site) and 286 in other locations (off-site) bringing its total number of ATMs to 557 as of December 31, 2022 and 547 as of December 31, 2021.

The Bank's original Certificate of Incorporation was issued by the Securities and Exchange Commission (SEC) on June 30, 1959. On March 28, 2006, the Board of Directors (BOD) of the Bank approved the amendment of Article IV of its Amended Articles of Incorporation to extend the corporate term of the Bank, which expired on June 30, 2009, for another 50 years or up to June 30, 2059. This was subsequently approved by stockholders representing at least two-thirds of the outstanding capital stock of the Bank on April 25, 2006. The Amended Articles of Incorporation was approved by the SEC on September 27, 2006.

On April 27, 2010, by majority vote of the BOD and by stockholders representing two-thirds of the outstanding capital stock, the amendment of Article VI of its Amended Articles of Incorporation reducing the number of directors from a maximum of eleven (11) to a maximum of nine (9) has been approved. This was approved by the SEC on August 26, 2010.

On March 24, 2014, the BOD approved Article III of Articles of Incorporation to specify its principal address from Makati City to PSBank Center, 777 Paseo de Roxas corner Sedeño Street, Makati City 1226. The Amended Articles of Incorporation was approved by the SEC on December 22, 2014.

On November 20, 2019, the SEC approved the amendment to the Articles of Incorporation (AOI) on the increase in authorized capital stock of the Bank from ₱4,250,000,000.00 divided into 425,000,000 common shares with a par value of ₱10.00 per share to ₱6,000,000,000.00 divided into 600,000,000 common shares with a par value of ₱10.00 per share. The increase in authorized capital stock was intended to provide the Bank more flexibility for any potential business opportunities in the future that would need sufficient authorized and unissued shares that can be issued promptly. In order to satisfy the mandated subscription requirement in relation to the Bank's increase in authorized capital stock, the Bank declared and paid stock dividends on February 21, 2020 in the amount of ₱437,500,000.00 equivalent to 43,750,000 common shares with par value of ₱10.00 per share. The shares that were given as stock dividends to the shareholders were taken from the shares created pursuant to the increase in authorized capital stock. The said increase in Capital Stock with corresponding amendment in the Articles of Incorporation was approved initially by the Board of Directors on 18 March 2019 and subsequently by the stockholders during the PSBank Annual Stockholders' Meeting held on 15 April 2019.

As of December 31, 2022 and 2021, Metropolitan Bank & Trust Company (MBTC), the Bank's ultimate parent, owned eighty-eight percent (88%) of the Bank.

Market Price Information

PSBank common shares were listed in the Philippine Stock Exchange (PSE) in 1994. The shares are traded under the symbol "PSB".

The high and low sales prices of the Shares as reported in the PSE for each quarter in the years ending December 31, 2022 and 2021 and subsequent interim periods were as follows:

	Highest	Lowest
2023:		
January 31	₱57.00	₱56.50
February 28	55.10	55.10

	Highest	Lowest
2022:		
First quarter	58.20	54.80
Second quarter	58.00	55.00
Third quarter	57.85	55.00
Fourth quarter	59.00	55.00
2021:		
First quarter	56.70	53.00
Second quarter	84.75	53.05
Third quarter	77.00	50.20
Fourth quarter	58.10	55.00

Closing price as of March 23, 2023 was at ₱56.90 per share.

Dividends and Dividend Policy

Dividends to be paid in cash are subject to the approval by a majority of the Board of Directors. Dividends to be paid in the form of stocks require the approval of a majority of the Board and the approval of shareholders representing no less than two-thirds of the Bank's outstanding capital stock. The Dividend Policy of the Bank is presented in Part II. Management Report on Compliance with Leading Practices on Corporate Governance.

Dividends Paid and Proposed

Details of the Bank's dividend distributions as approved by the Bank's BOD and the BSP follow:

Note: List of Stockholders as of March 10, 2023 (record date) is provided under Annex D.

As of February 28, 2023, public ownership of the Bank was at 10.57%. Of the total shares issued, 2,771,077 shares or 0.65% represents foreign ownership.

COMPLIANCE WITH LEADING PRACTICES ON CORPORATE GOVERNANCE

At PSBank, we believe that the true essence of good corporate governance goes beyond compliance with applicable laws, rules, and regulations, which we regard as a minimum requirement.

Thus, we aim to continually build the trust and confidence of our stakeholders by running our business in a prudent and sound manner, being fair and transparent in all our dealings, providing reliable and better service in response to the ever-growing expectations of our customers, and working with integrity and accountability.

CORE GOVERNANCE POLICIES

Our updated Corporate Governance Manual contains the policies and guidelines that we follow. The Manual is posted on our website, www.psbank.com.ph, and on our intranet site, InfoChannel, for the guidance of all our stakeholders. The policies and guidelines primarily revolve around three basic values that we observe:

Fairness

We see to it that we conduct fair dealings with counterparties and other stakeholders. We ensure that such dealings, especially with our related parties, are made in the regular course of our business, and upon mutually favorable terms. Our Board-level Related Party Transactions Committee (RPTC), entirely composed of non-executive directors, and Management-level Related Party Transactions Management Committee (RPTMC), help ensure that our transactions with related parties are conducted at arm's length, and that our resources are not misappropriated.

These are in accordance with our Board-approved Related Party Transactions (RPT) policy and its specific guidelines and handling procedures vis-à-vis set transaction materiality thresholds and exposure limits. Our RPT policy is regularly reviewed and updated on an annual basis. It was last updated in November 2022 to rationalize the transaction materiality thresholds for enterprise loans, clarify basis amounts per type of transaction vis-à-vis the set transaction materiality thresholds, streamline certain processes and realign with parent-Metrobank's latest RPT policy.

Our transaction materiality thresholds for RPTs were set on a per transaction type basis, taking into account the high end of their historical ticket sizes, their nature, and our risk appetite. These thresholds are applied on a per single transaction basis for one-time or non-recurring transactions, or the aggregate amount of multiple transactions expected in a year for some arrangements with recurring/continuing transactions. Except for loan transactions to Directors, Officers, Stockholders, and their Related Interests (DOSRI), as well as to subsidiaries and affiliates requiring prior approval of the Board of Directors under existing Bangko Sentral ng Pilipinas (BSP) rules regardless of their amounts, RPTs with amounts within these thresholds are subject to the review and approval of the Management-level RPTMC and endorsement of the Board-level RPTC for the Board of Directors' confirmation. On the other hand, those beyond such thresholds are considered "material" and shall pass through the Board-level RPTC for review and endorsement for Board approval prior to their consummation and for stockholders' confirmation in the Annual Stockholders' Meeting.

In 2022, the following material RPTs were entered into between the Bank and its related parties (see material RPTs table on the next page and Note 29 of the Audited Financial Statements).

Related Parties	Relationship	Nature of Transaction	Terms & Conditions	In Millions of PhP

Our RPT policy likewise requires our directors and officers with personal interest in our transaction (e.g., they themselves or any of their close family members act as our counterparty) to inhibit or abstain from the discussion, approval, and management of such a transaction, except to provide material information to the RPTC or Board about the transaction. Provisions against conflict of interest situations are also stipulated in our Board approved "Code of Conduct" such as the prohibition of self-dealing transactions.

Pursuant to Memorandum Circular No. 10 s2019 of the Securities and Exchange Commission (SEC), or the "Rules on Material Related Party Transactions for Publicly-Listed Companies," the Bank also adopted since August 2019 a Board-approved Material Related Party Transactions (MRPT) policy that exclusively applies to

related party transaction(s) amounting to at least 10% of its Total Assets based on its latest Audited Financial Statement (AFS), either individually or in aggregate over a 12-month period with the same related party. Save for a few differences in terms of scope, approval, reportorial and disclosure requirements, this separate policy espouses the same key principles in handling related party transactions and is likewise posted in our corporate website and intranet site.

We also ensure that our stockholders are treated equally and without discrimination by preserving stockholders' rights and protecting our minority stockholders' interests, including the latter's right to nominate candidates to our Board of Directors.

Integrity and Accountability

We uphold at all times the value of honesty as the best policy. We believe that our reputation precedes us in the business of trust and confidence. We continue to enhance a working culture of integrity, guided by a Code of Conduct that defines the standards that we must follow in our business dealings and relationships.

Code of Conduct

The Code of Conduct, which was updated and approved by the Board in 2022, is our guide in defining the norms, rules, and responsibilities of each and every PSBanker. It includes provisions on:

- Disciplinary process;
- General policies to establish a professional working environment and secure a favorable reputation for the Bank;
- Corrective measures for unacceptable behavior or failure to comply with our rules, such as on Financial Consumer Protection, Anti-Money Laundering/Terrorism Financing, and Data Privacy, and our other policies and procedures;
- Schedule of penalties for attendance and punctuality, required corporate attire, conduct and behavior, dishonesty, health, safety, and security, reporting of violations, and information security and data privacy, among others; and,
- Provisions on management of personal finances, conflict of interest, anti-bribery and corruption, anti-sexual harassment, non-disclosure of information, and insider information.

Insider Trading

Under our Policy Against Insider Trading, reporting insiders are required to disclose their and their associates' initial beneficial ownership in PSBank shares and any changes thereof on the next trading day after their election/appointment and from the date of changes thereof, respectively. They are likewise prohibited from selling or buying PSBank shares during "blackout periods," i.e., upon obtaining material on non-public information up to two trading days after such information is disclosed.

The Bank did not have any trading transactions with reporting insiders and/or their associates in 2022. Directors' level of share ownership and movements throughout 2022 are summarized in the table below:

#	Name of Director	Position	Rollforward of Common Shares					
			Beginning		Movements		End	
			12/31/2021	%	Additions	Deductions	12/31/2022	%
1	Jose T. Pardo	Chairman and Independent Director	2,063	0.000483	-	-	2,063	0.000483

9	Rosanna F. De Vera	Director	111	0.000026	-	-	111	0.000026
	Total		4,459,642	1.044756	-	-	4,459,642	1.044756

Whistleblowing

PSBank's whistleblowing policy requires our employees to report immediately any impropriety or malpractice committed by co-employee/s or third party/ies to their group heads or directly to Human Resources, Internal Audit, Compliance, or Fraud Management for evaluation if it would warrant an investigation. Under the Code of Conduct, concealment or non-reporting is considered as an impropriety or malpractice in itself. The whistleblower is protected from any form of harassment as a result of any disclosure which was made in good faith believing the disclosure to be true and was not made maliciously or for personal gain. The policy considers any attempt to determine the whistleblower's identity as a breach of confidentiality which is subject to disciplinary sanctions.

The Bank has whistleblowing hotlines such as iag-expose@psbank.com.ph and fire@psbank.com.ph which can only be accessed by the Internal Audit Group Head and by the Fraud Management Group Head, respectively.

Anti-Money Laundering/Combating Financing of Terrorism (AML/CFT)

PSBank subscribes to and adopts the State's policy to protect the integrity and confidentiality of accounts and to ensure that it shall not be used as a money laundering/terrorism financing site and/or conduit for the proceeds of unlawful activities; and life, liberty and property from acts of terrorism by condemning such acts and those who support and finance it as a crime against the Filipino people, against humanity and against the law of nations.

We ensure that we execute transactions with our customers in accordance with the AML/CFT policy guidelines, procedures, tools, and controls set forth in our regularly updated Money Laundering & Terrorism Financing Prevention Program (MLTFPP).

Our MLTFPP, as posted in our intranet site for the guidance of all our implementing personnel, primarily revolves around the following basic AML/CFT controls required under existing AML/CFT laws, rules and regulations:

1. Know Your Customer (KYC)/Customer Due Diligence (CDD) and Know Your Employee (KYE)
2. Ongoing Monitoring of Customers and their Transactions
3. Covered and Suspicious Transactions Reporting
4. Records Keeping and Retention
5. Employee Training and Continuing Education

Our MLTFPP was last updated in September 2022 to include the Bank's API-based third party sanction screening solution as source of external adverse records that is interfaced with its Integrated Customer Data Bank (ICDB) system, incorporate the various CO AML advisories issued and revise the scope of Designated Non-Financial Businesses & Professions (DNFBPs) per AMLC Regulatory Issuance (ARI) No. 03 Series of 2021. Compliance with the requirements of this MLTFPP is continuously monitored by our Board-designated AML Compliance Officer (AMLCO) as lead implementer under the Compliance Office.

Transparency and Open Communication

As a publicly listed company and a responsible financial institution, we abide by the various disclosure requirements of the BSP, the SEC, and the Philippine Stock Exchange (PSE). We ensure that we are transparent to our stakeholders by posting the latest public disclosures on the Investor Relations section of our website and in our press releases. In compliance with SEC Memorandum Circular No. 11 s2014, we regularly update our website to include all required disclosures in accordance with the SEC-prescribed web template for our stakeholders to readily check our corporate governance practices.

We also maintain an open communication line and use feedback from our stakeholders to develop better policies, products, and services. We likewise accommodate requests for information on the management of our Bank, stockholders' rights, or any other Bank-related matters, while remaining mindful of disclosure limitations under existing laws on the secrecy of bank deposits and data privacy.

Our Corporate Governance Manual (CGM) serves as a valuable guide and reference in our implementation of corporate governance rules and regulations, and standards of both the BSP and the SEC. Our CGM is reviewed on an annual basis and was last updated in September 2022 to incorporate the pertinent provisions of SEC Memorandum Circular No. 4 Series of 2022 pursuant to Sections 26 and 27 of the Revised Corporation Code (RCC) with respect to the grounds for director/officer disqualifications and removal procedures as well as to include an Anti-Bribery and Corruption Policy as patterned after that of parent-Metrobank.

Financial Consumer Protection

With customers at the forefront of our priorities and incompliance with BSP Circular No. 857 as amended by BSP Circular No. 1048 (BSP Regulations on Financial Consumer Protection), our corporate governance system and culture includes a Financial Consumer Protection (FCP) Framework to ensure that consumer protection standards and practices are duly observed and embedded in our business operations.

This framework comprises FCP Policies and Procedures, FCP Code of Conduct, Consumer Assistance Management System, FCP Training Program, FCP Risk Management System, FCP Compliance Program, FCP Audit Program, and Financial Consumer Education and Awareness Program. The framework revolves around the core principles of consumer protection, namely:

1. Disclosure and transparency
2. Protection of client information
3. Fair treatment
4. Effective recourse
5. Financial education and awareness

This FCP Framework is currently undergoing review and updating to align with the amended FCP rules & regulations per BSP Circular No. 1160 pursuant to the recently enacted Republic Act No. 11765 otherwise known as “The Financial Products and Services Consumer Protection Act”.

The Board of Directors, jointly with the senior management, is ultimately responsible in establishing an effective oversight over our consumer protection programs as well as in ensuring that consumer protection practices are embedded in our business operations.

As part of our corporate-wide risk management system spearheaded by our Risk Management Office (RMO), an FCP Risk Management System (FCPRMS) is instituted to identify, measure, monitor, and control consumer protection risks (both risks to the financial consumers and the Bank) inherent in our operations.

PSBank aims to differentiate itself from other banks by providing excellent customer experience. Being attentive and proactive to all customer feedback is one of the effective means of doing so. While positive feedback is welcome, we are more vigilant about negative feedback or complaints as they cover areas for improvement. For data analytics purposes, complaints received from clients are lodged in an automated tracking system to manage our defined turnaround time in resolving them and to serve as a database of all customer complaints, including the record of actions taken. This process is implemented in four steps, namely:

- (1) Acknowledgement
- (2) Decision/Disposition by designated senior officers
- (3) Investigation and communication of feedback to the customer concerned
- (4) Resolution of complaint

While all personnel are given access to the system for the reporting of customer complaints and feedback, the investigation and resolution are handled by the following:

- **Service Recovery Team (SRT):** consists of the Consumer Assistance Management Department. The team is responsible for investigation, resolution, and documentation of all customer complaints and feedback received across all channels. The SRT also works with other departments, divisions, or groups in the implementation of interim and long-term resolution (e.g., process improvement efforts, policy revision, system enhancement, personnel training).

- **Designated Senior Officers:** consists of senior officers or group heads tasked to provide decision/disposition to the customer complaint.

- **Emergency Recovery Team (ERT):** All complaints/feedback that are qualified under fraud or those that may be classified as high risk are immediately escalated to the ERT which consists of the executive vice president (EVP), the customer experience and human resource group (CXHRG) head, information technology group (ITG) head, branch banking group (BBG) head, and marketing group (MG) head. Issues requiring PR solutions or those with media impact are also submitted to the PR and corporate communications head.

- **Process Owner Representative:** respondents to the complaint. They can also be subject matter experts who may provide valuable inputs in the immediate resolution of the complaint.

- **Customer Experience (CX) Council:** a top-level advisory and action group of senior officers. The council is composed of holistic organizational leaders who review the biggest issues and recommend actions that will lead to continuous structural improvements.

At the end of each day, all customer issues received are reported to a pool of senior officers, including the president and the executive vice president. The consolidated report is likewise submitted to the RMO on a monthly basis as part of the Key Risk Indicator (KRI) reports.

Each valid complaint arising from a service/process lapse shall have a corresponding one demerit point against the responsible personnel's performance rating.

CUSTOMER INTERACTION: Aside from the branches, we offer other channels for customer interaction. The Customer Experience Operations Division handles loan and deposit inquiries, requests, and complaints coursed through Direct Banking, Call Banking, email, LiveChat, SMS, website, PSBank Online, PSBank Mobile and social media. All these channels are managed 24/7, except for Direct Banking which caters to walk-in clients.

Utilization/engagement per Channel:

NATURE OF TRANSACTION	TOTAL	%
Inquiries	1,102,578	95%

Data Privacy

PSBank respects and values data privacy rights and makes sure that all personal data collected from its data subjects (i.e. employees, clients & customers, suppliers, etc.) are processed in adherence to the principles of transparency, legitimate purpose, proportionality, quality and security in compliance with Republic Act No. 10173 otherwise known as "The Data Privacy Act of 2012", its Implementing Rules and Regulations and the related issuances of the National Privacy Commission (NPC). Our Board-approved Data Privacy Policy encapsulates the privacy and data protection protocols/security measures that need to be observed and carried out within the Bank for specific circumstances (i.e. from collection to destruction) directed towards the fulfilment and realization of the rights of our data subjects and protection of personal data against natural dangers such as accidental loss or destruction, and human dangers such as unlawful access, fraudulent misuse, unlawful destruction, alteration and contamination. It was last updated in December 2022 to articulate on the data subject's consent, the general data privacy principles of transparency, legitimate purpose & proportionality,

the scope and limitations of the Data Privacy Act and the processing of personal information under a data sharing arrangement as against an outsourcing agreement based on National Privacy Commission (NPC) Advisory Opinions; incorporate by way of reference the Bank's new Policy on Retention and Disposal of Records Containing Personal Information; update the Privacy Impact Assessment (PIA) Procedures Manual and make it an annex thereof; include Information Security check and audit on third-party service providers as part of the Bank's Organizational Security Measures; and revise the internal and external incident reporting pursuant to existing NPC and BSP reporting rules, among other updates.

BOARD OVERSIGHT

The Board of Directors sets the corporate governance tone in our organization by ensuring adherence to principles and standards. It is accountable to our stakeholders in running our Bank in a prudent and sound manner to ensure long-term sustainability and success. It is primarily responsible for developing, reviewing, and approving our strategic objectives annually and thereafter monitoring and overseeing the effective implementation with due consideration of our risk strategies, corporate governance and corporate values. It monitors management's performance against set targets and makes sure that appropriate controls and systems of checks and balances are in place and operating effectively.

In 2022, there were nine directors in our Board, four of whom are independent directors, four are non-executive directors, and one is an executive director who is also the President of the Bank. They are all qualified business professionals with the required expertise and experience in directing our strategic path. Their selection was based on their qualifications (i.e., integrity/probity, physical/mental fitness, competence, relevant education/financial literacy/training, diligence and knowledge/experience) without discrimination against gender, age, and ethnic, political, religious, or cultural backgrounds, and therefore achieving diversity in the Board.

In accordance with our By-Laws, directors are elected by the vote of the holders of common stock of the Bank in accordance with Section 23 of the Revised Corporation Code of the Philippines and other pertinent applicable laws. Any stockholder may submit nominations for directorial positions to the Corporate Governance Committee. The Committee then screens the qualifications of the nominees in accordance with screening policies and procedures, and parameters, including alignment with our strategic directions by attaining an optimal mix of skills and talents and balanced board membership.

In identifying or screening potential candidates, the Committee may consult whatever resources it deems appropriate, including but not limited to, referrals from existing directors and officers, recommendations from a third-party search firm or suggestions from stockholders or by checking on the external databases of the Institute of Corporate Directors (ICD) or other professional search firms. Only nominees whose names appear in the final list of candidates are considered for election as directors at the annual meeting of the stockholders.

We have consistently maintained independent directors who provide independent judgment, outside experience, and objectivity. In our nine-seat Board, we have four independent directors, including our board chairman. This is more than the required minimum number of independent directors. We do not have any non-executive director holding a total of more than five board seats in publicly listed companies.

Non-executive directors, including independent directors, meet regularly on an annual basis, other than in meetings of the Audit, Risk Oversight, Corporate Governance and other Board-level committees in the absence of any executive director and senior management, with the external auditor and the heads of internal audit, compliance and risk management functions to scrutinize management's performance particularly in meeting our goals and objectives and to determine the integrity of our internal controls and effectiveness of risk management systems. Further, the Board also meets annually with the Audit Committee without the presence of the president/chief executive officer (CEO) and any other management team members to discuss and resolve any significant issues.

Our chairman provides active leadership by ensuring that our Board and its various committees function effectively, including maintaining a relationship of trust among Board members. Our chairman also ensures that our Board follows a sound decision making process.

Individual directors are tasked to observe the fit-and-proper rule. They are expected to conduct fair business dealings, avoid conflict of interest, and observe confidentiality. They must act honestly, judiciously and in good faith, and uphold the best interest of our Bank and its stakeholders. They must also devote time and attention to

their duties and responsibilities and contribute to our Board's decision-making process. They must exercise independent judgment and have a working knowledge of laws, rules and regulations applicable to our Bank.

All new members of the Board of Directors are furnished with a copy of their duties and responsibilities and are provided with a comprehensive training on corporate governance, as part of the BSP's requirements in confirming elected bank directors. Together with our principal officers, our directors attended in November 2022 an annual refresher program on Corporate Governance via Zoom webinar pursuant to SEC Memorandum Circular No. 20 s2013 and as conducted by the ICD, a SEC-accredited training provider. Topics covered in said webinar are Advanced Corporate Governance Training and AMLA Compliance in the Age of the Digital World.

Our Board has access to our corporate secretary who manages the flow of information to the Board prior to the meetings. The Office of the Corporate Secretary plays a significant role in supporting the Board in discharging its responsibilities as it administers, attends, and prepares the agenda and minutes of Board meetings, and ensures that notices required under the By-Laws are given to all directors and stockholders. In support of the pandemic-related health and safety protocols implemented by the government and the Bank, regular board meetings, including the annual stockholders' meeting and organizational meeting, were conducted via remote communication using a secure online meeting platform and in compliance with related SEC-issued guidelines. Regular Board meetings are also scheduled in advance which are normally set every third Thursday of the month.

Our Board also reviews and approves all policy manuals to ensure that regulatory changes and best practices are included. They have access to a permanent compilation of documents related to past Board activities. They can readily seek clarification from senior management should they have concerns about our Bank or any item submitted for their consideration.

Board Committees

A number of Board-level committees were created to aid our Board in its various tasks to ensure efficiency and provide greater focus. Four of these committees are in charge of governance oversight functions, as follows:

The **Corporate Governance Committee (CGC)** is tasked to assist our Board in fulfilling its duties and responsibilities and monitoring our adherence to the corporate governance principles and guidelines set forth in our Corporate Governance Manual, including the functions formerly assigned to the Nomination Committee and Compensation and Remuneration Committee which were both dissolved and integrated into this committee since 2017. It also oversees the development and effective implementation of our compliance system. The Committee is composed of three directors, all of whom are independent directors, including the committee chairperson. The Committee meets monthly and is supported by our Compliance Office (CO).:

The **Risk Oversight Committee (ROC)** is responsible for the development and oversight of our risk management program. The Committee is composed of three members of the Board of Directors and one non-voting member appointed as adviser. Two or majority of its voting members are independent directors, including its chairperson, who is neither the chairman of the board nor of any other Board-level committee. The ROC members possess a range of expertise and adequate knowledge of our risk exposures, which is needed to develop appropriate strategies for preventing or minimizing losses. The Committee meets monthly and is supported by our Risk Management Office (RMO).

The **AML Oversight Committee (AMLOC)** is tasked to assist our Board in fulfilling its oversight responsibility over our AML compliance management. It ensures that we comply with the provisions of the Anti-Money Laundering Act (AMLA), as amended, its Revised Implementing Rules and Regulations (RIRRs), the provisions of the Anti-Terrorism Act (ATA), the Anti-Financing of Terrorism Act (AFTA), the Strategic Trade Management Act (STMA) and their Implementing Rules and Regulations (IRRs); the regulatory issuances and orders of the Anti-Money Laundering Council (AMLC) and BSP AML/CFT regulations to the end that the Bank shall not be used as a vehicle to legitimize the proceeds of unlawful activity or to facilitate or finance terrorism. The Committee is composed of three directors, of whom two are non-executive directors, including the chairperson and an independent director. The Committee meets monthly and is supported by our Compliance Office (CO).

The **Audit Committee (AuditCom)** is designated to provide independent oversight for our financial reporting process, system of internal control and risk management, internal and external audits, as well as fraud management functions, and monitoring of compliance with Bank policies, applicable laws, rules, regulations,

and Code of Conduct. It is composed of three non-executive directors, all of whom are independent, including the committee chairperson, who is not the chairman of the Board of Directors or of any other Board-level committee. The committee members have accounting, auditing, or related financial management expertise or experience commensurate with the size, complexity of operations and risk profile of the Bank. The Committee meets monthly and as needed, and is supported by our Internal Audit Group (IAG) and the Fraud Management Group ((FMG).

Other Board-level committees are as follows:

The **Executive Committee (ExCom)** is tasked to regularly review and approve credit proposals within its limits. It recommends additional conditions and requirements on loan applications. The Committee is composed of four directors which includes the president, and our credit & collections group head as the Bank's representative.

The **Related Party Transactions Committee (RPTC)** is tasked to assist the Board in ensuring that transactions with related parties are reviewed, appropriate restrictions are followed, and corporate resources are judiciously used. The Committee is composed of three non-executive directors, two or majority of whom are independent directors, including the committee chairperson. It meets monthly and is supported by our Compliance Office (CO).

The **Trust Committee (TrustCom)** is a special committee tasked to be primarily responsible for overseeing the fiduciary activities of the Bank. It is composed of five members: the president, the trust officer, a non-executive director, an independent director, and an independent professional who is the committee chairperson. It meets quarterly, and is supported by our Trust Division.

The attendance records in 2022 for these committees were logged as follows:

SENIOR MANAGEMENT OVERSIGHT

Senior Management. Our senior management team, headed by our president as the chief executive officer (CEO), consists of a core group of senior officers who manage our day-to-day operations and business affairs. They exercise good governance by ensuring that line managers under their respective areas of responsibility execute their activities in a manner consistent with Board-approved policies and strategic directions. These should be aligned with applicable laws, rules and regulations, as well as standards of good practice.

Management Committees. To achieve efficiency and provide greater focus for our senior management in overseeing key areas of banking operations, we have various Management-level committees tasked as follows:

- The **Assets and Liabilities Committee (ALCO)** manages our assets and liabilities consistent with our liquidity, capital adequacy, growth, risk tolerance and appetite, and profitability goals.
- The **Credit Committee (CRECOM)** regularly reviews and approves credit proposals within the authority and limits set by our Board.
- The **Anti-Money Laundering Compliance Committee (AMLCC)** is designated by the Board to receive, evaluate, and decide whether or not a Suspicious Transaction Report (STR) shall be filed with the Anti-Money Laundering Council Secretariat (AMLCS) for cases or incidents reported or elevated by various business or operating units of the Bank. It also provides support to our Compliance Office in terms of AML policy review/development, and in addressing AML deficiencies/adverse findings.
- The **Outsourcing Oversight Committee (OOC)** oversees the accreditation of service providers, performance monitoring, post-implementation reviews including materiality, environment and social risk assessment and contract renewals in accordance with our Board-approved risk-based Outsourcing Policy Guidelines pursuant to existing BSP rules and regulations on outsourcing.
- The **IT Steering Committee (ITSC)** monitors IT performance and institutes appropriate actions to ensure achievement of desired results. It is accountable for designing and implementing our Board-approved Information Technology Risk Management System (ITRMS).
- The **Emergency Committee (EMCOM)** manages and monitors the effective implementation of our Business Continuity Plan (BCP). It aims to provide our Bank with the capability to continue its critical functions and processes by identifying, assessing and managing emergency scenarios and other business interruptions.

- The **Policy Committee (POLCOM)** resolves policy-related issues that require escalation or cross-functional discussion.
- The **Personnel Committee (PERCOM)** assists our senior management in evaluating the performance and career advancement of our employees, deciding on employee offenses/administrative cases, and in maintaining personnel policies and procedures, including our Code of Conduct.
- The **Retirement Committee (RETCOM)** exclusively administers our Gratuity and Retirement Benefit Plan.
- The **Related Party Transactions Management Committee (RPTMC)** assists the Board-level RPTC and the Board of Directors in ensuring that transactions with related parties, with respect to those considered as “non-material” (i.e., within the set transaction materiality thresholds) are conducted at arm’s length/fair terms and conditions.
- The **Investment Committee (INCOM)** establishes investment guidelines and oversees the investment activities of the Bank. It monitors and reports the overall investment results and reviews compliance with investment objectives and guidelines.
- The **Occupational Safety and Health Committee (OSHCOM)** serves as the official planning and policy-making group of the Bank in all matters pertaining to safety and health pursuant to Rule 1040 of the DOLE’s Occupational Safety and Health (OSH) Standards.

OUR GOVERNANCE VANGUARDS

Our compliance, risk management, and internal audit functions are the forerunners in our relentless drive to promote and uphold the noblest tenets and highest standards of good corporate governance across all our business operations.

Compliance

Ensuring our compliance with applicable laws, rules and regulations, as a minimum requirement, is our collective duty and team effort. It begins with our Board and senior management at the top and down the line to our various business and operating units in accordance with our Board-approved compliance system. The design and implementation of this program is administered and annually updated by our Compliance Office, led by our chief compliance officer (CCO) who directly reports to our Corporate Governance Committee and to our Board.

Our annually updated Bank Compliance Program, which was last updated in October 2022 with key changes effected to its previous October 2021 version pertaining to process enhancements and relevant updates, has a three-pronged, risk-based approach to effectively manage our compliance risks by ensuring compliance with pertinent banking laws, rules and regulations, codes of conduct, policies and standards of good practice. Its priority, focus and compliance testing frequency depends on the pre-assessed level of risk the business/operating units are inherently exposed relative to the number and magnitude or severity of pertinent requirements applicable to them.

This three-pronged strategy is structured to be operated by three key players, namely:

1. The line units are the first line of defense being the risk owners and managers.
2. The Compliance Office (CO) is the second line of defense and the compliance risk overseers.
3. The Internal Audit Group (IAG) is the third line of defense as the independent assurance provider.

Aside from monitoring and controlling compliance risk, our chief compliance officer (CCO) also tracks our Bank’s adherence to our Corporate Governance Manual, which is aligned with the SEC’s Revised Code of Corporate Governance for Publicly-Listed Companies, and embodies all CG-related rules and regulations of the BSP. Cases of non-compliance are required to be reported to our board chairman who ensures due process and determines appropriate sanctions. The Bank fully and continually complies with the material requirements of the SEC’s Revised Code of Corporate Governance for Publicly-Listed Companies as embodied in its Board-approved Corporate Governance Manual.

Our Compliance Office continually strives to maintain our strong compliance culture in the midst of an ever-dynamic banking regulatory landscape. It proactively identifies and monitors, assesses, and addresses emerging

compliance issues, vigorously promotes continuing education through formal/informal trainings, compliance awareness testing, compliance checking, and advisory service through a clear and open communication line; and fosters good corporate governance culture by benchmarking against industry best practices and standards.

Internal Audit

The Internal Audit Group (IAG) is established by the Board of Directors. Its responsibilities are defined by the Audit Committee (AuditCom) as part of its oversight function. The mission of internal auditing is to enhance and protect organizational value by providing risk-based and objective assurance, advice, and insight.

The role of the IAG is to assist the Bank in accomplishing its objectives by bringing a systematic and disciplined approach to evaluate and improve the effectiveness of the Bank's governance, risk management, and control processes. IAG is headed by the chief audit executive (CAE) who reports functionally to the Board through the AuditCom and administratively to the president. The CAE confirms annually to the Board the organizational independence of the internal audit activity.

IAG is self-governed and adheres to The Institute of Internal Auditors' (IIA) mandatory guidance which includes the Core Principles for the Professional Practice of Internal Auditing, the Definition of Internal Auditing, the Code of Ethics, and the International Standards for the Professional Practice of Internal Auditing (Standards). This mandatory guidance constitutes the principles of the fundamental requirements for the professional practice of internal auditing and for evaluating the effectiveness of the internal audit activity's performance.

IAG, with strict accountability for confidentiality and safeguarding records and information, is authorized to:

1. Have full, free, and unrestricted access to all Bank functions, records, properties, and personnel pertinent to carrying out any engagement;
2. Have direct and unrestricted access to senior management and the AuditCom;
3. Allocate resources, set frequencies, select subjects, determine scopes of work, apply the procedures and techniques required to accomplish audit objectives, and issue reports; and
4. Obtain necessary assistance from personnel in other units of the Bank where they perform audits, as well as other specialized services from within or outside the Bank.

IAG remains free from interference by any element in the organization, including matters of audit selection, scope, procedures, frequency, timing, or report content to permit maintenance of an independent and objective mental attitude.

OUR REMUNERATION POLICY

Our directors and officers are provided with an industry competitive compensation package to attract, motivate, and retain highly qualified people. The salary scales of our officers, including that of our president or chief executive officer (our sole executive director), are generally based on the nature of their jobs, positions and ranks. These are reviewed annually vis-à-vis annual performance scorecards so structured to achieve business objectives and adjusted as needed, based on performance.

Our compensation package for non-officers/rank-and-file employees is in accordance with labor law requirements and is linked to both performance and our contractual obligation under a collective bargaining agreement which include loyalty bonuses for long-term employees.

We also grant fixed bonuses, including a 13th-month pay in accordance with the law, and a performance bonus (non-guaranteed) based on our overall performance, individual performance, and market conditions.

Our Board sees to it that this remuneration strategy is regularly reviewed to ensure that the policy is commensurate with corporate and individual performance, aligned with our long-term interests, compliant with labor laws and regulations, and benchmarked against our industry peers and other market considerations, while also maintaining internal equity.

Except for the president/chief executive officer, each director receives a monthly professional fee for attending Board and committee meetings. This is also in consideration of their valuable contributions in the formulation of-the Bank's overall strategy.

The total per diem and transportation allowance paid to directors for their attendance in Board meetings for the period January to December 2022 was PhP20.5 million. Our remuneration policy for directors indicates that the

chairman, vice chairpersons, and each of the directors receive reasonable per diems for attendance at any Board meeting. There is nothing in the By-Laws that prevents any director from serving any other capacity and receiving compensation.

We have been consistent in preaching the philosophy of meritocracy, such that our compensation and rewards programs are geared towards providing incentives to employees who have contributed to the success of the Bank.

- **Merit Increase.** Annual increases are given to employees based on their relative performance within the organization. The Bank has adopted an increase matrix that rewards high performers without neglecting those rated as standard performers, or those who were able to perform as expected. Rewarding the most productive encourages others to perform better. This procedure on merit increase comes immediately after the performance appraisal exercise for the employees to relish the fruits of their hard work and contributions to the growth of the Bank.

- **Other Performance Incentives.** Based on the overall company performance, i.e., attainment by the Bank of a stipulated income, we grant a return on equity (ROE) bonus to rank-and-file employees.

- **HE1GHTS: Reaching the Peak of Topnotch Performance.** This productivity-based award is given quarterly and annually to an individual or team for achieving exceptional performance. In 2022, top-performing PSBankers from Branch Banking Group, Credit and Collections Group, and Indirect Sales Channel Group were recognized for exceeding more than 100% of their target productivity.

- **Job Evaluation.** We regularly conduct job evaluation to measure and benchmark Bank positions vis-à-vis the banking industry and for certain niche roles, including other industries too.

- **Salary Structure Program.** We conduct salary restructuring to ensure that the salaries of the employees are equitable to what the industry offers. The Bank recognizes the need to attract and retain top talent, thus it reviews the existing scale periodically to ensure competitiveness.

SENIOR MANAGEMENT SELECTION PROCESS

The Bank has pre-defined job descriptions for its senior management positions (i.e., those to be held by officers from assistant vice president and up). It evaluates the qualifications of internal and/or external candidates for the available positions.

Every candidate undergoes a series of interviews by the line head, Customer Experience and Human Resources Group, and the President. Any hiring or appointment to the role is subject to the approval of the President and the Board of Directors.

OUR RETIREMENT AND SUCCESSION POLICY

As a matter of policy, the compulsory retirement age for our regular employees (officers and staff) is at 55 years old. This has been established in our Retirement and Gratuity Plan, duly approved by the Bureau of Internal Revenue. To aid in workforce planning, we review the roster of employees reaching the compulsory retirement age before the end of the applicable year.

Appropriate notification is arranged, and deferential treatment is accorded to retired employees, ensuring that they receive the compensation for their loyal service within 30 days after their effective date of retirement.

In 2022, succession was again among our focus areas for Talent Management. The Bank continued with its comprehensive Succession Planning Program which consists of five stages: (1) identification of the successor, (2) assessment of the gap, (3) addressing the gap, (4) evaluation, and (5) implementation. This instituted program helps ensure the continuity and viability of the business. Positions that are critical to the business have identified “Ready Now” and “Ready Later – Ready in 1-3 Years or Ready in 3-5 Years” replacements, which are reviewed periodically. Potential successors are subjected to Individual Development Plans, which are a combination of classroom trainings, cross-postings, immersions, and development assignments. Strategic workforce planning is also implemented annually to ensure that critical positions are filled up and that Talent Acquisition is ready to provide external talents if deemed necessary.

Except for certain persons such as Filipino citizens with recognized stature, influence, and reputation in the banking and business community, and whose business practices stand as testimonies to good corporate governance, we have adopted an age limit of 75 years old as a general rule for directors, patterned after that of our parent bank. Upon the recommendation of the Corporate Governance Committee, this age limit for directors may be waived by the Board if such a waiver is deemed to the best interest of the Bank. Our independent directors may only serve as such for a maximum cumulative term of nine years from 2012, after which the independent director shall be perpetually barred from re-election, but may continue to qualify for nomination and election as a non-independent or regular director. Succession or filling up any vacancies in the Board of Directors shall be made by the vote of at least a majority of the remaining directors, if still constituting a quorum. Vacancies occurring by reason of removal by the stockholders, by expiration of term, or by an increase in the number of directors, however, shall be filled by the stockholders in a regular or special meeting called for this purpose.

OUR DIVIDEND POLICY

Dividends to be paid in cash are subject to the approval by a majority of the Board of Directors. Dividends to be paid in the form of stocks require the approval of a majority of the Board and the approval of shareholders representing no less than two-thirds of our outstanding capital stock.

Consistent with SEC rules, cash dividends declared by the Bank must have a record date of not less than 10 but not more than 30 business days from the date the cash dividends are declared/approved by the Board. With respect to stock dividends, the record date should not be less than 10 but not more than 30 business days from the date of the stockholders' approval; provided, however, that the set record date should not be less than 10 business days after the PSE has received the notice of declaration of stock dividend. BSP regulations have since allowed banks to fix the record date and payment date on the date of dividend declaration, and pay such dividends without prior BSP approval, with the exception of banks with major supervisory concerns. In the event that a stock dividend is declared in connection with an increase in authorized capital stock, the corresponding record date is to be fixed by the SEC.

Unless approved by a majority vote of the Board at a different rate depending on our earnings/results of operations, cash flow, financial condition and other factors or otherwise restricted/prohibited from declaring/paying dividends, the Bank regularly declares out of its unrestricted retained earnings and pays cash dividends at a payout ratio of PhP3.00 per share per annum or PhP0.75 per share per quarter, provided that these comply with the regulatory requirements of the SEC and the BSP. Circumstances which could restrict the payment of cash dividends include, but are not limited to, when the Bank undertakes major projects and developments requiring substantial cash expenditures or when it is restricted from paying cash dividends by its loan covenants. Provided likewise that the Bank is not restricted/prohibited from declaring/paying dividends and that all such regulatory requirements are complied with, the Bank may also declare out of its unrestricted retained earnings and pay out special cash dividends (on top of its regular quarterly cash dividends) at such rate as may also be approved via majority vote of the Board of Directors.

The aggregate amount of quarterly cash dividends declared by the Bank in 2022 stood at PhP1.28 billion. Details are shown under Note 21 of the Audited Financial Statements section.

OUR GOVERNANCE EVALUATION

Every first quarter of each year, our Board, individual directors, their respective oversight committees, and all other Board-level committees, as well as the president and all Management-level committees, conduct annual self-rating exercises on their performance during the immediately preceding calendar year.

Using scorecards, this exercise aims to gauge their effectiveness and determines the areas of improvement vis-à-vis set performance standards that are consistent with our strategic objectives and business plans designed to continuously create value to all our stakeholders. Items subject to rating are the pertinent standards, as well as their duties and responsibilities, under a 3-point rating scale, to wit: "3"-Meets Standards (MS), "2"-Needs Improvement (NI), and "1"-Not Observed (NO), with an enjoinder to provide suggestions on how to address the deficiencies/improve performance on items rated either "1" or "2".

Our Corporate Governance Committee reviews the scorecard results, which are reported to our Board of Directors and, thereafter, regularly tracked in terms of the status of addressing the areas needing improvement. This annual performance rating exercises also include that of the chairman of the board, the chief risk officer,

the chief audit executive, the chief compliance officer, directors/officers with multiple/interlocking positions and of the entire Bank.

Information Technology (IT) Training

In 2022, as work setup started to normalize, the PSBank Business Campus (PBC) offered a mix of in-person and virtual trainings for PSBankers all year-round. These hybrid setups helped ensure that employees get the Learning and Development programs they need – whether they are joining through virtual platforms or attending the learning sessions face-to-face.

Among the teams which received customized and targeted programs is the Bank's Information Technology Group (ITG). With the goal of making the Bank's IT workforce adept with Industrial Revolution 4.0 skills, they were included again in the priority learners for 2022. Aside from tailor-fit technical trainings, PBC also offered developmental courses to the group as there were new leaders coming from ITG's flagship Officership Program. Eight (1) top-performing ITG staff completed their programs and levelled up to become IT Officers.

The IT trainings with the most number of attendees were the following:

IT Training Program (Technical and Developmental)	Number of Participants
PSBank CCTV System Trouble Shooting Training	23
IT Agile-Scrum Project Management	17
ISO 22301:2019 - Essentials of Business Continuity Management Systems (BCMS)	12
The Essentials of Business and Risk Analysis	10
Full Oracle Database Administration with RAC	7
Learn Linux in 5 Days and Level Up Your Career	6
Oracle Database for Beginners	5
Mastering Access Control List (ACL's)	3
Cyber Security 2020	3
Check Point Jump Start: Network Security	3
Complete Linux Bash Shell Scripting with Real Life Examples	3
Data Analytics	12
Strategic Management	10
Leadership for Beginners	16
Emotional Quotient (EQ) Awareness Workshop	14
Discipline Management	13
Operational Risk Management	13
Performance Management and Coaching	12

As advocates of continuous learning, the ITG personnel also looked for external trainings, short courses, and training sessions – some of which were free – which they could enroll in, based on the program's applicability to their respective functions. A total of **172** IT trainings were delivered in 2022 – 97 of these were external while 75 were internal.

HR-Learning & Development also continued working with ITG in migrating the Bank's Learning Management System – *Modular Object-Oriented Dynamic Learning Environment or MOODLE* to Cloud in 2022. PSBankers are now able to maximize self-paced and online learning not just through this system but also through their personal gadgets such as smart phones or laptops.

MOODLE provided PSBankers an online educational learning platform designed to give administrators, faculty, and learners with a single, robust, secure, and integrated system that improves the learning experience.

Part III. Management Discussion and Analysis

A. Analysis of Statements of Condition

As of December 31, 2022 and 2021

In 2022, the Bank recorded Total Assets at ₱264.42 billion, ₱2.61 billion higher as compared to the December 2021 level of ₱261.81 billion. The growth was primarily due to increases in investment portfolio.

Loans and Receivables, net of allowance and unearned interest and discounts, representing 41.49% of total assets were posted at ₱109.70 billion, lower by ₱414.20 million from December 2021 level of ₱110.11 billion. Auto Loans increased by 4.70%, while Mortgage Loans decreased by 7.09%.

Interbank Loans Receivable and Securities Purchased under Resale Agreements decreased by 41.11% from ₱4.53 billion in 2021 to ₱2.67 billion in December 2022.

Investments securities represent 37.85% and 31.03% of total assets as of December 31, 2022 and 2021, respectively. Financial Assets at Fair Value through Other Comprehensive Income (FVOCI) increased to ₱69.66 billion in December 2022, or ₱9.39 billion higher than the December 2021 level of ₱60.27 billion. Meanwhile, Investment securities at amortized cost amounted to ₱30.42 billion, 45.13% higher compared to December 2021 level of ₱20.96 billion. Fair Value through Profit or Loss Investments (FVTPL) amounted to ₱0.04 million in December 2022.

Due from Other Banks was registered at ₱2.91 billion, 112.92% or ₱1.54 billion higher than the December 2021 level of ₱1.37 billion. Cash and Other Cash Items decreased to ₱1.93 billion versus ₱2.80 billion in December 2021. Further, Due from Bangko Sentral ng Pilipinas also decreased by ₱14.87 billion to ₱37.55 billion versus ₱52.43 billion in December 2021.

Investment in a joint venture went up by ₱53.36 million to ₱816.28 million from ₱762.93 million in December 2021 due to the recognition of PSBank's share in the net earnings of Sumisho Motor Finance Corporation (SMFC), a joint venture between PSBank and Sumitomo Corporation. The increase from the recognition of share in net earnings was partially reduced by the dividend received by the Bank from SMFC amounting to ₱30.06 million. As of December 31, 2022 and 2021, the Bank's ownership interest in SMFC is 30.00%.

Investment Properties increased by 14.90% or 522.87 million to ₱4.03 billion as of December 31, 2022 from ₱3.51 billion as of December 31, 2021 due to foreclosure of investment properties. Property and Equipment also increased by ₱188.27 million to ₱3.13 billion as of December 31, 2022.

Deferred Tax Asset was lower at ₱280.11 million from ₱576.79 million. Likewise, Goodwill and Intangible Assets decreased to ₱333.89 million in December 2022 from ₱361.19 million in December 2021. Other Assets went down to ₱988.12 million from ₱1.19 billion as of December 31, 2021.

The Bank's deposit level comprising of 94.06% of total liabilities reached ₱213.77 billion as of December 31, 2022, 1.39% lower than the ₱216.80 billion posted last year.

Treasurer's, Cashier's and Manager's Checks increased to ₱1.01 billion from ₱593.63 million last December 31, 2021. Likewise, Accrued Taxes, Interest and Other Expenses increased by ₱821.45 million to ₱2.51 billion in December 2022 from ₱1.68 billion as of December 31, 2021. Income Tax Payable was nil as of December 31, 2022 compared to ₱0.08 million recorded in December 2021. Other Liabilities went up to ₱4.15 billion, 29.65% higher than ₱3.20 billion posted last year.

Total Capital remained strong at ₱37.14 billion, ₱2.25 billion higher from the ₱34.89 billion posted as of December 31, 2021. The Bank reflected a negative ₱48.78 million Fair Value Reserves on Financial Assets at FVOCI, ₱51.19 million lower than ₱2.41 million in December 2021.

Return on Average Equity (ROAE) stood at 10.21% in December 2022 versus 4.44% in December 2021. Return on Average Assets (ROAA) was better at 1.40% in 2022 from 0.64% in 2021.

As of December 31, 2021 and 2020

In 2021, the Bank recorded Total Assets at ₱261.81 billion, ₱42.39 billion higher as compared to the December 2020 level of ₱219.41 billion. The growth was primarily due to increases in investment portfolio, including placements in Bangko Sentral ng Pilipinas (BSP).

Loans and Receivables, net of allowance and unearned interest and discounts, representing 42.06% of total assets were posted at ₱110.11 billion, lower by ₱32.41 billion from December 2020 level of ₱142.52 billion. Auto Loans and Mortgage Loans decreased by 26.41% and 10.21%, respectively.

Interbank Loans Receivable and Securities Purchased under Resale Agreements decreased by 16.77% from ₱5.45 billion in 2020 to ₱4.53 billion in December 2021.

Financial Assets at Fair Value through Other Comprehensive Income (FVOCI) increased to ₱60.27 billion in December 2021, or ₱50.21 billion higher than the December 2020 level of ₱10.06 billion. Meanwhile, Investment securities at amortized cost amounted to ₱20.96 billion, 52.61% higher compared to December 2020 level of ₱13.74 billion. Fair Value through Profit or Loss Investments (FVTPL) amounted to ₱0.04 million in December 2021. Overall, these investment accounts comprised 31.03% of the total assets.

In 2020, the Bank sold investment securities classified as investment securities at amortized cost with total carrying amount of ₱19.6 billion, resulting in gain on disposal of investment securities at amortized cost totaling ₱1.3 billion. The sale was made as there were changes in the Bank's funding requirements given its assessment on the impact of a prolonged pandemic. In aggregate, the disposals in 2020 were assessed as not inconsistent with the Bank's HTC business model as the disposals were considered infrequent even if significant in value. In 2021, the Bank sold investment securities classified as investment securities at amortized cost with total carrying amount of ₱378.7 million, resulting in gain on disposal of investment securities at amortized cost amounting to ₱11.7 million. The disposal in 2021 was assessed as not inconsistent with the Bank's HTC business model as the disposal was considered infrequent and insignificant in value. Further, the Bank assessed that the disposals did not reflect a change in the Bank's objectives for the HTC business model. Accordingly, the remaining investment securities in the affected HTC portfolio continue to be measured at amortized cost.

Due from Other Banks was registered at ₱1.37 billion, 6.47% or ₱94.55 million lower than the December 2020 level of ₱1.46 billion. Likewise, Cash and Other Cash Items also decreased to ₱2.80 billion versus ₱2.84 billion in December 2020. Due from Bangko Sentral ng Pilipinas increased by ₱20.74 billion to ₱52.43 billion versus ₱31.69 billion as of December 2020.

Investment in a joint venture went up by ₱57.45 million to ₱762.93 million from ₱705.48 million in December 2020 due to cash dividend received by the Bank.

Investment Properties went down to ₱3.51 billion as of December 2021 from ₱3.59 billion compared last year due to sale of investment properties. Property and Equipment decreased by ₱151.36 million to ₱2.94 billion as of December 2021. Effective January 1, 2019, the Bank adopted PFRS 16, Leases. The adoption resulted to recognition of right of use asset under 'property and equipment' and lease liability under 'other liabilities' accounts.

Deferred Tax Asset was lower at ₱0.58 billion from ₱2.09 billion while Goodwill and Intangible Assets decreased to ₱361.19 million in December 2021 from ₱441.14 million in December 2020. Other Assets decreased by 31.76% or ₱553.25 million to ₱1.19 billion from ₱1.74 billion as of December 2020.

The Bank's deposit level, representing 95.54% of total liabilities reached ₱216.80 billion as of December 2021, 29.46% higher than the ₱167.46 billion posted last year.

As of December 2021, the Bank's Bonds Payable, net of prepaid expenses, amounted to ₱4.63 billion. The ₱6.30 billion Peso Fixed Rate Bonds (PFRBs) issued last July 2019 matured in July 2021. The 2-year bond was priced at 5.60% per annum with interest payments made every quarter and full principal paid out at maturity.

On December 10, 2018, the Bank issued MTFNs amounting to ₱3.0 billion with a tenor of one (1) year and six (6) Months and due on June 10, 2020 with interest rate of 7.07% per annum payable quarterly. Interest payment dates shall commence on March 10, 2019 and up to and including the maturity date. The minimum investment

size for the MTFNs is ₱10.0 million with increments of ₱0.1 million thereafter. On June 10, 2020, the Bank paid its outstanding MTFNs.

Treasurer's, Cashier's and Manager's Checks increased to ₱0.59 billion from ₱0.53 billion last December 31, 2020. On the other hand, Accrued Taxes, Interest and Other Expenses decreased by ₱98.16 million to ₱1.68 billion in December 2021 from ₱1.78 billion as of December 31, 2020. Income Tax Payable went down to ₱0.08 million as of December 2021 from ₱322.02 million in December 2020. Other Liabilities decreased to ₱3.20 billion, 17.83% lower from ₱3.90 billion posted last year.

Total Capital remained strong at ₱34.89 billion, ₱383.35 million higher from the ₱34.51 billion posted as of December 2020. The Bank reflected a ₱2.41 million Fair Value Reserves on Financial Assets at FVOCI, ₱10.65 million lower than ₱13.06 million in December 2020.

On January 16, 2020, the Securities and Exchange Commission ("SEC") approved the stock dividend equivalent to 43,750,000 common share of PSBank with January 31, 2020 as record date and February 21, 2020 as payment date for the required subscription to the increase in capital stock of the Bank from ₱4.25 billion to ₱6.00 billion.

Return on Average Equity (ROAE) stood at 4.44% in December 2021 versus 3.21% in December 2020. Return on Average Assets (ROAA) increased to 0.64% in 2021 from 0.50% in 2020.

As of December 31, 2020 and 2019

The Bank's Total Assets as of December 31, 2020 stood at ₱219.41 billion, ₱5.49 billion lower than the December 2019 level of ₱224.91 billion.

Loans and Receivables, net of allowance and unearned interest and discounts, representing 64.96% of total assets were posted at ₱142.52 billion, lower by ₱21.86 billion from December 2019 level of ₱164.38 billion. Auto Loans and Mortgage Loans decreased by 16.40% and 3.64%, respectively.

As of December 31, 2020, Interbank Loans Receivable and Securities Purchased under Resale Agreements amounted to ₱5.45 billion.

Financial Assets at Fair Value through Other Comprehensive Income (FVOCI) increased to ₱10.06 billion in December 2020, or ₱5.28 billion higher than the December 2019 level of ₱4.78 billion. Meanwhile, Investment securities at amortized cost amounted to ₱13.74 billion as of December 2020, 59.88% lower compared to December 2019 level of ₱34.23 billion. Fair Value through Profit or Loss Investments (FVTPL) amounted to ₱0.05 million in December 2020. Overall, these investment accounts comprised 10.84% of the total assets.

In 2020, the Bank sold investment securities classified as investment securities at amortized cost with total carrying amount of ₱19.6 billion resulting in gain on disposal of investment securities at amortized cost totalling ₱1.3 billion. The sale was made as there were changes in the Bank's funding requirements given its assessment on the impact of a prolonged pandemic. In aggregate, the sale in 2020 is not inconsistent with the Bank's HTC business model as the sale was considered infrequent even if significant in value. Accordingly, the remaining investment securities in the affected HTC portfolio continue to be measured at amortized cost. Further, the Bank assessed that the sale did not reflect a change in the Bank's objectives for the HTC business model.

Due from Other Banks as of December 2020 was at ₱1.46 billion, 28.35% or ₱322.83 million higher than the December 2019 level of ₱1.14 billion. Likewise, Cash and Other Cash Items also increased to ₱2.84 billion versus ₱2.28 billion in December 2019. Due from Bangko Sentral ng Pilipinas increased by ₱24.87 billion to ₱31.69 billion versus ₱6.81 billion as of December 2019.

Investment in a joint venture went down by ₱50.30 million to ₱705.48 million from ₱755.78 million in December 2019 due to cash dividend received by the Bank.

Investment Properties went down to ₱3.59 billion as of December 2020 from ₱3.77 billion in December 2019 due to sale of investment properties. Property and Equipment decreased by ₱223.02 million to ₱3.09 billion as of December 2020. Effective January 1, 2019, the Bank adopted PFRS 16, Leases. The adoption resulted to

recognition of right of use asset under 'property and equipment' and lease liability under 'other liabilities' accounts.

Deferred Tax Asset was higher at ₱2.09 billion from ₱1.40 billion while Intangible Assets and Goodwill slightly decreased to ₱441.14 million in December 2020 from ₱480.46 million in December 2019. Other Assets increased by 11.32% or ₱177.22 million to ₱1.74 billion from ₱1.56 billion as of December 2019 mainly due to the increase in foreclosed chattel mortgage.

The Bank's deposit level, comprising 90.57% of total liabilities reached ₱167.46 billion as of December 2020, 2.92% lower than the ₱172.51 billion as of December 2019.

As of December 31, 2019, Bills Payable representing Interbank Borrowing and Securities Sold under Repurchase Agreement (SSURA) amounted to ₱4.19 billion.

The Bonds payables, net of debt issuance cost was recorded at ₱10.90 billion in December 2020, 74.31% or ₱4.65 billion higher than the year-end level of ₱6.25 billion.

On February 04, 2020, the Bank issued fixed rate bonds amounting to ₱4.65 billion with a tenor of three (3) years and due on February 4, 2023 with interest rate of 4.5% per annum payable quarterly.

On December 10, 2018, the Bank issued MTFNs amounting to ₱3.0 billion with a tenor of one (1) year and six (6) months and due on June 10, 2020 with interest rate of 7.07% per annum payable quarterly. On June 10, 2020, the Bank paid its outstanding MTFNs.

Treasurer's, Cashier's and Manager's Checks decreased to ₱0.53 billion from ₱1.30 billion last December 31, 2019. On the other hand, Accrued Taxes, Interest and Other Expenses increased by ₱373.47 million to ₱1.78 billion in December 2020 from ₱1.41 billion as of December 31, 2019. Lease Liabilities went down to ₱1.34 billion in December 2020 versus ₱1.47 billion recorded in December 2019 as the Bank adopted in January 2019 PFRS 16, Leases. Income Tax Payable in December 2020 stood at ₱322.02 million. Other Liabilities was posted at ₱2.56 billion from ₱3.33 billion as of December 2019.

Total Capital stood at ₱34.51 billion, ₱53.45 million higher from the ₱34.46 billion posted as of December 2019. The Bank reflected a ₱13.06 million Fair Value Reserves on Financial Assets at FVOCI from (₱18.93) million in December 2019.

On January 16, 2020, the Securities and Exchange Commission ("SEC") approved the stock dividend equivalent to 43,750,000 common share of PSBank with January 31, 2020 as record date and February 21, 2020 as payment date for the required subscription to the increase in capital stock of the Bank from ₱4.25 billion to ₱6.00 billion.

Return on Average Equity (ROAE) slid to 3.21% in December 2020 versus 10.29% in December 2019. Return on Average Assets (ROAA) decreased to 0.50% in 2020 from 1.31% in 2019.

B. Discussion of Results of Operations

For the years ended December 31, 2022 and 2021

The Bank achieved a record-high net income of ₱3.68 billion in 2022, a growth of 138.94% or more than double compared to ₱1.54 billion in 2021. The Bank's remarkable performance was attributed to higher loan demand, better asset quality, increase in non-interest revenues and prudent expense management.

Total revenues reached ₱15.02 billion with combined fees, commissions, and other income amounting to ₱3.97 billion, higher by 34% year on year. Total Interest Income was reflected at ₱14.19 billion, slightly lower by 1.23% than ₱14.36 billion recorded last year. Total Interest Expense went up to ₱3.14 billion from ₱2.16 billion in 2022. Net Interest Income declined by 9.46% or ₱1.15 billion to ₱11.05 billion from the ₱12.20 billion posted last year.

Interest income on Loans and Receivables was recorded at ₱10.16 billion, 16.37% lower than the ₱12.15 billion recorded last year. Interest income on Financial Assets at FVOCI and Investment Securities at Amortized cost was higher by 73.23% or ₱1.09 billion to ₱2.57 billion from ₱1.49 billion in 2021. Interest Income on FVTPL Investments slid to ₱0.002 million from ₱11.27 million in 2021. On the other hand, Interest earned from deposits with BSP increased by ₱606.15 million to ₱1.25 billion from ₱648.06 million due to higher placements in 2022. Interest earned from Interbank Loans Receivable and SPURA was recorded at ₱195.78 million, 177.34% higher than the ₱70.59 million in 2021. Interest income from deposits with other banks jumped to ₱4.10 million from ₱0.05 million last year.

Interest Expense on the Bank's deposit liabilities increased by 71.72% to ₱2.81 billion from ₱1.64 billion. The Bank recorded ₱224.04 million in Interest Expense on Bonds Payable for the year 2022, ₱213.49 million or 48.80% lower than the ₱437.53 million in 2021. Meanwhile, Interest Expense on Bills Payable was recorded at ₱21.92 million for the year ended December 31, 2022.

On February 04, 2020, the Bank issued fixed rate bonds amounting to ₱4.65 billion with a tenor of three (3) years and due on February 4, 2023 with interest rate of 4.5% per annum payable quarterly. On July 24, 2019, the Bank issued fixed rate bonds amounting to ₱6.30 billion with a tenor of two (2) years and due on July 24, 2021 with interest rate of 5.6% per annum payable quarterly. The minimum investment size for the bonds payable is ₱0.5 million with increments of ₱0.1 million thereafter. On July 24, 2021, the Bank paid its outstanding bonds.

The Bank recognized interest expense on lease liabilities amounting to ₱79.87 million and ₱85.20 million in 2022 and 2021, respectively. Prior to adoption of PFRS 16, rentals charged against profit or loss under these lease contracts is included in Occupancy and Equipment – related cost account.

Net Service Fees and Commission Income increased by 9.67% to ₱1.68 billion versus ₱1.53 billion in 2021.

The Bank's Net Interest Income went down 9.46% versus last year. This was primarily due to the drop in Interest Income on Loans and Receivables to ₱10.16 billion resulting from the slow demand for consumer loans during the pandemic.

Meanwhile, Other Operating Income increased by 60.89% or ₱865.98 million to ₱2.29 billion due to higher gain on foreclosure and sale of both investment properties and chattel mortgage recorded during 2022. The Bank registered ₱2.46 million trading gains for the year 2022, ₱11.99 million lower than the ₱14.44 million trading gains in 2021.

For the year ended December 31, 2022, the Bank posted a net gain on the foreclosure and sale of investment properties amounting to ₱801.74 million, 40.34% higher compared with the ₱571.28 million gains last year. Also, gain on foreclosure and sale of chattel mortgage properties rose to ₱700.21 million from ₱142.19 million in 2021. Miscellaneous Income was higher by ₱77.34 million to ₱777.78 million mainly due to recoveries from loan accounts previously written-off and amortization of debt modification. Meanwhile, Foreign Exchange Loss was posted at ₱6.08 million for the year ended December 31, 2022.

Other Operating Expenses, excluding provision for impairment and credit losses, increased by only 1.52% to ₱9.00 billion from ₱8.87 billion in 2021 due to the Bank's sustained efforts in productivity, process efficiency and automation has kept operating expenses under control. Taxes and Licenses went up by ₱26.79 million or 1.69% to ₱1.61 billion from ₱1.59 billion posted last year. Compensation and Fringe Benefits amounted to ₱3.64 billion while Occupancy and equipment-related cost amounted to ₱344.57 million. Depreciation and amortization of Bank's properties and leasehold improvements went down from ₱836.33 million to ₱755.95 million in 2022. Security, messengerial and janitorial services was posted at ₱413.01 million. Meanwhile, amortization of software was recorded at ₱102.85 million. Miscellaneous Expenses was higher by 2.33% to ₱2.13 billion in 2022 from ₱2.08 billion in 2021.

For the year ended December 31, 2022, the Bank set aside ₱1.31 billion in provision for impairment and credit losses. There was a significant drop in credit provisions by 57.46% versus the same period last year due to improved asset quality complemented by efficient collection and recovery efforts.

The Bank also reported share in net income from its investment in Sumisho Motor Finance Corporation (SMFC) amounting to ₱83.42 million and ₱41.94 million for the years ended December 31, 2022 and 2021, respectively.

For the years ended December 31, 2021 and 2020

The Bank registered a Net Income after Tax of ₱1.54 billion for the year ended December 2021, 38.92% or ₱0.43 billion higher compared last year. This was largely driven by an increase in fee income by 21.94%, operating efficiencies which saw expenses decline by 2.81%, and reduction in loan loss provisions owing largely to improved asset quality and effective collection efforts.

Total Interest Income decreased by 17.05% compared to previous year.

Interest income on Loans and Receivables was recorded at ₱12.15 billion, 22.45% lower than the ₱15.67 billion recorded last year. Interest income on Financial Assets at FVOCI and Investment Securities at Amortized cost went up to ₱1.49 billion from ₱1.30 billion year on year. Interest Income on FVTPL Investments slid to ₱11.27 million from ₱45.04 million in 2020. On the other hand, Interest earned from deposits with BSP increased by ₱426.17 million to ₱648.06 million from ₱221.89 million due to higher placements in 2021. Interest earned from Interbank Loans Receivable and SPURA was recorded at ₱70.59 million, 17.01% lower than the ₱85.06 million in 2020. Interest income from deposits with other banks decreased to ₱0.05 million

Interest Expense on the Bank's deposit liabilities went down by 40.93% to ₱1.64 billion from ₱2.77 billion. The Bank recorded ₱437.53 million in Interest Expense on Bonds Payable for the year 2021 while Interest Expense on Bills Payable dropped to ₱41.97 thousand from ₱110.40 million due to redemption of matured Medium Term Fixed Rate Notes (MTFNs) in June 2020.

On February 04, 2020, the Bank issued fixed rate bonds amounting to ₱4.65 billion with a tenor of three (3) years and due on February 4, 2023 with interest rate of 4.5% per annum payable quarterly. On July 24, 2019, the Bank issued fixed rate bonds amounting to ₱6.30 billion with a tenor of two (2) years and due on July 24, 2021 with interest rate of 5.6% per annum payable quarterly. The minimum investment size for the bonds payable is ₱0.5 million with increments of ₱0.1 million thereafter. On July 24, 2021, the Bank paid its outstanding bonds.

On December 10, 2018, the Bank issued MTFNs amounting to ₱3.0 billion with a tenor of one (1) year and six (6) months and due on June 10, 2020 with interest rate of 7.07% per annum payable quarterly. On June 10, 2020, the Bank paid its outstanding MTFNs.

The Bank recognized interest expense on lease liabilities amounting to ₱85.20 million and ₱99.54 million in 2021 and 2020, respectively. Prior to adoption of PFRS 16, rentals charged against profit or loss under these lease contracts is included in Occupancy and Equipment – related cost account.

Net Service Fees and Commission Income increased by 21.94% to ₱1.53 billion versus ₱1.26 billion in 2020.

The Bank's Net Interest Income went down 11.26% versus last year. This was primarily due to the decrease in Interest Income on Loans and Receivables to ₱12.15 billion resulting from the slow demand for consumer loans during the pandemic.

On February 15, 2019, the BOD approved the Bank's option to call the Tier 2 Notes issued in 2014 on its fifth year anniversary or on August 23, 2019. The request of the Bank to exercise the same was approved by the BSP on April 24, 2019. The redemption falls under the call provisions of the Tier 2 Notes worth ₱3.0 Billion, which had an original maturity of ten years or until 2024. On August 23, 2019 the Bank exercised its call option and paid ₱3.0 billion to all noteholders.

Meanwhile, Other Operating Income decreased by 8.78% or ₱136.95 million to ₱1.42 billion due to lower trading gains recorded during 2021. The Bank registered ₱14.44 million trading gains for the year 2021, ₱1.63 billion lower than the ₱1.65 billion trading gains in 2020.

In 2020, the Bank sold investment securities classified as investment securities at amortized cost with total carrying amount of ₱19.6 billion resulting in gain on disposal of investment securities at amortized cost

totalling ₱1.3 billion. The sale was made as there were changes in the Bank's funding requirements given its assessment on the impact of a prolonged pandemic. In aggregate, the sale in 2020 is not inconsistent with the Bank's HTC business model as the sale was considered infrequent even if significant in value. Accordingly, the remaining investment securities in the affected HTC portfolio continue to be measured at amortized cost. Furthermore, the Bank assessed that the sale did not reflect a change in the Bank's objectives for the HTC business model.

For the year ended December 30, 2021, the Bank recorded a net gain on the foreclosure and sale of investment properties amounting to ₱571.28 million, 74.77% higher compared with the ₱326.87 million gains last year. On the other hand, net loss on foreclosure and sale of chattel mortgage properties improved by ₱600.96 million to ₱142.19 million compared to (₱458.78) million in 2020. Miscellaneous Income was higher by ₱684.96 million to ₱700.43 million mainly due to recoveries from loan accounts previously written-off and amortization of debt modification. Meanwhile, Foreign Exchange loss was posted at ₱8.17 million for the year ended December 31, 2021.

Other Operating Expenses, excluding provision for impairment and credit losses, decreased by 2.81% to ₱8.87 billion from ₱9.12 billion in 2020. Taxes and Licenses went up by ₱14.27 million or 0.91% to ₱1.59 billion from ₱1.57 billion previous year. Compensation and Fringe Benefits amounted to ₱3.55 billion while Occupancy and equipment-related cost amounted to ₱352.59 million. Depreciation and amortization of Bank's properties and leasehold improvements went down from ₱899.55 million to ₱836.33 million in 2021. Security, messengerial and janitorial services was posted at ₱349.53 million. Meanwhile, amortization of software was recorded at ₱113.65 million. Miscellaneous Expenses was lower by 0.13% to ₱0.08 billion.

For the year ended December 31, 2021, the Bank set aside ₱3.07 billion in provision for impairment and credit losses. This was 52.00% lower than previous year due to improvement in delinquencies from credit and collection efforts.

The Bank also reported share in net income from its investment in Sumisho Motor Finance Corporation (SMFC) amounting to ₱41.91 million and ₱40.30 million for the years ended December 31, 2021 and 2020, respectively.

For the years ended December 31, 2020 and 2019

The Bank posted a Net Income after Tax of ₱1.11 billion as of December 2020 or ₱1.92 billion lower compared to the same period last year. The decrease in net income is due to higher provision for credit and impairment losses in 2020.

Total Interest Income recorded in 2020 amounted to ₱ 17.32 billion.

Interest income on Loans and Receivables was 1.20% higher at ₱15.67 billion from ₱15.48 billion. Interest earned from Interbank Loans Receivable and SPURA increased to ₱85.06 million or ₱54.92 million better than the ₱30.14 million posted in 2019.

Interest income from Financial Assets at FVOCI and Investment securities at amortized cost went down to ₱1.30 billion in 2020 from ₱1.90 billion. Meanwhile, Interest income from FVTPL investments stood at ₱45.04 million in 2020.

Interest earned from deposits with BSP increased to ₱221.89 million from ₱0.83 million in 2019. On the other hand, interest income from other banks decreased by 71.03% to ₱1.18 million in 2020.

Interest Expense on the Bank's deposit liabilities decreased by 47.98% to ₱2.77 billion from ₱5.33 billion. Interest Expense on Bills payable declined to ₱110.40 million or 65.47% lower from ₱319.72 million last year. On the other hand, Interest Expense on Bonds payable increased to ₱583.41 million or ₱415.81 million higher from ₱167.60 million in 2019.

On February 04, 2020, the Bank issued fixed rate bonds amounting to ₱4.65 billion with a tenor of three (3) years and due on February 4, 2023 with interest rate of 4.5% per annum payable quarterly.

On December 10, 2018, the Bank issued MTFNs amounting to ₱3.0 billion with a tenor of one (1) year and six (6) months and due on June 10, 2020 with interest rate of 7.07% per annum payable quarterly. On June 10, 2020, the Bank paid its outstanding MTFNs.

Interest expense incurred on Subordinated (Tier 2) notes amounted to ₱125.1 million in 2019 and nil in 2020.

On February 15, 2019, the BOD approved the Bank's option to call the Tier 2 Notes issued in 2014 on its fifth year anniversary or on August 23, 2019. The request of the Bank to exercise the same was approved by the BSP on April 24, 2019. The redemption falls under the call provisions of the Tier 2 Notes worth ₱3.0 billion, which had an original maturity of ten years or until 2024.

On August 23, 2019 the Bank exercised its call option and paid ₱3.0 billion to all noteholders.

The Bank recognized interest expense on lease liabilities (included in 'Interest expense' in the statements of income) amounting to ₱99.54 million and ₱113.56 million in 2020 and 2019, respectively. Prior to adoption of PFRS 16, rentals charged against profit or loss under these lease contracts are included in 'Occupancy and equipment-related costs'.

As of December 2020, Net interest Income improved to ₱13.75 billion from ₱11.36 billion in 2019.

Net Service Fees and Commission Income decreased to ₱1.26 billion, 32.53% lower from the ₱1.86 billion recorded last year.

Meanwhile, Other Operating Income increased by 13.00% or ₱179.33 million to ₱1.56 billion due to higher trading gains recorded during 2020. The Bank reflected a ₱1.29 billion Gain on disposal of investment securities at amortized cost and ₱354.43 million trading and securities gains in 2020.

In 2020, the Bank sold investment securities classified as investment securities at amortized cost with total carrying amount of ₱19.6 billion resulting in gain on disposal of investment securities at amortized cost totalling ₱1.3 billion. The sale was made as there were changes in the Bank's funding requirements given its assessment on the impact of a prolonged pandemic. In aggregate, the sale in 2020 is not inconsistent with the Bank's HTC business model as the sale was considered infrequent even if significant in value. Accordingly, the remaining investment securities in the affected HTC portfolio continue to be measured at amortized cost. Furthermore, the Bank assessed that the sale did not reflect a change in the Bank's objectives for the HTC business model.

The Bank registered a net loss on foreclosure and sale of chattel mortgage amounting to ₱458.78 million from ₱84.90 million in 2019. As of December 2020, the Bank posted a ₱326.87 million gains on foreclosure and sale of investment properties versus ₱611.83 million a year-ago. Gain on sale of property and equipment decreased by ₱6.09 million to ₱2.05 million from year-ago level of ₱8.13 million. Miscellaneous Income was lower by ₱539.43 million to ₱15.47 million.

On March 25, 2020, Republic Act No. 11469, otherwise known as the Bayanihan to Heal as One Act ("Bayanihan 1 Act") was enacted. Bayanihan 1 Act provides that all covered institutions shall implement a 30-day grace period for all loans with principal and/or interest and lease amortization falling due within the ECQ Period without incurring interest on interest, penalties, fees and other charges. Subsequently, on September 11, 2020, Republic Act No. 11494, otherwise known as the Bayanihan to Recover as One Act ("Bayanihan 2 Act"), was enacted. Under Bayanihan 2 Act, a one-time sixty (60)-day grace period is granted for the payment of all existing, current and outstanding loans falling due, or any part thereof, on or before December 31, 2020, without incurring interest on interests, penalties, fees, or other charges and thereby extending the maturity of the said loans. Furthermore, a minimum 30-day grace period shall also be granted by covered institutions to all payments due within the period of community quarantine on rent and utility-related expenditures without incurring penalties, interest and other charges. In 2020, total modification loss recognized in the statement of income under 'Miscellaneous income' amounted to ₱508.8 million (Note 23). Subsequent accretion of modified loans amounting to ₱134.6 million and ₱82.2 million in 2021 and 2020, respectively.

Foreign Exchange gain was posted at ₱27.22 million from ₱65.88 million recorded a year ago.

Other Operating Expenses, excluding provision for impairment and credit losses, increased by 2.33% to ₱9.12 billion from ₱8.91 billion in 2019. Taxes and Licenses went up by ₱22.11 million or 1.43% to ₱1.57 billion from ₱1.55 billion. Depreciation and amortization of Bank's properties and leasehold improvements decreased from ₱910.34 million to ₱899.55 million. Meanwhile, amortization of software costs was recorded at ₱128.14 million. Compensation and Fringe Benefits amounted to ₱3.64 billion while security, messengerial and janitorial services was at ₱438.39 million. Miscellaneous Expenses was registered at ₱2.08 billion versus ₱2.02 billion during the same period last year.

As of December 2020, the Bank set aside ₱6.40 billion in provision for impairment and credit losses.

The Bank also reported share in net income from its investment in Sumisho Motor Finance Corporation (SMFC) amounting to ₱40.30 million from ₱105.91 million as of December 2019.

B. Analysis of Key Performance Indicators

		2022	2021	2020
Return on Average Assets	ROAA	1.40%	0.64%	0.50%
Return on Average Equity	ROAE	10.21%	4.44%	3.21%
Net Interest Margin on				
Average Earning Assets	NIM	4.66%	5.81%	7.26%
Debt-Equity Ratio	DER	6:11:1	6.50:1	5.36:1
Asset-to-Equity Ratio	AER	7:11:1	7.50:1	6.36:1
Interest Rate Coverage Ratio	IRCR	2:52:1	2.51:1	1.31:1
Liquidity/Current Ratio	LR	62.41%	65.57%	43.60%
Capital-to-Risk Assets Ratio	CAR	24.85%	24.29%	19.42%
Earnings per share	EPS	₱8.62	₱3.61	₱2.60

2022 vs. 2021 Comparative highlights on key performance indicators

1. Return on Average Assets (ROAA) increased to 1.40% in 2022 from 0.64% in 2021. ROAA is calculated by dividing the net income by the year-on-year average of the outstanding total assets.
2. Return on Average Equity (ROAE) rose to 10.21% in 2022 from 4.44% in 2021. ROAE measures how well the Bank is using common shareholders' invested money. It is calculated by dividing the net income by the year-on-year average of the outstanding shareholders' equity.
3. Net Interest Margin on Average Earning Assets (NIM) went down from 5.81% in 2021 to 4.66% in. NIM is calculated by dividing the net interest income by the average earning assets.
4. Debt-to-Equity Ratio (DER) went down to 6.11:1 as of December 31, 2022 versus 6.50:1 as of December 31, 2021. DER measures the Bank's financial leverage. This is computed by dividing total liabilities by total stockholder's equity.
5. Asset-to-Equity Ratio (AER) was lower at 7.11:1 in 2022 versus 7.50:1 in 2021. AER is computed by dividing the total assets by total shareholder's equity.
6. Interest Rate Coverage Ratio (IRCR) was at 2.52:1 as of December 31, 2022 and 2.51:1 as of December 31, 2021. IRCR is a measure of the Bank's ability to meet its interest payments on outstanding debt. It is calculated by dividing the total earnings before interest and taxes over interest expense.
7. Liquidity Ratio (LR) increased in 2022 was at 62.41% in 2022 compared to 65.57% in 2021. LR measures the Bank's ability to meet its short-term liabilities. It is derived from dividing the current assets by current liabilities.
8. Capital-to-Risk Assets Ratio (CAR) was better at 24.85% in 2022 versus 24.29% in 2021. CAR is the measure of the Bank's capital strength. It is calculated by dividing the qualified capital by risk-weighted assets as defined by the Bangko Sentral ng Pilipinas (BSP).

9. Earnings per Share (EPS) improved to ₱8.62 in 2022 from ₱3.61 in 2021. EPS is the net profit the Bank has generated per common share. It is computed by dividing the net income by the weighted average number of outstanding common shares.

2021 vs. 2020 Comparative highlights on key performance indicators

1. Return on Average Assets (ROAA) increased to 0.64% in 2021 from 0.50% in 2020. ROAA is calculated by dividing the net income by the year-on-year average of the outstanding total assets.
2. Return on Average Equity (ROAE) increased to 4.44% in 2021 from 3.21% in 2020. ROAE measures how well the Bank is using common shareholders' invested money. It is calculated by dividing the net income by the year-on-year average of the outstanding shareholders' equity.
3. Net Interest Margin on Average Earning Assets (NIM) went down from 7.26% in 2020 to 5.81% in 2021 from 7.26% in 2020. NIM is calculated by dividing the net interest income by the average earning assets.
4. Debt-to-Equity Ratio (DER) increased at 6.50:1 as of December 31, 2021 versus 5.36:1 as of December 31, 2020. DER measures the Bank's financial leverage. This is computed by dividing total liabilities by total stockholder's equity.
5. Asset-to-Equity Ratio (AER) increased to 7.50:1 in 2021 versus 6.36:1 in 2020. AER is computed by dividing the total assets by total shareholder's equity.
6. Interest Rate Coverage Ratio (IRCR) was at 2.51:1 as of December 31, 2021 and 1.31:1 as of December 31, 2020. IRCR is a measure of the Bank's ability to meet its interest payments on outstanding debt. It is calculated by dividing the total earnings before interest and taxes over interest expense.
7. Liquidity Ratio (LR) increased in 2021 at 65.57% compared to 43.60% in 2020. LR measures the Bank's ability to meet its short-term liabilities. It is derived from dividing the current assets by current liabilities.
8. Capital-to-Risk Assets Ratio (CAR) increased to 24.29% in 2021 versus 19.42% in 2020. CAR is the measure of the Bank's capital strength. It is calculated by dividing the qualified capital by risk-weighted assets as defined by the Bangko Sentral ng Pilipinas (BSP).
9. Earnings per Share (EPS) increased to ₱3.61 in 2021 from ₱2.60 in 2020. EPS is the net profit the Bank has generated per common share. It is computed by dividing the net income by the weighted average number of outstanding common shares.

2020 vs. 2019 Comparative highlights on key performance indicators

1. Return on Average Assets (ROAA) decreased to 0.50% in 2020 from 1.31% in 2019. ROAA is calculated by dividing the net income by the year-on-year average of the outstanding total assets.
2. Return on Average Equity (ROAE) decreased from 10.29% in 2019 to 3.21% in 2020. ROAE measures how well the Bank is using common shareholders' invested money. It is calculated by dividing the net income by the year-on-year average of the outstanding shareholders' equity.
3. Net Interest Margin on Average Earning Assets (NIM) went up to 7.26% in 2020 from 5.82% in 2019. NIM is calculated by dividing the net interest income by the average earning assets.
4. Debt-to-Equity Ratio (DER) decreased to at 5.36:1 as of December 31, 2020 versus 5.53:1 as of December 31, 2019. DER measures the Bank's financial leverage. This is computed by dividing total liabilities by total stockholder's equity.
5. Asset-to-Equity Ratio (AER) decreased to 6.36:1 in 2020 versus 6.53:1 in 2019. AER is computed by dividing the total assets by total shareholder's equity.

6. Interest Rate Coverage Ratio (IRCR) was at 1.31:1 as of December 31, 2020 and 1.59:1 as of December 31, 2019. IRCR is a measure of the Bank's ability to meet its interest payments on outstanding debt. It is calculated by dividing the total earnings before interest and taxes over interest expense.

7. Liquidity Ratio (LR) increased in 2020 at 43.60% compared to 19.70% in 2019. LR measures the Bank's ability to meet its short-term liabilities. It is derived from dividing the current assets by current liabilities.

8. Capital-to-Risk Assets Ratio (CAR) increased from 17.76% to 19.42% in 2020. CAR is the measure of the Bank's capital strength. It is calculated by dividing the qualified capital by risk-weighted assets as defined by the Bangko Sentral ng Pilipinas (BSP).

9. Earnings per Share (EPS) decreased to ₱2.60 in 2020 from ₱7.21 in 2019. EPS is the net profit the Bank has generated per common share. It is computed by dividing the net income by the weighted average number of outstanding common shares. EPS for the year ended December 31, 2019 and December 31, 2018 was restated to show the effect of stock dividends issued in 2020.

C. Key Variables and Other Qualitative and Quantitative Factors

Liquidity

PSBank manages its liquidity position to ensure that it has more than adequate funds to meet its obligations at any given time. The Bank monitors its daily liquidity and reserve position by determining inflows and outflows, short-term and long-term obligations, holdings and repayments. Short-term liquidity management identifies obligations and repayments in the next 12-months, aids in the determination of the securities trading strategy, and influences the Bank's pricing mechanism. On the other hand, long-term liquidity management covers maturing obligations and repayments of loans and investments beyond the next 12-months.

The level of liquid assets remained strong, exhibiting healthy growth in both placements with BSP/other banks and investments.

With the Bank's high capitalization, current liquidity position, strong deposit growth trend, continuing development of retail and corporate accounts, and prudent liquidity management, PSBank does not anticipate encountering any cash flow or liquidity problems in the next 12 months. It remains confident of its ability to meet its obligations and is committed to providing the necessary funding to support the projected loan growth, investment activities and expenditures for 2022.

The Bank also performs liquidity stress testing under various stress scenarios to ensure its ability to meet its funding obligations. The Bank has a Liquidity Contingency Funding Plan to anticipate and manage any funding crisis that may occur.

Events that will Trigger Direct or Contingent Financial Obligation

In the normal course of the Bank's operations, there are various outstanding commitments and contingent liabilities such as guarantees and commitments to extend credit, which are part of its lending and related businesses but due to their nature, may not be reflected in the accompanying financial statements. The Bank, however, does not anticipate significant losses as a result of these transactions.

Also, several suit and claims, in behalf or against the Bank in relation to its operations, including labor-related cases are pending before the courts and quasi-judicial bodies. In the opinion of management, these suits and claims, if decided adversely, will not involve an amount having a material effect on the financial statements.

Material Off-Balance Sheet Transactions, Arrangements and Obligations

The following is a summary of the Bank's commitments and contingent liabilities at their equivalent peso contractual amounts:

	2022	2021	2020
Trust department accounts	₱8,825,860,829	₱9,967,034,659	₱8,611,155,604
Stand-by credit lines	122,000,000	21,100,000	41,781,859
Spot foreign exchange and contracts sale	27,877,500	25,499,500	24,011,500
Late deposits/payments received	3,288,413	-	9,521,669
Items held for safekeeping	240,348	308,743	563,320
Others	60,626	63,528	565,680

None of these off-balance sheet transactions, arising in the ordinary course, either individually or in the aggregate, are expected to have a material adverse effect on the Bank's financial condition.

Material Commitments for Capital Expenditures

The Bank's capital expenditures in 2022 included expenses for IT-related activities on systems and licenses, and upgrade of bank premises including infrastructure, furniture, fixtures and equipment. Capital expenditures were sourced from the Bank's capital.

Causes for Any Material Changes from Period to Period of Financial Statements

See previous discussion on Analysis of Statement of Condition and Discussion of Results of Operations.

Known Trends, Events or Uncertainties or Seasonal Aspects

The financial statements of the Bank have been prepared in compliance with Philippine Financial Reporting Standards (PFRS).

Changes in Accounting Policies and Disclosures

The accounting policies adopted by the Bank are consistent with those of the previous financial year, except that it has adopted new accounting pronouncements starting January 1, 2022. These new and revised accounting standards are presented in Note 2 of the Audited Financial Statements. Please refer to Annex A.

Unless otherwise indicated, these new and revised accounting standards have no impact to the Bank.

Information on Independent Accountant and Other Related Matters

SyCip Gorres Velayo & Co. (SGV & Co.), independent certified public accountants, audited the Bank's financial statements without qualification and in accordance with Philippine Standards on Auditing and has expressed its opinion on the fairness of presentation upon completion of its examination, in its report to the stockholders and Board of Directors.

The following table sets out the aggregate fees billed for each of the years ended December 31, 2022 and 2021 for professional services rendered by SGV & Co for the audit of the Bank's annual financial statements.

	2022	2021
Audit and Audit-Related Fees:	₱2,838,350*	₱2,681,057*
Fees for services that are normally provided by the external auditor in connection with statutory and regulatory filings or engagements		

*Exclusive of 10% out-of-pocket expenses and (OPEs) and 12% value added tax (VAT).

Tax and All Other Fees for Services of External Auditor

The Bank has engaged the services of external auditor for compliance, advice, planning and any other form of services during the last three (3) years. The collective fees for each year ended December 31, 2022, 2021 and 2020 amounted to ₱44,000, ₱44,800 and ₱35,000, respectively.

In 2022, non-audit fees paid by the Bank to its external auditors did not outweigh its audit-related fees. These non-audit fees pertain to professional services rendered for PSBank Annual Stockholders Meeting while audit-

related fees pertain to regular year-end financial statement audit. Nonetheless, to ensure that the existing arrangements do not compromise our external auditor's independence, separate engagement agreements and teams handled the said services.

Fees for Services of other Tax Consultant

The Bank also engaged the services of Du-Baladad and Associates for tax consultancy. The collective fees amounted to ₱266,112, ₱288,288 and ₱221,760 for 2022, 2021 and 2020, respectively.

Audit Committee's Approval Policies and Procedures for Above Services

As Metrobank subsidiary, the Bank adopted the Parent's policies and procedures on audit engagement contract for external auditors. The same was discussed and approved by the Audit Committee.

Included in the duties and responsibilities of the Audit Committee as provided for in the Audit Committee Charter are to recommend to the Board the appointment, re-appointment and dismissal of external auditors; to review and evaluate the external auditors' qualifications, performance, independence, and objectivity; and to review the external auditors' audit plan and scope among others.

The following are the members of Bank's Audit Committee:

Committee Members	Position	Attendance	%
EDUARYDO A. SAHAGUN <i>Independent Director</i>	Chairperson	14/14	100%
SAMSON C. LIM <i>Independent Director</i>	Member	14/14	100%

**STATEMENT OF MANAGEMENT'S RESPONSIBILITY
FOR FINANCIAL STATEMENTS**

The management of **Philippine Savings Bank** is responsible for the preparation and fair presentation of the financial statements including the schedules attached therein, for the years ended December 31, 2022 and 2021, in accordance with the prescribed financial reporting framework indicated therein, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the company's financial reporting process.

The Board of Directors reviews and approves the financial statements including the schedules attached therein, and submits the same to the stockholders or members.

SyCip, Gorres, Velayo & Co., the independent auditor appointed by the stockholders, has audited the financial statements of the company in accordance with Philippine Standards on Auditing, and in its report to the stockholders or members, has expressed its opinion on the fairness of presentation upon completion of such audit.

JOSE T. PARDO
Chairman of the Board
JOSE VICENTE L. ALDE
President

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Philippine Savings Bank ("the Bank"), which comprise the statements of condition as at December 31, 2022 and 2021 and the statements of income, statements of comprehensive income, statements of changes in equity and statements of cash flows for each of the three years in the period ended December 31, 2022, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Bank as at December 31, 2022 and 2021, and its financial performance and its cash flows for each of the three years in the period ended December 31, 2022, in accordance with Philippine Financial Reporting Standards (PFRSs).

Basis for Opinion

We conducted our audits in accordance with Philippine Standards on Auditing (PSAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Bank in accordance with the Code of Ethics for Professional Accountants in the Philippines (Code of Ethics) together with the ethical requirements that are relevant to our audit of the financial statements in the Philippines, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying financial statements.

Adequacy of allowance for credit losses on loans and receivables

The Bank's application of the expected credit loss (ECL) model in calculating the allowance for credit losses on loans and receivables is significant to our audit as it involves the exercise of significant management judgment. Key areas of judgment include: segmenting the Bank's credit risk exposures; determining the method to estimate ECL; defining default; identifying exposures with significant deterioration in credit quality; determining assumptions to be used in the ECL model such as the counterparty credit risk rating, the expected life of the financial asset and expected recoveries from defaulted accounts, and impact of any financial support and credit enhancements extended by any party; and incorporating forward-looking information (called overlays) in calculating ECL.

Allowance for credit losses on loans and receivables as of December 31, 2022 amounted to ₱5.8 billion. Provision for credit losses of the Bank in 2022 amounted to ₱1.2 billion.

The disclosures related to the allowance for credit losses on loans and receivables are included in Note 15 to the financial statements.

Audit response

We obtained an understanding of the board-approved ECL methodologies and models used for the Bank's different credit exposures and assessed whether these considered the requirements of PFRS 9, *Financial Instruments*, to reflect an unbiased and probability-weighted outcome, the time value of money, and the best available forward-looking information.

We (a) assessed the Bank's segmentation of its credit risk exposures based on homogeneity of credit risk characteristics; (b) tested the definition of default and significant increase in credit risk criteria against historical analysis of accounts and credit risk management policies and practices in place; (c) tested the Bank's application of internal credit risk rating system by reviewing the ratings of sample credit exposures; (d) assessed whether expected life is different from the contractual life by testing the maturity dates reflected in the Bank's records and considering management's assumptions regarding future collections, advances, extensions, renewals and modifications; (e) tested loss given default by inspecting historical recoveries including the timing, related direct costs, write-offs and collateral valuations, and the effects of any financial support and credit enhancements provided by any party; (f) tested exposure at default considering outstanding commitments and repayment scheme; (g) evaluated the forward-looking information used for overlay through statistical test and corroboration using publicly available information and our understanding of the Bank's lending portfolios and broader industry knowledge; and (h) tested the effective interest rate used in discounting the expected loss.

Further, we compared the data used in the ECL models from source system reports to the data warehouse and from the data warehouse to the loss allowance analysis/models and financial reporting systems. To the extent that the loss allowance analysis is based on credit exposures that have been disaggregated into subsets of debt financial assets with similar risk characteristics, we traced or re-performed the disaggregation from source systems to the loss allowance analysis. We also assessed the assumptions used where there are missing or insufficient data.

We recalculated impairment provisions on a sample basis. We involved our internal specialists in the performance of the above procedures. We reviewed the completeness of the disclosures made in the financial statements.

Recognition of deferred tax assets

As of December 31, 2022, the net deferred tax assets amounted to P280.1 million. The recognition of deferred tax assets is significant to our audit because the assessment process is complex and judgmental and is based on assumptions such as availability of future taxable income and the timing of the reversal of the temporary differences that are affected by expected future market or economic conditions and the expected performance of the Bank. The estimation uncertainty increased, as a result of the effect of coronavirus pandemic, on the macroeconomic factors used in developing the assumptions.

The disclosures in relation to deferred income taxes are included in Note 27 to the financial statements.

Audit response

We involved our internal specialist in interpreting the tax regulations, testing the temporary differences identified by the Bank and the applicable tax rates. We also re-performed the calculation of the deferred tax assets. We evaluated the management's assessment on the availability of future taxable income in reference to financial forecast and tax strategies. We evaluated management's forecast by comparing the loan portfolio and deposit growth rates to the historical performance of the Bank and the industry, including future market circumstances that of the industry and the historical performance of the Bank. We also assessed the timing of the reversal of future taxable and deductible temporary differences.

Other Information

Management is responsible for the other information. The other information comprises the information included in the SEC Form 17-A, SEC Form 20-IS (Definitive Information Statement) and Annual Report for the year ended December 31, 2022 but does not include the financial statements and our auditor's report thereon. The SEC Form 17-A, SEC Form 20-IS (Definitive Information Statement) and Annual Report for the year ended December 31, 2022 are expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audits of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audits, or otherwise appears to be materially misstated.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with PFRSs, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Bank or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Bank's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with PSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with PSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Bank's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Bank to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Reports on the Supplementary Information Required Under Bangko Sentral ng Pilipinas (BSP) Circular No. 1074 and Revenue Regulations No. 15-2010

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information required under BSP Circular No. 1074 in Note 36 and Revenue Regulations No. 15-2010 in Note 37 to the financial statements is presented for purposes of filing with the BSP and Bureau of Internal Revenue, respectively, and is not a required part of the basic financial statements. Such information is the responsibility of the management of Philippine Savings Bank. The information has been subjected to the auditing procedures applied in our audit of the basic financial statements.

In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

The engagement partner on the audit resulting in this independent auditor's report is Veronica Mae A. Arce.

PHILIPPINE SAVINGS BANK

NOTES TO FINANCIAL STATEMENTS

1. Corporate Information

Philippine Savings Bank (the Bank) was incorporated in the Philippines primarily to engage in savings and mortgage banking. The Bank's shares are listed in the Philippine Stock Exchange (PSE). The Bank offers a wide range of products and services such as deposit products, loans, treasury and trust functions that mainly serve the retail and consumer markets. On September 6, 1991, the Bank was authorized to perform trust functions.

As of December 31, 2022 and 2021, the Bank had 250 branches. In 2022, the Bank had 271 Automated Teller Machines (ATMs) in the branches (on-site) and 286 in other locations (off-site) bringing its total number of ATMs to 557 as of December 31, 2022 and 547 as of December 31, 2021.

The Bank's original Certificate of Incorporation was issued by the Securities and Exchange Commission (SEC) on June 30, 1959. On March 28, 2006, the Board of Directors (BOD) of the Bank approved the amendment of Article IV of its Amended Articles of Incorporation to extend the corporate term of the Bank, which expired on June 30, 2009, for another 50 years or up to June 30, 2059. This was subsequently approved by stockholders representing at least two-thirds of the outstanding capital stock of the Bank on April 25, 2006. The Amended Articles of Incorporation was approved by the SEC on September 27, 2006.

On April 27, 2010, by majority vote of the BOD and by stockholders representing two-thirds of the outstanding capital stock, the amendment of Article VI of its Amended Articles of Incorporation reducing the number of directors from a maximum of eleven (11) to a maximum of nine (9) has been approved. This was approved by the SEC on August 26, 2010.

On March 24, 2014, the BOD approved Article III of Articles of Incorporation to specify its principal address from Makati City to PSBank Center, 777 Paseo de Roxas corner Sedeño Street, Makati City 1226. The Amended Articles of Incorporation was approved by the SEC on December 22, 2014.

As of December 31, 2022 and 2021, Metropolitan Bank & Trust Company (MBTC), the Bank's ultimate parent, owned 88.38% of the Bank.

2. Significant Accounting Policies

Basis of Preparation

The accompanying financial statements have been prepared on a historical cost basis except for financial assets and financial liabilities at fair value through profit or loss (FVTPL) and financial assets at fair value through other comprehensive income (FVOCI) that have been measured at fair value. All values are rounded to the nearest peso unless otherwise stated.

The financial statements of the Bank include the accounts maintained in the Regular Banking Unit (RBU) and Foreign Currency Deposit Unit (FCDU). The functional currency of RBU and FCDU is Philippine Peso (PHP) and United States Dollar (USD), respectively. For financial reporting purposes, FCDU accounts and foreign currency-denominated accounts in the RBU are translated into their equivalents in Philippine peso (see accounting policy on Foreign Currency Translation). The financial statements of these units are combined after eliminating inter-unit accounts.

The financial statements provide comparative information in respect of the previous period. In addition, the Bank presents an additional statement of condition at the beginning of the earliest period presented when there is a retrospective application of an accounting policy, a retrospective restatement, or a reclassification of items in financial statements.

Statement of Compliance

The financial statements of the Bank have been prepared in compliance with Philippine Financial Reporting Standards (PFRSs).

Presentation of Financial Statements

The Bank presents its statements of condition in order of liquidity. An analysis regarding recovery of assets or settlement of liabilities within twelve (12) months after the statement of condition date (current) and more than 12 months after the statement of condition date (non-current) is presented in Note 20.

Financial assets and financial liabilities are offset and the net amount is reported in the statements of condition only when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis, or to realize the assets and settle the liability simultaneously. The Bank assesses that it has a currently enforceable right of offset if the right is not contingent on a future event, and is legally enforceable in the normal course of business, event of default, and event of solvency or bankruptcy of the Bank and all of the counterparties.

Income and expenses are not offset in the statements of income unless required or permitted by any accounting standard or interpretation, and as specifically disclosed in the accounting policies of the Bank.

Changes in Accounting Policies and Disclosures

The accounting policies adopted are consistent with those of the previous financial year, except for the adoption of new standards effective as at January 1, 2022. The Bank has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective. Unless otherwise indicated, adoption of these new standards did not have an impact on the financial statements of the Bank.

- Amendments to PFRS 3, *Reference to the Conceptual Framework*

The amendments are intended to replace a reference to the Framework for the Preparation and Presentation of Financial Statements, issued in 1989, with a reference to the Conceptual Framework for Financial Reporting issued in March 2018 without significantly changing its requirements. The amendments added an exception to the recognition principle of PFRS 3, *Business Combinations* to avoid the issue of potential ‘day 2’ gains or losses arising for liabilities and contingent liabilities that would be within the scope of PAS 37, *Provisions, Contingent Liabilities and Contingent Assets* or Philippine IFRIC 21, *Leases*, if incurred separately.

At the same time, the amendments add a new paragraph to PFRS 3 to clarify that contingent assets do not qualify for recognition at the acquisition date.

- Amendments to PAS 16, *Plant and Equipment: Proceeds before Intended Use*

The amendments prohibit entities deducting from the cost of an item of property, plant and equipment, any proceeds from selling items produced while bringing that asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Instead, an entity recognizes the proceeds from selling such items, and the costs of producing those items, in profit or loss.

- Amendments to PAS 37, *Onerous Contracts – Costs of Fulfilling a Contract*

The amendments specify which costs an entity needs to include when assessing whether a contract is onerous or loss-making. The amendments apply a “directly related cost approach”. The costs that relate directly to a contract to provide goods or services include both incremental costs and an allocation of costs directly related to contract activities. General and administrative costs do not relate directly to a contract and are excluded unless they are explicitly chargeable to the counterparty under the contract.

- *Annual Improvements to PFRSs 2018-2020 Cycle*

- Amendments to PFRS 1, *First-time Adoption of Philippines Financial Reporting Standards, Subsidiary as a first-time adopter*

The amendment permits a subsidiary that elects to apply paragraph D16(a) of PFRS 1 to measure cumulative translation differences using the amounts reported by the parent, based on the parent's date of transition to PFRS. This amendment is also applied to an associate or joint venture that elects to apply paragraph D16(a) of PFRS 1.

- Amendments to PFRS 9, *Financial Instruments, Fees in the '10 per cent' test for derecognition of financial liabilities*

The amendment clarifies the fees that an entity includes when assessing whether the terms of a new or modified financial liability are substantially different from the terms of the original financial liability. These fees include only those paid or received between the borrower and the lender, including fees paid or received by either the borrower or lender on the other's behalf.

- Amendments to PAS 41, *Agriculture, Taxation in fair value measurements*

The amendment removes the requirement in paragraph 22 of PAS 41 that entities exclude cash flows for taxation when measuring the fair value of assets within the scope of PAS 41.

Summary of Significant Accounting Policies

Foreign Currency Translation

The financial statements are presented in PHP, which is the Bank's functional and presentation currency.

The books of accounts of the RBU are maintained in PHP, while those of the FCDU are maintained in USD.

RBU

As at reporting date, foreign currency monetary assets and liabilities of the RBU are translated in PHP based on the Bankers Association of the Philippines (BAP) closing rate prevailing at the statement of condition date, and foreign currency-denominated income and expenses, at the exchange rates as at the dates of the transactions. Foreign exchange differences arising from restatements of foreign currency-denominated assets and liabilities in the RBU are credited to or charged against profit or loss in the year in which the rates change. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

FCDU

As at reporting date, the assets and liabilities of the FCDU are translated to the Bank's presentation currency (PHP) at the BAP closing rate prevailing at the statement of condition date, and its income and expenses are translated using the exchange rates as at the dates of the transactions. Exchange differences arising on translation to the presentation currency are taken to the statements of comprehensive income under 'Cumulative translation adjustment'. Upon disposal of the FCDU or upon actual remittance of FCDU profits to RBU, the deferred cumulative amount recognized in the statements of comprehensive income is recognized in the statements of income.

Fair Value Measurement

The Bank measures financial instruments, such as FVTPL investments, financial assets at FVOCI and derivative financial instruments, at fair value at each statement of condition date. Also, fair values of financial instruments measured at amortized cost and non-financial assets such as investment properties are disclosed in Note 4.

Fair value is the estimated price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- in the principal market for the asset or liability, or
- in the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or most advantageous market must be accessible to the Bank.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

If an asset or a liability measured at fair value has a bid price and an ask price (e.g., an input from a dealer market), the price between the bid-ask spread that is most representative of fair value in the circumstances shall be used to measure fair value regardless of where the input is categorized within the fair value hierarchy.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Bank uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Bank determines whether transfers have occurred between Levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Bank has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset and liability and the level of the fair value hierarchy as explained above.

Cash and Cash Equivalents

For purposes of reporting cash flows, cash and cash equivalents include cash and other cash items, due from BSP and other banks, interbank loans receivable and securities purchased under resale agreements (SPURA) that are convertible to known amounts of cash which have original maturities of three months or less from date of placements and that are subject to an insignificant risk of changes in value. Due from BSP includes the statutory reserves required by the BSP which the Bank considers as cash equivalents as withdrawals can be made to meet the Bank's cash requirements as allowed by the BSP.

Financial Instruments - Initial Recognition and Subsequent Measurement

Date of recognition

Purchases or sales of financial assets, except for derivatives, that require delivery of assets within the time frame established by regulation or convention in the marketplace are recognized on the settlement date.

Derivative financial instruments are recognized on a trade date basis. Deposits, amounts due to banks and loans and receivables are recognized when cash is received by the Bank or advanced to the borrowers.

Initial recognition of financial instruments

All financial instruments are initially measured at fair value. Except for financial assets and financial liabilities at FVTPL, the initial measurement of financial instruments includes transaction costs.

Day 1' difference

Where the transaction price in a non-active market is different from the fair value from other observable current market transactions in the same instrument or based on a valuation technique whose variables include only data from observable market, the Bank recognizes the difference between the transaction price and fair value (a 'Day 1' difference) in the statement of income. In cases where the transaction price used is made of data which is not observable, the difference between the transaction price and model value is only recognized in the statement of income when the inputs become observable or when the instrument is derecognized. For each transaction, the Bank determines the appropriate method of recognizing the 'Day 1' difference amount.

Financial Instruments – Classification and Subsequent Measurement

Financial assets are measured at FVTPL unless these are measured at FVOCI or at amortized cost. Financial liabilities are classified as either financial liabilities at FVTPL or financial liabilities at amortized cost. The classification of financial assets depends on the contractual terms and the business model for managing the financial assets. Subsequent to initial recognition, the Bank may reclassify its financial assets only when there is a change in its business model for managing these financial assets. Reclassification of financial liabilities is not allowed.

The Bank determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective. The Bank's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios. As a second step of its classification process, the Bank assesses the contractual terms of financial assets to identify whether they pass the contractual cash flows test (SPPI test).

Investments at FVTPL

Financial assets or financial liabilities at FVTPL

Financial assets and financial liabilities at FVTPL include financial assets and financial liabilities held for trading purposes and derivative instruments.

Financial instruments held-for-trading

Financial assets or financial liabilities held for trading (HFT) are recorded in the statements of condition at fair value. Included in this classification are debt securities which have been acquired principally for the purpose of selling in the near term. Changes in fair value relating to the HFT positions are recognized in 'Trading and securities gains (losses) - net'. Interest earned or incurred is recorded as interest income or expense, respectively, while dividend income is recorded in other operating income under 'Miscellaneous' when the right to receive payment has been established.

Derivatives recorded at FVTPL

Derivative financial instruments are initially recorded at fair value on the date at which the derivative contract is entered into and are subsequently re-measured at fair value. Any gains or losses arising from changes in fair values of derivatives (except those accounted for as cash flow hedges) are taken directly to the statements of income and are included in 'Foreign exchange gain - net'. Derivatives are carried as assets when the fair value is positive and as liabilities when the fair value is negative. As of December 31, 2022 and 2021, derivatives consist of Republic of the Philippines (ROP) paired warrants acquired to manage the Bank's foreign currency risk, lower the risk-weighted assets and improve the capital adequacy ratio of the Bank.

Financial assets at FVOCI

Financial assets at FVOCI include debt and equity securities. After initial measurement, investment securities at FVOCI are subsequently measured at fair value. The unrealized gains and losses arising from the fair valuation of financial assets at FVOCI are excluded, net of tax as applicable, from the reported earnings and are included in the statements of comprehensive income as 'Fair value reserves on financial assets at FVOCI'.

Debt securities at FVOCI are those that meet both of the following conditions: (i) the asset is held within a business model whose objective is to hold the financial assets in order to both collect contractual cash flows and sell financial assets; and (ii) the contractual terms of the financial asset give rise on specified dates to cash flows that are SPPI on the outstanding principal amount. The effective yield component of debt securities at FVOCI, as well as the impact of restatements on foreign currency-denominated debt securities at FVOCI, is reported in the statements of income. Interest earned on holding debt securities at FVOCI are reported as 'Interest income' using the effective interest method. When the debt securities at FVOCI are disposed of, the cumulative gain or loss previously recognized in the statements of comprehensive income is recognized as 'Trading and securities gain (loss) - net' in the statements of income. The ECL arising from impairment of such investments are recognized in OCI with a corresponding charge to 'Provision for credit and impairment losses' in the statements of income.

Equity securities designated at FVOCI are those that the Bank made an irrevocable election to present in OCI the subsequent changes in fair value. Dividends earned on holding equity securities at FVOCI are recognized in the statements of income as 'Dividends' when the right to receive payment has been established, except when the Bank benefits from such proceeds as a recovery of part of the cost of the instrument, in which case, such gains are recorded in OCI. Gains and losses on disposal of these equity securities are never recycled to profit or loss, but the cumulative gain or loss previously recognized in the statements of comprehensive income is reclassified to 'Surplus' or any other appropriate equity account upon disposal. Equity securities at FVOCI are not subject to impairment assessment.

Financial assets at amortized cost

Financial assets at amortized cost are debt financial assets that meet both of the following conditions: (i) these are held within a business model whose objective is to hold the financial assets in order to collect contractual cash flows; and (ii) the contractual terms give rise on specified dates to cash flows that are SPPI on the outstanding principal amount. This accounting policy relates to the statements of condition captions 'Due from BSP', 'Due from other banks', 'Interbank loans receivable and SPURA', 'Investment securities at amortized cost' and 'Loans and receivables'.

After initial measurement, financial assets at amortized cost are subsequently measured at amortized cost using the effective interest method, less impairment in value. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees that are an integral part of the effective interest rate (EIR). The amortization is included in 'Interest income' in the statements of income. Gains and losses are recognized in statements of income when these investments are derecognized or impaired, as well as through the amortization process. The ECL are recognized in the statements of income under 'Provision for credit and impairment losses'. The effects of revaluation on foreign currency denominated investments are recognized in the statements of income.

Other financial liabilities carried at amortized cost

This category represents issued financial instruments or their components, which are not designated at FVTPL and comprises deposit liabilities, bills payable, subordinated notes, treasurer's, cashier's and manager's checks, accrued interest payable, accrued other expenses payable, accounts payable, bills purchased-contra, other credits, dividends payable, deposits for keys-safety deposit boxes (SDB), and overages, where the substance of the contractual arrangement results in the Bank having an obligation either to deliver cash or another financial asset to the holder, or to satisfy the obligation other than by the exchange of a fixed amount of cash or another financial asset for a fixed number of own equity shares.

After initial measurement, financial liabilities not qualified and not designated as FVTPL are subsequently measured at amortized cost using the effective interest amortization method. Amortized cost is calculated by taking into account any discount or premium on the issue and fees that are an integral part of the EIR.

A compound financial instrument which contains both a liability and an equity component is separated at the issue date. A portion of the net proceeds of the instrument is allocated to the debt component on the date of issue based on its fair value (which is generally determined based on quoted market prices for similar debt instruments). The residual amount determined after deducting the fair value of the debt component is assigned to the equity component. The value of any derivative features (such as a call option) embedded in the compound financial instrument other than the equity component is included in the debt component.

Financial Guarantees and Undrawn Loan Commitments

The Bank issues financial guarantees and loan commitments. Financial guarantees are those issued by the Bank to creditors as allowed under existing rules and regulations whereby it guarantees third party obligations by signing as guarantor in the contract/agreement. Undrawn loan commitments and letters of credit are commitments under which over the duration of the commitment, the Bank is required to provide a loan with pre-specified terms to the customer. The nominal contractual value of financial guarantees and undrawn loan commitments, where the loan agreed to be provided is on market terms, are not recorded in the statement of financial position. These contracts are in the scope of the ECL requirements where the Bank estimates the expected portion of the undrawn loan commitments that will be drawn over their expected life. The ECL related to financial guarantees and undrawn loan commitments is recognized in 'Miscellaneous liabilities' under 'Other liabilities'.

Derecognition of Financial Assets and Liabilities

Financial assets

A financial asset (or, where applicable a part of a financial asset or part of a group of financial assets) is primarily derecognized when:

- the rights to receive cash flows from the asset have expired;
- the Bank retains the right to receive cash flows from the asset, but has assumed an obligation to pay them in full without material delay to a third party under a 'pass-through' arrangement;
- the Bank has transferred its rights to receive cash flows from the asset and either:
 - a. the Bank has transferred substantially all the risks and rewards of the asset or
 - b. the Bank has neither transferred nor retained the risks and rewards of the asset but has transferred control over the asset.

Where the Bank has transferred its rights to receive cash flows from an asset or has entered into a 'pass-through' arrangement, and has neither transferred nor retained substantially all the risks and rewards of the asset nor is transferred control over the asset, the asset recognized to the extent of the Bank's continuing involvement in the asset. In this case, the Bank also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Bank has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of original carrying amount of the asset and the maximum amount of consideration that the Bank could be required to repay.

Financial assets are written off either partially or in their entirety only when the Bank has stopped pursuing the recovery. If a write-off is later recovered, any amounts formerly charged are credited to 'Recovery on charged-off assets' under 'Miscellaneous income' in the statements of income.

Modification of financial assets

The Bank derecognizes a financial asset when the terms and conditions have been renegotiated to the extent that, substantially, it becomes a new asset, with the difference between its carrying amount and the fair value of the new asset recognized as a derecognition gain or loss in profit or loss, to the extent that an impairment loss has not already been recorded.

The Bank considers both qualitative and quantitative factors in assessing whether a modification of financial asset is substantial or not. When assessing whether a modification is substantial, the Bank considers the following factors, among others:

- Change in currency
- Introduction of an equity feature

- Change in counterparty
- If the modification results in the asset no longer considered “solely payment for principal and interest”

The Bank also performs a quantitative assessment similar to that being performed for modification of financial liabilities. In performing the quantitative assessment, the Bank considers the new terms of a financial asset to be substantially different if the present value of the cash flows under the new terms, including any fees paid net of any fees received and discounted using the original effective interest rate, is at least 10% different from the present value of the remaining cash flows of the original financial asset.

When the contractual cash flows of a financial asset are renegotiated or otherwise modified and the renegotiation or modification does not result in the derecognition of that financial asset, the Bank recalculates the gross carrying amount of the financial asset as the present value of the renegotiated or modified contractual cash flows discounted at the original EIR (or credit-adjusted EIR for purchased or originated credit-impaired financial assets) and recognizes a modification gain or loss in the statement of income.

When the modification of a financial asset results in the derecognition of the existing financial asset and the subsequent recognition of a new financial asset, the modified asset is considered a ‘new’ financial asset. Accordingly, the date of the modification shall be treated as the date of initial recognition of that financial asset when applying the impairment requirements to the modified financial asset. The newly recognized financial asset is classified as Stage 1 for ECL measurement purposes, unless the new financial asset is deemed to be originated as credit impaired (POCI).

Financial liabilities

A financial liability (or a part of a financial liability) is derecognized when the obligation under the liability is discharged, cancelled or has expired. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability or a part of it are substantially modified, such an exchange or modification is treated as a derecognition of the original financial liability and the recognition of a new financial liability, and the difference in the respective carrying amounts is recognized in the statement of income.

Repurchase and Reverse Repurchase Agreements

Securities sold under agreements to repurchase (SSURA) at a specified future date (‘repos’) are not derecognized from the statements of condition as the Bank retains substantially all the risks and rewards of ownership. The corresponding cash received, including accrued interest, is recognized in the statements of condition as a loan to the Bank under ‘Bills payable’, reflecting the economic substance of such transaction.

Conversely, SPURA at a specified future date (‘reverse repos’) are not recognized in the statements of condition. The consideration paid, including accrued interest, is recognized in the statements of condition as SPURA, and is considered a loan to the counterparty. The difference between the purchase price and resale price is treated as interest income and is accrued over the life of the agreement using the effective interest amortization method.

Reclassification of Financial Assets

The Bank reclassifies its financial assets when there is a change in its business model for managing financial assets. A change in business model occurs when the Bank either begins or ceases to perform an activity that is significant to its operations. The Bank applies the reclassification prospectively from the reclassification date and does not restate any previously recognized gains, losses or interest.

Impairment of Financial Assets

PFRS 9 requires the Bank to record ECL for all loans and other debt financial assets not classified as at FVTPL, together with loan commitments and financial guarantee contracts.

Expected credit loss methodology

ECL represent credit losses that reflect an unbiased and probability-weighted amount which is determined by evaluating a range of possible outcomes, the time value of money and reasonable and supportable information about past events, current conditions and forecasts of future economic conditions. The objective is to record lifetime losses on all financial instruments which have experienced a significant increase in credit risk (SICR)

since their initial recognition. As a result, ECL allowances are now measured at amounts equal to either (i) 12-month ECL or (ii) lifetime ECL for those financial instruments which have experienced a SICR since initial recognition (General Approach). The 12-month ECL is the portion of lifetime ECL that results from default events on a financial instrument that are possible within the 12 months after the reporting date. Lifetime ECL are credit losses that result from all possible default events over the expected life of a financial instrument. In comparison, the previous incurred loss model recognizes lifetime credit losses only when there is objective evidence of impairment.

In select circumstances, accounts are individually assessed to ensure that provisions are appropriate and adequate. Manual loan classification reviews additional qualitative factors and prescribes much higher provisions that is based on portfolio historical experience.

Staging assessment

For non-credit-impaired financial instruments:

- Stage 1 is comprised of all non-impaired financial instruments which have not experienced a SICR since initial recognition. The Bank recognizes a 12-month ECL for Stage 1 financial instruments.
- Stage 2 is comprised of all non-impaired financial instruments which have experienced a SICR since initial recognition. The Bank recognizes a lifetime ECL for Stage 2 financial instruments.

For credit-impaired financial instruments:

- Financial instruments are classified as Stage 3 when there is objective evidence of impairment as a result of one or more loss events that have occurred after initial recognition with a negative impact on the estimated future cash flows of a loan or a portfolio of loans. The ECL model requires that lifetime ECL be recognized for impaired financial instruments.

Definition of “default” and “cure”

As a part of a qualitative assessment of whether a customer is in default, the Bank considers a variety of instances that may indicate unlikelihood to pay. The Bank’s definition of default is aligned with the non-performing loan criteria as prescribed in BSP Circular No. 941. Defaults refer to loans, investments, receivables, or any financial asset, even without any missed contractual payments, that satisfy any of the following conditions (1) impaired under existing accounting standards, (2) classified as doubtful or loss, (3) in litigation, (4) and/or there is evidence that full repayment of principal and interest is unlikely without foreclosure of collateral, if any. All other loans, even if not considered impaired, shall be considered non-performing if any principal and/or interest are unpaid for more than ninety (90) days from contractual due date, or accrued interests for more than ninety (90) days have been capitalized, refinanced, or delayed by agreement. Restructured loans shall be considered non-performing. However, if prior to restructuring, the loans were categorized as performing, such classification shall be retained. Defaults are characterized by financial assets that have objective evidence of impairment at the reporting date and as such classified under Stage 3 ECL treatment.

An instrument is considered to be no longer in default, i.e., to have cured, when it no longer meets any of the default criteria above and there is sufficient evidence to support full collection thru payments received for at least 6 months. Cured accounts are classified under Stage 1 ECL treatment.

Significant increase in credit risk (SICR)

The criteria for determining whether credit risk has increased significantly vary by portfolio and include quantitative changes in probabilities of default and qualitative factors, including a backstop based on delinquency. The credit risk of a particular exposure is deemed to have increased significantly since initial recognition if, based on the Bank’s quantitative models, the borrower or counterparty’s credit rating has deteriorated by at least 2 notches. On the other hand, if based on the Bank’s internal credit assessment, the borrower or counterparty is determined to require close monitoring or with well-defined credit weaknesses, then credit risk may have significantly increased as well. Moreover, if contractual payments are more than 30 days past due threshold, the credit risk is deemed to have increased significantly since initial recognition. Days past due are determined by counting the number of days since the earliest elapsed due date in respect of which amortized payment has not been received. Due dates are determined without considering any grace period that might be available to the borrower. In subsequent reporting periods, if the credit risk of the financial instrument

improves such that there is no longer a SICR since initial recognition, the Bank shall revert to recognizing a 12-month ECL.

ECL parameters and methodologies

ECL is a function of the probability of default (PD), exposure at default (EAD) and loss given default (LGD) with each of the parameter independently modelled.

The PD represents the likelihood that a credit exposure will not be repaid and will go into default in either a 12-month horizon for Stage 1 or lifetime horizon for Stage 2. The PD for each individual instrument is modelled based on historical data and is estimated based on current market conditions and reasonable and supportable information about future economic conditions. The Bank segmented its credit exposures based on homogenous risk characteristics and developed a corresponding PD methodology for each portfolio. The PD methodology for each relevant portfolio is determined based on the underlying nature or characteristic of the portfolio, behavior of the accounts and materiality of the segment as compared to the total portfolio.

EAD is modelled on historical data and represents an estimate of the outstanding amount of credit exposure at the time a default may occur. For off-balance sheet and undrawn amounts, EAD includes an estimate of any further amounts to be drawn at the time of default. LGD is the amount that may not be recovered in the event of default and is modelled based on historical cash flow recovery and reasonable and supportable information about future economic conditions, where appropriate. LGD takes into consideration the amount and quality of any collateral held.

Economic overlays and multiple economic scenarios

The Bank incorporates economic overlays into the measurement of ECL to add a forward-looking risk measure parallel to multiple future macroeconomic atmosphere expectations. A broad range of economic indicators were considered for the economic inputs, such as GDP, GIR change, CPI change, PSE indices, foreign exchange rates and other BSP statistical indicators. The inputs and models used for calculating ECL may not always capture all characteristics of the market at the date of the financial statements. To address this, quantitative adjustments or overlays are occasionally made as temporary adjustments when such differences are significantly material.

The Bank's loans and receivables consist of different portfolios, such as consumption, real estate, commercial and personal loans, as well as other receivables (e.g., sales contract receivables). In compliance with PFRS 9, the Bank developed ECL parameters and methodologies for each portfolio, using historical data as well as forward-looking inputs and assumptions.

Restructured loans

In certain circumstances, the Bank modifies the original terms and conditions of a credit exposure to form a new loan agreement or payment schedule. The modifications can be given depending on the borrower's or counterparty's current or expected financial difficulty. The modifications may include, but are not limited to, changes in maturity date, principal amount from capitalization of accrued interest, terms and conditions from conversion/consolidation or interest rates/repricing cycle that results in an extension in the loan maturity. Distressed restructuring with indications of unlikeliness to pay are categorized as impaired accounts and are initially moved to Stage 3.

The Bank implements a curing policy for restructured accounts compliant with BSP Circular No. 1011. Restructured accounts that have exhibited improvements in creditworthiness may be moved from Stage 3 after a total of one-year probation period. These accounts are transferred to Stage 2 after six months of full payments and consequently transferred to Stage 1 after making the next six months of full payments.

Management continuously reviews restructured loans to ensure that all criteria are met and that future payments are likely to occur. The loans continue to be subjected to an individual or collective impairment assessment, calculated using the loan's original EIR if the original loan has a fixed interest rate and the current repriced rate if the original loan is repriceable. The difference between the recorded value of the original loan and the present value of the restructured cash flows, discounted at the applicable interest rate, is recognized in 'Provision for credit and impairment losses' in the statements of income.

Investment in a Joint Venture

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The considerations made in determining significant influence or joint control are similar to those necessary to determine control over subsidiaries.

The Bank's investment in its joint venture is accounted for using the equity method. Under the equity method, the investment in a joint venture is initially recognized at cost. The carrying amount of the investment is adjusted to recognize changes in the Bank's share of net assets of the joint venture since the acquisition date. Goodwill relating to the joint venture is included in the carrying amount of the investment and is neither amortized nor individually tested for impairment.

The statement of income reflects the Bank's share of the results of operations of the joint venture. Any change in OCI of those investees is presented as part of the Bank's OCI. In addition, when there has been a change recognized directly in the equity of the joint venture, the Bank recognizes its share of any changes, when applicable, in the statement of changes in equity. Unrealized gains and losses resulting from transactions between the Bank and joint venture are eliminated to the extent of the interest in the joint venture.

The aggregate of the Bank's share of profit or loss of a joint venture is shown on the face of the statement of income outside operating profit and represents profit or loss after tax and non-controlling interests in the subsidiaries of the joint venture.

The financial statements of a joint venture are prepared for the same reporting period as the Bank. The length of the reporting period is the same from period to period. When necessary, adjustments are made to bring the accounting policies in line with those of the Bank.

After application of the equity method, the Bank determines whether it is necessary to recognize an impairment loss on its investment in its joint venture. At each statement of condition date, the Bank determines whether there is objective evidence that the investment in the joint venture is impaired. If there is such evidence, the Bank calculates the amount of impairment as the difference between the recoverable amount of the joint venture and its carrying value, then recognizes the loss as 'Share in net income of a joint venture' in the statements of income.

Upon loss of joint control over the joint venture, the Bank measures and recognizes any retained investment at its fair value. Any difference between the carrying amount of the joint venture upon loss of joint control and the fair value of the retained investment and proceeds from disposal is recognized in profit or loss.

Property and Equipment

Land is stated at cost less any impairment in value, while depreciable properties, including building, furniture, fixtures and equipment, and leasehold improvements, are stated at cost less accumulated depreciation and any accumulated impairment losses. The initial cost of property and equipment consists of its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use. Expenditures incurred after the assets have been put into operation, such as repairs and maintenance, are normally charged against profit or loss in the year in which the costs are incurred. In situations where it can be clearly demonstrated that the expenditures have resulted in an increase in the future economic benefits expected to be obtained from the use of property and equipment beyond its originally assessed standard of performance, the expenditures are capitalized as additional cost of property and equipment.

Depreciation is calculated using the straight-line method to write down the cost of the property and equipment to their residual values over their estimated useful lives. Land is not depreciated. The estimated useful lives are as follows:

Buildings	25-50 years
Furniture, fixtures and equipment	3-5 years, depending on the type of assets
Leasehold improvements	5 years or the term of the related lease, whichever is shorter

The assets' residual values, useful lives and methods of depreciation are reviewed, and adjusted if appropriate, at each financial year-end to ensure that these are consistent with the expected pattern of economic benefits from the items of property and equipment.

An item of property and equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of income in the year the asset is derecognized.

The carrying values of property and equipment are reviewed for impairment when events or changes in circumstances indicate the carrying value may not be recoverable. If any such indication exists and where the carrying values exceed the estimated recoverable amount, the asset is written down to its recoverable amount.

Leases

Bank as lessee

The Bank assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. The Bank applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Bank recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

i. Right-of-use assets

The Bank recognizes right-of-use assets (included in 'Property and Equipment') at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognized, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight line basis over the shorter of the lease term and estimated useful lives of the assets as follows:

Office space and warehouses	1 to 20 years
ATM space	1 to 3 years

ii. Lease liabilities

At the commencement date of the lease, the Bank recognizes lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Bank and payments of penalties for terminating a lease, if the lease term reflects the Bank exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognized as expense (unless they are incurred to produce inventories) in the period on which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Bank uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if

there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

The Bank recognizes right-of-use assets and lease liabilities, except for short-term leases and leases of low-value assets. The right-of-use assets were recognized based on the amount equal to the lease liabilities, adjusted for any related prepaid and accrued lease payments previously recognized. Lease liabilities are recognized based on the present value of the remaining lease payments, discounted using the incremental borrowing rate at the date of initial application.

Determining the lease term of contracts with renewal options

The Bank determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

After the commencement date, the Bank reassesses the lease term if there is a significant event or change in circumstances that are within its control and affects its ability to exercise (or not to exercise) the option to renew (e.g., a change in business strategy).

The Bank's lease liabilities are included in 'Other Liabilities'.

iii. Short-term leases and leases of low-value assets

The Bank applies the short-term lease recognition exemption to its short-term leases of office equipment (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of ATMs and office equipment that are considered of low value (i.e., ₱250,000 and below). Lease payments on short-term leases and leases of low-value assets are recognized as expense on a straight-line basis over the lease term.

Investment Properties

Investment properties are measured initially at cost, including transaction costs. An investment property acquired through an exchange transaction is measured at the fair value of the asset acquired unless the fair value of such asset cannot be measured, in which case the investment property acquired is measured at the carrying amount of the asset given up. The difference between the fair value of the asset received and the carrying amount of the asset given up is recorded as 'Gain on foreclosure of real assets and other properties acquired' under 'Gain on foreclosure and sale of investment properties'. Foreclosed properties are classified under investment properties from foreclosure date. Expenditures incurred after the investment properties are recognized, such as repairs and maintenance costs, are normally charged to income in the period in which the costs are incurred.

Subsequent to initial recognition, investment properties are carried at cost less accumulated depreciation and impairment in value, except for land which is stated at cost less impairment in value. Depreciation is calculated using the straight-line method over the remaining useful lives from the time of acquisition of the investment properties. The estimated useful life of building and condominium units ranges from 10 to 40 years.

Investment properties are derecognized when they have either been disposed of or when the investment property is permanently withdrawn from use and no future benefit is expected from its disposal. Any gains or losses on the retirement or disposal of an investment property are recognized in the statement of income in 'Gain on foreclosure and sale of investment properties - net' in the year of retirement or disposal.

Transfers are made to investment properties when, and only when, there is a change in use evidenced by ending of owner occupation, commencement of an operating lease to another party or ending of construction or development. Transfers are made from investment properties when, and only when, there is a change in use evidenced by commencement of owner occupation or commencement of development with a view to sale.

Chattel Mortgage Properties

Chattel mortgage properties comprise of repossessed vehicles. Chattel mortgage properties are stated at cost less accumulated depreciation and impairment in value. Chattel mortgage properties acquired are initially recognized at fair value. Depreciation is calculated using the straight-line method over the remaining useful lives from the time of acquisition of the vehicles. The useful lives of chattel mortgage properties are estimated to be five years.

Chattel mortgage properties are derecognized when they have either been disposed of or when the chattel mortgage property is permanently withdrawn from use and no future benefit is expected from its disposal. Any gains or losses on disposal of chattel mortgage properties are recognized in the statements of income under 'Gain (loss) on foreclosure and sale of chattel mortgage properties- net' in the year of disposal.

Intangible Assets

The Bank's intangible assets include branch licenses and computer software. An intangible asset is recognized only when the cost can be measured reliably, and it is probable that the expected future economic benefits that are attributable to it will flow to the Bank.

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is its fair value as at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and any accumulated impairment losses. Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is reflected in the statements of income in the year in which the expenditure is incurred.

The useful lives of intangible assets are assessed to be either finite or indefinite. Intangible assets with finite lives are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible assets may be impaired. The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at each financial year-end. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset is accounted for by changing the amortization period or method, as appropriate, and they are treated as changes in accounting estimates. The amortization expense on intangible assets with finite lives is recognized in the statements of income under 'Amortization of intangible assets'.

Intangible assets with indefinite useful lives are tested for impairment annually either individually or at the cash-generating unit (CGU) level. Such intangibles are not amortized. The useful life of an intangible asset with an indefinite life is reviewed annually to determine whether indefinite life assessment continues to be supportable. If not, the change in the useful life assessment from indefinite to finite is made on a prospective basis.

Gains or losses arising from the derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statements of income when the asset is derecognized.

Branch licenses

Branch licenses arise from the acquisition of branches from local banks and licenses to operate new branches from the BSP. Branch licenses have indefinite useful lives and are tested for impairment on an annual basis.

Software costs

Software costs are carried at cost less accumulated amortization and any impairment in value. Given the history of rapid changes in technology, computer software are susceptible to technological obsolescence. Therefore, it is likely that their useful life is short. Software costs are amortized on a straight-line basis over five years but maybe shorter depending on the period over which the Bank expects to use the asset.

Impairment of Non-financial Assets

Property and equipment, investment properties and chattel mortgage properties

At each statement of condition date, the Bank assesses whether there is any indication that its non-financial assets may be impaired. When an indicator of impairment exists or when an annual impairment testing for an asset is required, the Bank makes a formal estimate of the recoverable amount. An asset's recoverable amount

is the higher of an asset's or CGU's fair value less costs to sell and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets, in which case the recoverable amount is assessed as part of the CGU to which it belongs. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less cost to sell, an appropriate valuation model is used. These calculations are corroborated by valuation multiples and other available fair value indicators.

An impairment loss is charged to operations in the year in which it arises.

An assessment is made at each statement of condition date as to whether there is any indication that previously recognized impairment losses may no longer exist or may have decreased. If such indication exists, the Bank estimates the asset's or CGU's recoverable amount. A previously recognized impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognized. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceeds the carrying amount that would have been determined, net of depreciation, had no impairment loss been previously recognized. Such reversal is recognized in the statement of income. After such reversal, the depreciation expense is adjusted in future years to allocate the asset's revised carrying amount, less any residual value, on a systematic basis over its remaining life.

Goodwill

Goodwill is reviewed for impairment, annually or more frequently if events or changes in circumstances indicate that the carrying value may be impaired.

Impairment is determined for goodwill by assessing the recoverable amount of the CGU (or group of CGU) to which the goodwill relates. Where the recoverable amount of the CGU (or group of CGU) is less than the carrying amount of the CGU (or group of CGU) to which goodwill has been allocated, an impairment loss is recognized immediately in the statements of income. Impairment losses relating to goodwill cannot be reversed for subsequent increases in its recoverable amount in future periods. The Bank performs its annual impairment test of goodwill as at December 31 of each year.

Intangible assets

Intangible assets with indefinite useful lives are tested for impairment annually as at December 31 of each year, either individually or at the CGU level, as appropriate.

Intangible assets with finite lives are assessed for impairment whenever there is an indication that the intangible asset may be impaired.

Investment in a joint venture

After application of the equity method, the Bank determines whether it is necessary to recognize an impairment loss on the Bank's investment in a joint venture. The Bank determines at each statement of condition date whether there is any objective evidence that the investment a joint venture is impaired. If this is the case, the Bank calculates the amount of impairment as being the difference between the fair value of the investment in the joint venture and the carrying amount and recognizes such amount in the statements of income.

Common Stock

Common stocks are recorded at par. Proceeds in excess of par value are recognized under equity as 'Capital paid in excess of par value' in the statements of condition. Incremental costs incurred which are directly attributable to the issuance of new shares are shown in equity as a deduction from proceeds, net of tax.

Revenue Recognition

Revenue from contracts with customers is recognized upon transfer of services to the customer at an amount that reflects the consideration to which the Bank expects to be entitled in exchange for those services.

The Bank assesses its revenue arrangements against specific criteria in order to determine if it is acting as a principal or agent. The Bank concluded that it is acting as a principal in all of its revenue arrangements.

Service fees and commission income

Fees or components of fees that are linked to a certain performance are recognized after fulfilling the corresponding criteria. These fees include remittance fees, commissions, deposit-related and other credit-related fees.

Income from sale of property and equipment, investment property and chattel mortgage properties

Income from sale of property and equipment, investment property and chattel mortgage properties is included in the profit or loss when the property is derecognized. The gain or loss arising from the derecognition of the property is determined as the difference between the net disposal proceeds and its carrying amount on the date of the transaction.

Revenue outside the scope of PFRS 15

Interest income

For all financial instruments measured at amortized cost and interest-bearing financial instruments classified as financial assets at FVOCI investments, interest income is recorded at the EIR, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset. The calculation takes into account all contractual terms of the financial instrument (for example, prepayment options), including any fees or incremental costs that are directly attributable to the instrument and are an integral part of the EIR.

The carrying amount of the financial asset or financial liability is adjusted if the Bank revises its estimates of payments or receipts. The adjusted carrying amount is calculated based on the original EIR and the change in carrying amount is recorded as 'Interest income'.

Under PFRS 9, when a financial asset becomes credit-impaired and is, therefore, regarded as Stage 3 (as discussed in "Impairment of Financial Assets" above), the Bank calculates interest income by applying the EIR to the net amortized cost of the financial asset. If the financial asset cures and is no longer credit-impaired, the Bank reverts to calculating interest income on a gross basis.

Recovery on charged-off assets

Income arising from collections on accounts or recoveries from impairment of items previously written off are recognized in the year of recovery.

Trading and securities gains (losses) - net

Trading and securities gain (loss) represents results arising from trading activities, including all gains and losses from changes in the fair values of FVTPL investments. It also includes gains and losses realized from sale of debt securities at FVOCI.

Realized gains and losses on disposals of FVTPL investments are calculated using weighted average method. It represents the difference between an instrument's initial carrying amount and disposal amount.

Gain on disposal of investments securities at amortized cost

Gain on disposal of investment securities at amortized cost represents gain realized from sale of peso-denominated debt securities measured at amortized cost.

Rental income

Rental income arising from leased properties is accounted for on a straight-line basis over the lease terms of ongoing leases and is recorded in the statements of income under 'Miscellaneous' in other operating income.

Expense Recognition

Expenses are recognized when it is probable that a decrease in future economic benefit related to a decrease in an asset or an increase in liability has occurred and the decrease in economic benefits can be measured reliably. Revenues and expenses that relate to the same transaction or other event are recognized simultaneously.

Interest expense

Interest expense for all interest-bearing financial liabilities are recognized in 'Interest expense' in the statements of income using the EIR of the financial liabilities to which they relate.

Other expense

Expenses encompass losses as well as those expenses that arise in the ordinary course of business of the Bank. Expenses are recognized when incurred.

Goodwill

Goodwill acquired in a business combination is initially measured at cost being the excess of the acquisition cost over the share in the net fair value of the acquired identifiable assets, liabilities and contingent liabilities. The Bank's goodwill arose from past purchases of branch business/offices from the Parent Company. After initial recognition, goodwill is measured at cost less any accumulated impairment losses.

Retirement Cost

Defined benefit plan

The net defined benefit liability or asset is the aggregate of the present value of the defined benefit obligation at the statement of condition date reduced by the fair value of plan assets, adjusted for any effect of limiting a net defined benefit asset to the asset ceiling. The present value of the defined benefit obligation is calculated annually by an independent actuary. The asset ceiling is the present value of any economic benefits available in the form of refunds from the plan or reductions in future contributions to the plan.

The cost of providing benefits under the defined benefit plan is actuarially determined using the projected unit credit method.

Defined benefit costs comprise the following:

- a. service cost;
- b. net interest on the net defined benefit liability or asset; and
- c. remeasurements of net defined benefit liability or asset.

Service costs, which include current service costs, past service costs and gains or losses on non-routine settlements are recognized as expense in profit or loss. Past service costs are recognized when plan amendment or curtailment occurs. These amounts are calculated periodically by independent qualified actuaries.

Net interest on the net defined benefit liability or asset is the change during the period in the net defined benefit liability or asset that arises from the passage of time which is determined by applying the discount rate based on Philippine government bonds to the net defined benefit liability or asset. Net interest on the net defined benefit liability or asset is recognized as expense or income in profit or loss.

Remeasurements comprising actuarial gains and losses, return on plan assets and any change in the effect of the asset ceiling (excluding net interest on defined benefit liability) are recognized immediately in OCI in the period in which they arise. Remeasurements are not reclassified to profit or loss in subsequent periods.

Plan assets are assets that are held by a long-term employee benefit fund or qualifying insurance policies. Plan assets are not available to the creditors of the Bank, nor can they be paid directly to the Bank. The fair value of plan assets is based on market price information. When no market price is available, the fair value of plan assets is estimated by discounting expected future cash flows using a discount rate that reflects both the risk associated with the plan assets and the maturity or expected disposal date of those assets (or, if they have no maturity, the expected period until the settlement of the related obligations). If the fair value of the plan assets is higher than the present value of the defined benefit obligation, the measurement of the resulting defined benefit asset is limited to the present value of economic benefits available in the form of refunds from the plan or reductions in future contributions to the plan.

The Bank's right to be reimbursed of some or all of the expenditure required to settle a defined benefit obligation is recognized as a separate asset at fair value when and only when reimbursement is virtually certain.

Termination benefits

Termination benefits are employee benefits provided in exchange for the termination of an employee's employment as a result of either an entity's decision to terminate an employee's employment before the normal retirement date or an employee's decision to accept an offer of benefits in exchange for the termination of employment.

A liability and expense for a termination benefit is recognized at the earlier of when the entity can no longer withdraw the offer of those benefits and when the entity recognizes related restructuring costs. Initial recognition and subsequent changes to termination benefits are measured in accordance with the nature of the employee benefit, as either post-employment benefits, short-term employee benefits, or other long-term employee benefits.

Employee leave entitlement

Employee entitlements to annual leave are recognized as a liability when they are accrued to the employees. The undiscounted liability for leave expected to be settled after the end of the annual reporting period is recognized for services rendered by employees up to the end of the reporting period.

Provisions

Provisions are recognized when the Bank has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Where the Bank expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset but only when the reimbursement is virtually certain. The expense relating to any provision is presented in the statement of income, net of any reimbursement. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as 'Interest expense'.

Contingent Liabilities and Contingent Assets

Contingent liabilities are not recognized in the financial statements but are disclosed unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent assets are not recognized but are disclosed in the financial statements when an inflow of economic benefits is probable.

Debt Issue Costs

Issuance, underwriting and other related expenses incurred in connection with the issuance of debt instruments are included in the measurement basis of the underlying debt instruments and are amortized as an adjustment to the interest on the underlying debt instruments using the effective interest method.

Income Taxes

Income tax on profit or loss for the year comprises current and deferred tax. Income tax is determined in accordance with Philippine tax law. Income tax is recognized in the statement of income, except to the extent that it relates to OCI items recognized directly in the statements of comprehensive income.

Current tax

Current income tax is the expected tax payable on the taxable income for the period, using the tax rates enacted at the statement of condition date, together with adjustments to tax payable in respect to prior years.

Deferred tax

Deferred income tax is provided, using the balance sheet liability method, on all temporary differences at the statement of condition date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognized for all taxable temporary differences, including asset revaluations. Deferred tax assets are recognized for all deductible temporary differences and carry forward of unused tax losses and tax credits from excess minimum corporate income tax (MCIT) over the regular corporate income

tax (RCIT), to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and carry forward of unused tax losses and MCIT can be utilized.

The carrying amount of deferred tax assets is reviewed at each statement of condition date and reduced to the extent that it is no longer probable that sufficient future taxable profit will be available to allow all or part of the deferred tax assets to be utilized. Unrecognized deferred tax assets are reassessed at each statement of condition date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax assets to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are applicable to the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the statement of condition date.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and deferred taxes related to the same taxable entity and the same taxation authority.

Current income tax and deferred income tax relating to items recognized directly in OCI is also recognized in OCI and not in the statements of income.

Earnings Per Share

Basic earnings per share (EPS) is computed by dividing net income for the year by the weighted average number of common shares issued and outstanding during the year, after giving retroactive effect to stock dividends declared, stock rights exercised and stock splits, if any, declared during the year.

Dividends on Common Shares

Dividends on common shares are recognized as a liability and deducted from equity when approved by the BOD of the Bank. Dividends for the year that are approved after the statements of condition date are dealt with as subsequent events.

Segment Reporting

The Bank's operating businesses are organized and managed separately according to the nature of the products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. Financial information on business segments is presented in Note 6. The Bank's assets generating revenues are all located in the Philippines (i.e., one geographical location). Therefore, geographical segment information is no longer presented.

Fiduciary Activities

Assets and income arising from fiduciary activities together with related undertakings to return such assets to customers are excluded from the financial statements, where the Bank acts in a fiduciary capacity such as nominee, trustee or agent.

Subsequent Events

Post year-end events that provide additional information about the Bank's position at the statement of condition date (adjusting events) are reflected in the financial statements. Post year-end events that are not adjusting events are disclosed in the notes to the financial statements when material.

Standards Issued but Not Yet Effective

Pronouncements issued but not yet effective are listed below. Unless otherwise indicated, the Bank does not expect the future adoption of the said pronouncements to have a significant impact on its financial statements. The Bank intends to adopt the following pronouncements when they become effective.

Effective beginning on or after January 1, 2023

- Amendments to PAS 1 and PFRS Practice Statement 2, *Disclosure of Accounting Policies*

The amendments provide guidance and examples to help entities apply materiality judgements to accounting policy disclosures. The amendments aim to help entities provide accounting policy disclosures that are more useful by:

- Replacing the requirement for entities to disclose their 'significant' accounting policies with a requirement to disclose their 'material' accounting policies, and
- Adding guidance on how entities apply the concept of materiality in making decisions about accounting policy disclosures

The amendments to the Practice Statement provide non-mandatory guidance. Meanwhile, the amendments to PAS 1 are effective for annual periods beginning on or after January 1, 2023. Early application is permitted as long as this fact is disclosed.

The amendments are not expected to have a material impact on the Bank.

- Amendments to PAS 8, *Definition of Accounting Estimates*

The amendments introduce a new definition of accounting estimates and clarify the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors. Also, the amendments clarify that the effects on an accounting estimate of a change in an input or a change in a measurement technique are changes in accounting estimates if they do not result from the correction of prior period errors.

An entity applies the amendments to changes in accounting policies and changes in accounting estimates that occur on or after January 1, 2023 with earlier adoption permitted.

The amendments are not expected to have a material impact on the Bank.

- Amendments to PAS 12, *Deferred Tax related to Assets and Liabilities arising from a Single Transaction*

The amendments narrow the scope of the initial recognition exception under PAS 12, so that it no longer applies to transactions that give rise to equal taxable and deductible temporary differences.

The amendments also clarify that where payments that settle a liability are deductible for tax purposes, it is a matter of judgement (having considered the applicable tax law) whether such deductions are attributable for tax purposes to the liability recognized in the financial statements (and interest expense) or to the related asset component (and interest expense).

An entity applies the amendments to transactions that occur on or after the beginning of the earliest comparative period presented for annual reporting periods on or after January 1, 2023.

The amendments are not expected to have a material impact on the Bank.

Effective beginning on or after January 1, 2024

- Amendments to PAS 1, *Classification of Liabilities as Current or Non-current*

The amendments clarify:

- That only covenants with which an entity must comply on or before reporting date will affect a liability's classification as current or non-current.
- That classification is unaffected by the likelihood that an entity will exercise its deferral right.
- That only if an embedded derivative in a convertible liability is itself an equity instrument would the terms of a liability not impact its classification

The amendments are effective for annual reporting periods beginning on or after January 1, 2024 and must be applied retrospectively.

The amendments are not expected to have a material impact on the Bank.

- Amendments to PFRS 16, *Lease Liability in a Sale and Leaseback*

The amendments specify how a seller-lessee measures the lease liability arising in a sale and leaseback transaction in a way that it does not recognize any amount of the gain or loss that relates to the right of use retained.

The amendments are effective for annual reporting periods beginning on or after January 1, 2024 and must be applied retrospectively. Earlier adoption is permitted and that fact must be disclosed.

The amendments are not expected to have a material impact on the Bank.

Effective beginning on or after January 1, 2025

- PFRS 17, *Insurance Contracts*

PFRS 17 is a comprehensive new accounting standard for insurance contracts covering recognition and measurement, presentation and disclosure. Once effective, PFRS 17 will replace PFRS 4, *Insurance Contracts*. This new standard on insurance contracts applies to all types of insurance contracts (i.e., life, non-life, direct insurance and re-insurance), regardless of the type of entities that issue them, as well as to certain guarantees and financial instruments with discretionary participation features. A few scope exceptions will apply.

The overall objective of PFRS 17 is to provide an accounting model for insurance contracts that is more useful and consistent for insurers. In contrast to the requirements in PFRS 4, which are largely based on grandfathering previous local accounting policies, PFRS 17 provides a comprehensive model for insurance contracts, covering all relevant accounting aspects. The core of PFRS 17 is the general model, supplemented by:

- A specific adaptation for contracts with direct participation features (the variable fee approach)
- A simplified approach (the premium allocation approach) mainly for short-duration contracts

On December 15, 2021, the FRSC amended the mandatory effective date of PFRS 17 from January 1, 2023 to January 1, 2025. This is consistent with Circular Letter No. 2020-62 issued by the Insurance Commission which deferred the implementation of PFRS 17 by two (2) years after its effective date as decided by the IASB.

PFRS 17 is effective for reporting periods beginning on or after January 1, 2025, with comparative figures required. Early application is permitted.

The amendments are not expected to have a material impact on the Bank.

Deferred effectivity

- Amendments to PFRS 10, *Consolidated Financial Statements*, and PAS 28, *Sale or Contribution of Assets between an Investor and its Associate or Joint Venture*

The amendments address the conflict between PFRS 10 and PAS 28 in dealing with the loss of control of a subsidiary that is sold or contributed to an associate or joint venture. The amendments clarify that a full gain or loss is recognized when a transfer to an associate or joint venture involves a business as defined in PFRS 3. Any gain or loss resulting from the sale or contribution of assets that does not constitute a business, however, is recognized only to the extent of unrelated investors' interests in the associate or joint venture.

On January 13, 2016, the Financial Reporting Standards Council deferred the original effective date of January 1, 2016 of the said amendments until the IASB completes its broader review of the research project on equity accounting that may result in the simplification of accounting for such transactions and of other aspects of accounting for associates and joint ventures.

The amendments are not expected to have a material impact on the Bank.

3. Significant Accounting Judgments, Estimates and Assumptions

The preparation of the financial statements in accordance with PFRS requires the management to make judgments, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities, and the accompanying disclosures, as well as the disclosure of contingent assets and contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets and liabilities affected in future periods. The effects of any change in judgments, estimates and assumptions are reflected in the financial statements as they become reasonably determinable.

Judgments, estimates and assumptions are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Judgments

In the process of applying the Bank's accounting policies, management has made the following judgments, which have the most significant effect on the amounts recognized in the financial statements:

(a) Fair value of financial instruments

When the fair values of financial assets and financial liabilities recorded in the statement of condition or disclosed in the notes to financial statements cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the discounted cash flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility for longer-dated derivatives and discount rates, prepayments and default rates assumptions. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

The fair values of the Bank's financial instruments are disclosed in Note 4.

(b) Classification of financial assets

The Bank classifies its financial assets depending on the business model for managing those financial assets and whether the contractual terms of the financial asset are SPPI on the principal amount outstanding.

The Bank performs the business model assessment based on observable factors such as:

- Performance of the business model and the financial assets held within that business model are evaluated and reported to the Bank's key management personnel
- Risks that affect the performance of the business model (and the financial assets held within that business model) and, in particular, the way those risks are managed
- Compensation of business units whether based on the fair value of the assets managed or on the contractual cash flows collected
- Expected frequency, value and timing of sales

In performing the SPPI test, the Bank applies judgment and considers relevant factors such as the currency in which the financial asset is denominated, the period for which the interest rate is set, contingent events that would change the amount and timing of cash flows, leverage features, prepayment and extension terms and other features that may modify the consideration for the time value of money.

(c) *Leases*

Bank as lessor

The Bank has entered into commercial property leases on its investment properties portfolio and over various items of furniture, fixtures and equipment. The Bank has determined, based on an evaluation of the terms and conditions of the arrangements (i.e., the lease does not transfer ownership of the asset to the lessee by the end of the lease term, the lessee has no option to purchase the asset at a price that is expected to be sufficiently lower than the fair value at the date the option is exercisable and the lease term is not for the major part of the asset's economic life), that it retains all the significant risks and rewards of ownership of these properties which are leased out on operating leases.

Bank as lessee

The Bank determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

Extension and termination options

The Bank has several lease contracts that include extension and termination options. The Bank applies judgment in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors such as leasehold improvements and location that create an economic incentive for it to exercise either the renewal or termination. After the commencement date, the Bank reassess the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise or not to exercise the option to renew or to terminate.

Estimating the IBR for lease liabilities

The Bank cannot readily determine the interest rate implicit in the lease, therefore, it uses its IBR to measure lease liabilities. The IBR for lease liabilities is the rate of interest that the Bank would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment. The Bank estimates the IBR for lease liabilities using observable inputs (by reference to prevailing risk-free rates) adjusted to take into account the entity's credit risk (i.e., credit spread).

The carrying values of the Bank's right-of-use assets and lease liabilities are disclosed in Notes 11, 19 and 25, respectively.

(d) *Evaluation of business model in managing financial assets*

The Bank manages its financial assets based on business models that maintain adequate level of financial assets to match its expected cash outflows, largely arising from customers' withdrawals and continuing loan disbursements to borrowers, while maintaining a strategic portfolio of financial assets for investment and trading activities consistent with its risk appetite.

In determining the classification of a financial instrument under PFRS 9, the Bank developed business models which reflect how it manages its portfolio of financial instruments. The Bank's business models

need not be assessed at entity level or as a whole but applied at the level of a portfolio of financial instruments (i.e., group of financial instruments that are managed together by the Bank) and not on an instrument-by-instrument basis (i.e., not based on intention or specific characteristics of individual financial instrument). The Bank evaluates in which business model a financial instrument or a portfolio of financial instruments belong to taking into consideration the objectives of each business model established by the Bank.

In addition, PFRS 9 emphasizes that if more than an infrequent and more than an insignificant sale is made out of a portfolio of financial assets carried at amortized cost, an entity should assess whether and how such sales are consistent with the objective of collecting contractual cash flows. In making this judgment, the Bank considers certain circumstances documented in its business model manual to assess that an increase in the frequency or value of sales of financial instruments in a particular period is not necessarily inconsistent with a held-to-collect (HTC) business model if the Bank can explain the reasons for those sales and why those sales do not reflect a change in the Bank's objective for the business model.

In 2020, the Bank sold investment securities classified as investment securities at amortized cost with total carrying amount of ₱19.6 billion, resulting in gain on disposal of investment securities at amortized cost totaling ₱1.3 billion. The sale was made as there were changes in the Bank's funding requirements given its assessment on the impact of a prolonged pandemic. In aggregate, the disposals in 2020 were assessed as not inconsistent with the Bank's HTC business model as the disposals were considered infrequent even if significant in value. In 2021, the Bank sold investment securities classified as investment securities at amortized cost with total carrying amount of ₱378.7 million, resulting in gain on disposal of investment securities at amortized cost amounting to ₱11.7 million. The disposal in 2021 was assessed as not inconsistent with the Bank's HTC business model as the disposal was considered infrequent and insignificant in value. Further, the Bank assessed that the disposals did not reflect a change in the Bank's objectives for the HTC business model. Accordingly, the remaining investment securities in the affected HTC portfolio continue to be measured at amortized cost.

Estimates and Assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the statement of condition date, which have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next period, are described below. The Bank based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances beyond the control of the Bank. Such changes are reflected in the assumptions when they occur.

(a) Credit losses on financial assets

The Bank's ECL calculations are outputs of complex models with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. Significant factors affecting the estimates on the ECL model include:

- Segmentation of the portfolio, where the appropriate model or ECL approach is used
- The criteria for assessing if there has been a significant increase in credit risk and so allowances for financial assets should be measured on a lifetime ECL basis and the qualitative assessment. The segmentation of financial assets when their ECL is assessed on a collective basis
- Development of ECL models, including the various formulas and the choice of inputs. In 2022, the Bank redeveloped its ECL models covering the pandemic period data to ensure long-run effectivity of the ECL parameters.
- Determination of associations between macroeconomic scenarios and economic inputs and the effect on PDs, EADs and LGDs
- Selection of forward-looking macroeconomic scenarios and their probability weightings, to derive the economic inputs into the ECL models

The ECL model performance is reviewed periodically, and appropriate measures are taken to ensure provisions for credit losses are adequate.

The gross carrying amounts of financial assets subject to ECL as of December 31, 2022 and the related allowance for credit losses are disclosed in Notes 5 and 15, respectively.

(b) *Impairment of investment properties and chattel mortgage properties*

The Bank assesses impairment on its non-financial assets whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. The factors that the Bank considers important which could trigger an impairment review include the following:

- significant underperformance relative to expected historical or projected future operating results;
- significant changes in the manner of use of the acquired assets or the strategy for overall business; and
- significant negative industry or economic trends.

The Bank recognizes an impairment loss whenever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is computed using the fair value less costs to sell for property and equipment, investment properties and chattel mortgage properties. Recoverable amounts are estimated for individual assets or, if it is not possible, for the CGU to which the asset belongs.

The carrying values of the Bank's investment properties and chattel mortgage properties are disclosed in Notes 12 and 14, respectively.

(c) *Present value of retirement obligation*

The cost of defined benefit pension plans as well as the present value of the pension obligation are determined using actuarial valuations. The actuarial valuation involves making various assumptions. These include the determination of the discount rates, future salary increases, and future pension increases. Due to the complexity of the valuation, the underlying assumptions and its long-term nature, defined benefit obligations are highly sensitive to changes in these assumptions. All assumptions are reviewed at each statement of condition date.

In determining the appropriate discount rate, management considers the interest rates of Philippine government bonds that are denominated in the currency in which the benefits will be paid, with extrapolated maturities corresponding to the expected duration of the defined benefit obligation.

The details of assumptions used in the actuarial valuation and carrying value of the net pension liability are disclosed in Note 24.

(e) *Recognition of deferred tax assets*

Deferred tax assets are recognized for all unused tax and deductible temporary differences to the extent that it is probable that taxable profit will be available against which the losses can be utilized. Significant management judgment is required to determine the amount of deferred tax assets that can be recognized, based upon the likely timing and level of future taxable profits together with future tax planning strategies. The estimates of future taxable income indicate that certain temporary differences will be realized in the future. The Bank have considered the impact of the COVID-19 pandemic on future taxable income and on the recognition of deferred tax assets. The recognized net deferred assets and unrecognized deferred tax assets for the Bank are disclosed in Note 27.

(f) *Contingent liabilities*

The Bank is a defendant in legal actions arising from its normal business activities. Management believes that the ultimate liability, if any, resulting from these cases will not have a material effect on the Bank's financial statements are disclosed in Note 31.

4. Fair Value Measurement

Financial Instruments

The following describes the methodologies and assumptions used to determine the fair values of financial instruments:

Cash and other cash items, due from BSP, due from other banks, interbank loans receivable and SPURA, accounts receivable, accrued interest receivable, bills purchased, RCOI, shortages, and petty cash fund - Carrying amounts approximate fair values due to the relatively short-term maturities of these assets.

Debt investments - Fair values are generally based on quoted market prices. If the market prices are not readily available, fair values are estimated using either values obtained from independent parties offering pricing services or adjusted quoted market prices of comparable investments or using the discounted cash flow methodology, using rates currently available for debt on similar terms, credit risk and remaining maturities.

Equity investments - Fair values are based on quoted prices published in markets.

Receivable from customers, sales contract receivables and security deposits - Fair values are estimated using the discounted cash flow methodology, using the Bank's current lending rates for similar types of loans. The discount rates used range from 4.83% to 36.22% and from 4.20% to 41.76% in 2022 and 2021, respectively.

Demand deposits, savings deposits, treasurer's, cashier's and manager's checks, accrued interest payable, accounts payable, bills purchased-contra, other credits, deposits for keys-SDB, payment orders payable and overages - Carrying amounts approximate fair values due to either the demand nature or the relatively short-term maturities of these liabilities.

Bonds payable and time deposits - Fair values are estimated using the discounted cash flow methodology using the Bank's borrowing rates for similar borrowings with maturities consistent with those remaining for the liability being valued. The discount rates used are the following:

	Discount Rates	
	2022	2021
Bonds payable	4.50%	4.50%
Time deposits	0.13% to 6.00%	0.05% to 6.00%

The inputs used in the fair value measurement based on Level 2 are as follows:

Government securities - interpolated rates based on market rates of benchmark securities as of statement of condition date.

The inputs used in estimating fair values of financial instruments carried at amortized cost and categorized under Level 3 include risk-free rates and applicable risk premium.

Non-financial Assets

Investment properties - Fair values of the investment properties have been determined based on valuations performed by independent external and in-house appraisers using valuation technique with significant inputs that are not based on observable market data (Level 3). The valuation of investment properties was based on the Sales Comparison Approach and considered recent sales of similar or substitute properties in the same areas where the investment properties are located, taking into account the economic conditions prevailing at the time of the valuation. Other factors considered were the location and shape of the properties, environmental issues, development controls such as the height restriction, building coverage and floor area ratio restrictions among others. Other significant unobservable inputs include shape, location, time element, discount and corner influence. The fair value of investment properties is based on its highest and best use, which is its current use.

The following tables summarize the carrying amount and fair values of the Bank's financial instruments and investment properties, analyzed based on the hierarchy described in Note 2 (in thousands):

December 31, 2022					
	Carrying Value	Level 1	Level 2	Level 3	Total Fair Value
Assets measured at fair value:

Bonds payable	4,633,613	-	-	4,625,188	4,625,188
	P149,170,104	P-	P-	P150,807,981	P150,807,981

When fair values of listed equity and debt securities, as well as publicly traded derivatives at the reporting date are based on quoted market prices or binding dealer price quotations, without any adjustments for transaction costs, the instruments are included within Level 1 of the hierarchy.

For all other financial instruments, fair value is determined using valuation techniques. Valuation techniques include net present value techniques, comparison to similar instruments for which market observable prices exist and other revaluation models. Instruments included in Level 3 include those for which there is currently no active market.

As of December 31, 2022 and 2021, there were no transfers between Level 1 and Level 2 fair value measurements, and no transfers into and out of Level 3 fair value measurement.

As of December 31, 2022 and 2021, the Bank determined the market value of its warrants to be zero due to the absence of an active market for the Bank's ROP warrants, as evidenced by the unavailability of quoted market prices.

5. Financial Risk Management Policies and Objectives

The Bank has exposure to the following risks from its use of financial instruments:

- Credit risk
- Market risk
- Liquidity risk

Organization risk management structure continues to be a top-down organization, with the BOD at the helm of all major initiatives.

Discussed below are the relevant sections on roles and responsibilities from the Risk Oversight Committee (ROC) Charter:

Board of Directors (BOD)

The corporate powers of the Bank are vested in and are exercised by the BOD, who conducts its business and controls its property. The BOD approves broad risk management strategies and policies and ensures that risk management initiatives and activities are consistent with the Bank's overall objectives. The BOD appoints the members of the ROC.

Risk Oversight Committee (ROC)

The ROC is composed of at least three members of the Board, the majority of whom are independent directors including its Chairperson. The ROC Chairperson is not the Chairperson of the Board or of any other committee. Members of the ROC possess a range of expertise and adequate knowledge of the Bank's risk exposures to be able to develop appropriate strategies for preventing losses and minimizing the impact of losses when they occur.

The BOD may also appoint non-directors to the ROC as part of the Metrobank Group risk oversight measures. However, only Bank directors shall be considered as voting members of the ROC. Non-voting members are appointed in an advisory capacity.

The ROC oversees the system of limits to discretionary authority that the BOD delegates to the management and ensures that the system remains effective, the limits are observed, and that immediate corrective actions are taken whenever limits are breached.

The ROC meets on a monthly basis and is supported by the Risk Management Office (RMO). In the absence of the ROC Chairman, another Independent Director shall preside. ROC resolutions, which require the concurrence of the majority of its voting members, are presented to the BOD for confirmation.

Risk Management Office (RMO)

The RMO, headed by the Chief Risk and Sustainability Officer, is a function that is independent from executive functions and business line responsibilities, operations and revenue-generating functions. It reports directly to the BOD, through the ROC. The RMO assists the ROC in carrying out its responsibilities by:

- analyzing, communicating, implementing, and maintaining the risk management policies approved by the ROC and the BOD;
- spearheading the regular review of the Bank's risk management policy manual and making or elevating recommendations that enhance the risk management process to the ROC and the BOD, for their approval; and
- ensuring that the risks arising from the Bank's activities are identified, measured, analyzed, reported to and understood by risk takers, management, and the board. The RMO analyzes limit exceptions and recommends enhancements to the limits structure.

The RMO does not assume risk-taking accountability nor does it have approving authority. The RMO's role is to act as liaison and to provide support to the BOD, ROC, the President, management committees, risk takers and other support and control functions on risk-related matters.

The Risk Management Function is responsible for:

- identifying the key risk exposures and assessing and measuring the extent of risk exposures of the Bank and its trust operations;
- monitoring the risk exposures and determining the corresponding capital requirement in accordance with the Basel capital adequacy framework and based on the Bank's internal capital adequacy assessment on an on-going basis;
- monitoring and assessing decisions to accept particular risks whether these are consistent with BOD-approved policies on risk tolerance and the effectiveness of the corresponding risk mitigation measures; and
- reporting on a regular basis to Senior Management and the BOD the results of assessment and monitoring.

President

The President is the Chief Executive Officer of the Bank and has the primary responsibility of carrying out the policies and objectives of the BOD. The President exercises the authorities delegated to him by the BOD and may recommend such policies and objectives he deems necessary for the continuing progress of the Bank.

Risk management

The risk management framework aims to maintain a balance between the nature of the Bank's businesses and the risk appetite of the BOD. Accordingly, policies and procedures are reviewed regularly and revised as the organization grows and as financial markets evolve. New policies or proposed changes in current policies are presented to the ROC and the BOD for approval.

a. Credit risk and concentration of assets and liabilities and off-balance sheet items

Credit risk is the risk that a counterparty will not settle its obligations in accordance with the agreed terms.

The Bank's lending business follows credit policy guidelines set by the BOD, ROC and RMO. These policies serve as minimum standards for extending credit. The people engaged in the credit process are required to understand and adhere to these policies.

Product manuals are in place for all loans and deposit products that actually or potentially expose the Bank to all types of risks that may result in financial or reputational losses. They define the product and the risks associated with the product plus the corresponding risk-mitigating controls. They embody the business plans and define the business parameters within which the product or activity is to be performed.

The system of checks around extension of credit includes approval by at least two credit approvers through the Credit Committee (CreCom), Executive Committee (ExCom) or BOD. The ROC reviews the business strategies and ensures that revenue-generating activities are consistent with the risk tolerance and standards of the Bank. The Internal Audit Group conducts regular audit across all functional units. The BOD, through the ExCom, CreCom and ROC, ensure that sound credit policies and practices are followed through all the business segments.

Credit Approval

Credit approval is the documented acceptance of credit risk in the credit proposal or application.

The Bank's credit decision-making for consumer loans utilizes the recommendation of the credit scoring and is performed at the CreCom level appropriate to the size and risk of each transaction, in conformity with corporate policies and procedures in regulating credit risk activities. The Bank's ExCom may approve deviations or exceptions, while the BOD approves material exceptions such as large exposures, loans to directors, officers, stockholders and other related interests (DOSRI) and related party transactions, and loan restructuring.

Credit delegation limits are identified, tracked and reviewed at least annually by the Bank's Head of Credit and Collections together with the Credit Risk Manager.

Borrower Eligibility

The Bank's credit processing commences when a customer expresses his intention to borrow through a credit application. The Bank gathers data on the customer; ensures they are accurate, up-to-date and adequate to meet the minimum regulatory requirements and to render credit decision. These data are used for the intended purpose only and are managed in adherence to the customer information secrecy law.

The customer's credit worthiness, repayment ability and cash flow are established before credit is extended. The Bank independently verifies critical data from the customer, ensuring compliance with Know Your Customer requirements under the anti-money laundering laws. The Bank requires that customer income be derived from legitimate sources and supported with government-accepted statements of income, assets and liabilities.

The Bank ascertains whether the customer is legally capable of entering a credit contract and of providing a charge over any asset presented as collateral for a loan. Guarantors or sureties may be accepted, provided they are a relative, partner, and have financial interest in the transaction, and they pass all credit acceptance criteria applied to the borrower.

Loan Structure

The Bank structures loans for its customers based on the customer's capability to pay, the purpose of the loan, and for a collateralized loan, the collateral's economic life and liquidation value over time.

The Bank establishes debt burden guidelines and minimum income requirements to assess the customer's capacity to pay.

The Bank utilizes credit bureau data, both external and internal, to obtain information on a customer's current commitments and credit history.

The Bank takes into account environmental and social issues when reviewing credit proposals of small businesses and commercial mortgage customers. The Bank ensures that all qualified securities pass through the BOD for approval. Assignments of securities are confirmed and insurance are properly secured.

The Bank uses credit scoring models and decision systems for consumer loans as approved by the BOD. Borrower risk rating model and facility risk rating model, on the other hand, are available for SME loans, and supported with qualitative evaluation. Regular monitoring of all these tools and their performance is carried out to ensure that they remain effective.

Initial loan limits are recommended by the CreCom and ExCom and approved by the BOD. The Bank ensures that secured loans are within ceilings set by local regulators. Succeeding loan availments are based on account performance and customer's credit worthiness.

Credit Management

The Bank maintains credit records and documents on all borrowings and captures transaction details in its loan systems. The credit risk policies and system infrastructure ensure that loans are monitored and managed at all times.

The Bank's Management Information System provides statistics that its business units need to identify opportunities for improving rewards without necessarily sacrificing risk. Statistical data on product, productivity, portfolio, profitability, performance and projection are made available regularly.

The Bank conducts regular loan review through the ROC, with the support of the RMO. The Bank examines its exposures, credit risk ratios, provisions and customer segments. The Bank's unique customer identification and unique group identification methodology enables it to aggregate credit exposures by customer or group of borrowers. Aggregate exposures of at least ₱100.0 million are put on a special monitoring.

The ROC assesses the adequacy of provisions for credit losses regularly. The Bank's automated loan grading system enables the Bank to set up provision per account. The Bank also performs impairment analyses on loans and receivables, whether on an individual or collective basis, in accordance with PFRS 9.

The Bank carries out stress testing analyses using Board-approved statistical models relating the default trends to macroeconomic indicators.

In 2021, the COVID pandemic that stunted the world's economy lingered. Governments and economies have slowly adapted and the numerous efforts to mitigate the outbreak (such as movement restrictions and vaccines) have started to take their roots and created some level of stability. There has also been an observed shift in credit behavior of individuals, as more have accounted for the fluidity of the pandemic situation before engaging in significant credit-taking activities. With economic recovery close, the Bank gradually relaxed its credit standards for collateralized retail loans and rode the upcoming wave. For the existing portfolios, the Bank recalibrated its ECL models with loan payment data generated from the pandemic period to ensure long-run effectivity of the provisioning process.

In February 2022, Russia launched a full-scale invasion of Ukraine. The United Nations reacted by imposing sanctions to Russia. This caused a major disruption in the value chain and kicked start a significant rise in inflation in the year. With the Russia-Ukraine war dragging-on and the United States increasing interest rates, Philippine inflation is uncomfortably high in the near term and the economic outlook for 2023 is unclear. Despite these troubling signals globally, the Bank's asset quality improved compared to 2021 due to the Bank's portfolio management initiatives. The Bank adjusted the provisioning models for the consumer loan portfolio to account for economic uncertainty. This allowed the Bank to thread the economic situation with reasonable comfortability. To optimize the Bank's credit taking activities, the consumer credit scoring models for mortgage and personal loans were redeveloped. These are expected to increase the Bank's loan portfolio without increasing the Bank's risk profile.

Maximum Exposure to Credit Risk

The tables below show the analysis of the maximum exposure to credit risk of the Bank's financial instruments, excluding those where the carrying values as reflected in the statement of condition and related notes already represent the financial instrument's maximum exposure to credit risk, after taking into account collateral held or other credit enhancements (in thousands):

2022				
	Carrying Amount	Fair Value of Collateral	Maximum Exposure to Credit Risk	Financial Effect of Collateral or Credit Enhancement
Due from other banks	₱2,910	₱3,126	₱1,333	₱1,577
Receivables from customers				
Consumption loans	57,405,346	67,970,467	2,231,688	55,173,658
Real estate loans	40,973,925	66,866,090	9,942,017	31,031,908
Commercial loans	6,211,280	7,379,602	4,447,266	1,764,014
Other receivables				
Accrued interest receivable	2,548,212	763,890	1,784,322	763,890
Sales contract receivable	10,746	30,945	373	10,373
Total credit exposure	₱107,152,419	₱143,014,120	₱18,406,999	₱88,745,420

2021				
	Carrying Amount	Fair Value of Collateral	Maximum Exposure to Credit Risk	Financial Effect of Collateral or Credit Enhancement
Due from other banks	₱1,366,925	₱3,331,790	₱261,139	₱1,105,786
Receivables from customers				
Consumption loans	53,839,278	61,003,357	2,957,725	50,881,553
Real estate loans	44,634,259	68,323,398	11,278,290	33,355,969
Commercial loans	6,880,926	7,212,179	4,578,919	2,302,007
Other receivables				
Accrued interest receivable	2,873,845	1,008,572	1,865,274	1,008,571
Sales contract receivable	17,302	69,713	766	16,536
Total credit exposure	₱109,612,535	₱140,949,009	₱20,942,113	₱88,670,422

An analysis of the maximum credit risk exposure relating to financial assets under Stage 3 as of December 31, 2022 and 2021 is shown below:

2022				
	Carrying Amount	Fair Value of Collateral	Maximum Exposure to Credit Risk	Financial Effect of Collateral or Credit Enhancement
Receivables from customers				
Consumption loans	₱972,919	₱1,345,019	₱102,326	₱870,593
Real estate loans	1,215,207	2,021,570	373,439	841,768
Commercial loans	175,718	435,799	110,434	65,284
Other receivables				
Accrued interest receivable	87,668	35,440	52,228	35,440
Sales contract receivable	8,081	16,556	-	8,081
Total credit exposure	₱2,459,593	₱3,854,384	₱638,427	₱1,821,166

2021				
	Carrying Amount	Fair Value of Collateral	Maximum Exposure to Credit Risk	Financial Effect of Collateral or Credit Enhancement
Receivables from customers

Collateral and Other Credit Enhancements

The amount and type of collateral required depends on an assessment of the credit risk of the counterparty. Guidelines are implemented regarding acceptability of types of collateral and valuation parameters.

The main types of collaterals obtained are as follows:

- For Due from other banks: investment securities
- For SPURA: investment securities
- For commercial lending: mortgages over real estate properties, deposit accounts and securities
- For consumer lending: mortgages over real estate and chattel

Management monitors the market value of collateral, requests additional collateral in accordance with the underlying agreement, and monitors the market value of collateral obtained during its review of the adequacy of the allowance for credit and impairment losses.

It is the Bank's policy to dispose of repossessed properties in an orderly fashion and proceeds are used to repay or reduce the outstanding claim. In general, the Bank does not occupy repossessed properties for business use.

The Bank holds collateral against loans and receivables in the form of real estate and chattel mortgages, guarantees, and other registered securities over assets. Estimates of fair value are based on the value of the collateral assessed at the time of borrowing and generally are updated every two years and when a loan is assessed to be impaired, whenever applicable. The Bank is not allowed to sell or re-pledge collateral held under SPURA in the absence of default by the counterparty. Collateral is usually not held against holdings in investment securities, and no such collateral was held as of December 31, 2022 and 2021.

Concentration of risk is managed by borrower, by group of borrowers, by geographical region and by industry sector. As of December 31, 2022 and 2021, the maximum credit exposure to any borrower, before taking into account any collateral or other credit enhancement amounted to ₱1.0 billion.

The distribution of the Bank's financial assets before taking into account any collateral held or other credit enhancements can be analyzed by the following geographical regions (in thousands):

	2022				
	Loans and Receivables	Loans and Advances to Banks*	Investment Securities**	Others***	Total

Credit Quality

The Bank uses the standard below in defining credit quality.

High Grade exposures show low levels of expected loss. For loans, these accounts should neither be past due nor impaired. The Bank classifies those accounts under current or 1 to 30 days past due status and are not impaired (Stage 1 & 2).

Standard Grade exposures show moderate levels of expected loss. For loans, these accounts should neither be past due nor impaired.

Sub Standard Grade requires a special degree of attention given the increased risk of default. For loans, these accounts should neither be past due nor impaired.

Past Due but Not Credit Impaired are applicable to loan accounts which are classified as delinquent (31-90 days past due) but are not subject to impairment (Stage 2) as of statement of condition date.

Past Due and Credit Impaired. These include loan accounts considered to be delinquent (91+ days past due), non-performing as defined by BSP Circular No. 941.

Description of the internal credit rating system for loans, receivables and stand-by credit lines:

Internal Credit Rating System (ICRS)

The Bank rates accounts on a scale of 1 to 10, with 1 being the best, based on the Board-approved credit ratings which utilize the expected credit loss and qualitative assessments. ICRS rating assessment considers both borrower and facility features.

High Grade (ICRS Rating 1 - 4)

1 - Excellent

An excellent rating is given to a borrower with a very low probability of going into default and/or low loss given default. The Bank's internal rating system has given an outstanding rating to the borrower, indicative of excellent ability to meet credit obligation in full and consistently meet payment commitments. Accounts with excellent rating may have collateral, further diminishing any losses in case of a default.

2 - Strong

This rating is given to borrowers with low probability of going into default in the coming year with low to moderate loss given default. The Bank's internal rating system has given a high rating to the borrower. The borrower has the ability to meet credit obligation in full, except that the borrower may have a history of missing a payment.

3 - Good

This rating is given to borrowers with low to moderate probability of going into default in the coming year with moderate loss given default. These are largely characterized by borrowers with good rating and have historically missed several payments.

4 - Satisfactory

A 'satisfactory' rating is given to a borrower where clear risk elements exist and probability of default is somewhat greater with moderate to high loss given default. These are characterized by borrowers with good rating with a history of default.

Standard Grade (ICRS Rating 5)

5 - Acceptable

An 'acceptable' rating is given to a borrower whose risk elements are sufficiently pronounced although borrower should still be expected to meet their credit obligations in full. These are characterized by borrowers with moderate rating.

Substandard Grade (ICRS Rating 6-8)

6 or 7 - Loan Especially Mentioned

An account assessed to have potential weaknesses which when left uncorrected, may affect the repayment of the account and thus increase credit risk to the Bank, will be assigned this rating.

8 - Substandard

These accounts or portion thereof involves a substantial and an unreasonable degree of risk to the Bank because of unfavorable record or unsatisfactory characteristics. These accounts show possibility of future loss to the Bank unless given closer supervision and well-defined weaknesses that jeopardize the account liquidation.

Past Due but Not Credit Impaired

Otherwise known as under-performing loans, these accounts are characterized as showing signs of deterioration. These include loans that are delinquent by 31-90 days and are not subject to impairment (Stage 2) regardless of ICRS rating.

Past Due and Credit Impaired

Otherwise known as non-performing loans, these accounts are already impaired. These include accounts under Stage 3 ECL, delinquent by 91+ days and considered non-performing as defined by BSP Circular No. 941 regardless of ICRS rating. The following credit ratings will always be classified as credit impaired:

9 - Doubtful

Given to an account assessed to have characteristics where collection and liquidation in full is highly improbable and in which substantial loss is probable.

10 - Loss

Given to an account assessed to loans or portions thereof are considered uncollectible or worthless and of such little value that their continuance as bankable assets are not warranted.

The credit quality of receivables from customers, gross of allowance for credit losses, as of December 31, 2022 and 2021 follows (in thousands):

External Ratings

For investment securities, in ensuring quality investment portfolio, the Bank uses the credit risk rating from published data providers like Moody's, Standard & Poor's (S&P) or other reputable rating agencies.

Presented here is Moody's rating – equivalent S&P rating and other rating agencies applies:

Credit Quality					External Rating					
High grade	Aaa	Aa1	Aa2	Aa3	A1	A2	A3	Baa1	Baa2	Baa3
Standard grade	Ba1	Ba2	Ba3	B1	B2	B3				
Substandard grade	Caa1	Caa2	Caa3	Ca	C					

High grade - represents those investments which fall under any of the following grade:

Aaa - fixed income obligations are judged to be of the highest quality, with the smallest degree of risk.

Aa1, Aa2, Aa3 - fixed income are judged to be of high quality and are subject to very low credit risk, but their susceptibility to long-term risks appears somewhat greater.

A1, A2, A3 - fixed income obligations are considered upper-medium grade and are subject to low credit risk, but have elements present that suggest a susceptibility to impairment over the long term.

Baa1, Baa2, Baa3 - fixed income obligations are subject to moderate credit risk. They are considered medium grade and as such protective elements may be lacking or may be characteristically unreliable.

Standard grade - represents those investments which fall under any of the following grade:

Ba1, Ba2, Ba3 - obligations are judged to have speculative elements and are subject to substantial credit risk.

B1, B2, B3 - obligations are considered speculative and are subject to high credit risk.

Substandard grade - represents those investments which fall under any of the following grade:

Caa1, Caa2, Caa3 - are judged to be of poor standing and are subject to very high credit risk.

Ca - are highly speculative and are likely in, or very near, default, with some prospect of recovery of principal and interest.

C - are the lowest rated class of bonds and are typically in default, with little prospect for recovery of principal or interest.

As of December 31, 2022 and 2021 the following tables show the credit quality of loans and advances to banks (in thousands).

All of the Bank's loan commitments and financial guarantees amounting to P122.0 million and P21.1 million as of December 31, 2022 and 2021, respectively, are classified as high grade under Stage 1.

ECL Methodology Overview

Two modelling approaches are employed to build a consistent framework for the development of all ECL models of the Bank. Both modeling approaches consider past events, current conditions and forecast of economic conditions in assessing impairment.

The complex model approach is used for portfolios with a significant number of historical defaults. This approach is applied to the consumer loan portfolios. These quantitative models are built by applying statistical, economic, financial or mathematical theories, techniques and assumptions to calculate provisions. Where historical data are insufficient to develop statistical models, such as for Business Loans, Account Receivables, Sales Contract Receivables, etc. the simplified ECL approach is employed. The Bank observes the historical PD and LGD of the portfolio and applies forward looking economic data on PD to calculate the ECL.

Classification of Individual/Collective Impairment

The Bank calculates provisions either in a collective or individual basis.

Collective impairment calculates risk provisions by grouping exposures into smaller homogeneous portfolios based on a combination of borrower and account characteristics. Accounts with similar risk attributes (i.e. facility, security, credit rating, months-on-books, utilization and collateral type, etc.) are pooled together for calculating provisions based on the expected credit loss models. All Stage 1 and 2 accounts of the Bank are categorized under collective impairment.

Individual impairment is applicable for all accounts under Stage 3 or accounts deemed as significant exposures and show objective evidence of impairment. The indicators may be default in payment, restructuring, litigation or probable foreclosure.

As of December 31, 2022 and 2021, an analysis by past due status of receivables from customers wherein the SICR is based only on the past due information is as follows:

	2022					
	Number of days past due					
	Up to 30 days	31-60 days	61-90 days	91-180 days	180 days	Total
Receivables from customers

b. Market risk

Market risk management covers the areas of trading and interest rate risks. The Bank utilizes various measurement and monitoring tools to ensure that risk-taking activities are managed within instituted market risk parameters. The Bank revalues its trading portfolios on a daily basis and checks the revenue or loss generated by each portfolio in relation to their level of market risk.

The Bank's risk policies and implementing guidelines are regularly reviewed by the Assets and Liabilities Committee (ALCO), ROC and BOD to ensure that these are up-to-date and in line with changes in the economy, environment and regulations. The ROC and the BOD set the comprehensive market risk limit structure and define the parameters of market activities that the Bank can engage in.

Market risk is the risk to earnings and capital arising from changes in the value of traded portfolios of financial instruments (trading market risk) and from movements in interest rates (interest rate risk). The Bank's market risk originates primarily from holding peso and dollar-denominated debt securities. The Bank utilizes Value-at-Risk (VaR) to measure and manage market risk exposure. VaR estimates the potential decline in the value of a portfolio, under normal market conditions, for a given confidence level over a specified holding period.

Trading activities

The Bank's trading portfolios consist of peso- and dollar-denominated debt securities that are marked-to-market daily.

VaR is a statistical measure that calculates the maximum potential loss from a portfolio over a holding period, within a given confidence level. The Bank's current VaR model is based on a historical simulation methodology with a one-day holding period and a 99% confidence level. The Bank establishes limits for trading portfolios and VaR, and comply with regulatory standards. VaR reports are prepared to closely monitor daily profit and loss against loss triggers and stop-loss limits. These are submitted to Treasury Group and RMO on daily basis and to ROC and BOD on monthly basis. When there is a breach in VaR limits, Treasury Group is expected to close or reduce their position and bring it down within the limit unless approval from the President is obtained to retain the same. All breaches are reported to the President for regularization. In addition to the regularization and approval of the President, breaches in VaR limits and special approvals are likewise reported to the ROC and BOD for their information and confirmation.

The Bank performs back testing to validate the VaR model. Results are reported to the ROC and BOD on a monthly basis. Stress testing is also conducted based on historical maximum percentage daily movement and on various ad-hoc rate shock scenarios to estimate potential losses in a crisis situation.

Responsibility for managing the Bank's trading market risk remains with the ROC. With the support of RMO, the ROC recommends to the BOD changes in market risk limits, approving authorities and other activities that need special consideration.

Discussed below are the limitations and assumptions applied by the Bank on its VaR methodology:

- a. VaR is a statistical estimate and thus, does not give the precise amount of loss;
- b. VaR is not designed to give the probability of bank failure, but only attempts to quantify losses that may arise from a bank's exposure to market risk;
- c. Historical simulation does not involve any distributional assumptions, scenarios that are used in computing VaR are limited to those that occurred in the historical sample; and
- d. VaR systems are backward-looking. It attempts to forecast likely future losses using past data. As such, this assumes that past relationships will continue to hold in the future. Major shifts therefore (i.e., an unexpected collapse of the market) are not captured and may inflict losses much bigger than anything the VaR model may have calculated.

The Bank's interest rate VaR follows (in thousands):

	December 31, 2022		December 31, 2021	
	Peso	USD	Peso	USD
Year-end	1	—	1	—
Average	1	—	2,181	—
High	2	—	8,307	—
Low	1	—	1	—

Non-trading activities

The Bank follows a prudent policy on managing its assets and liabilities to ensure that fluctuations in interest rates are kept within acceptable limits.

One method by which the Bank measures the sensitivity of its assets and liabilities to interest rate fluctuations is by way of "gap" analysis. This analysis provides the Bank with a static view of the maturity and repricing characteristics of the positions in its statement of condition. An interest rate gap report is prepared by classifying all assets and liabilities into various time period categories according to contracted maturities or

anticipated repricing dates, whichever is earlier. Items lacking definitive repricing schedule (e.g., current and savings accounts) are assigned to repricing tenor buckets based on analysis of deposit behavioral patterns, past experience and/or expert judgment. The difference in the amount of assets and liabilities maturing or being repriced in any time period category would then give the Bank an indication of the extent to which it is exposed to the risk of potential changes in net interest income.

The interest rate sensitivity gap report measures interest rate risk by identifying gaps between the repricing dates of assets and liabilities. The Bank's sensitivity gap model calculates the effect of possible rate movements on its interest rate profile.

EaR measures the possible decline in the Bank's net interest income as a result of adverse interest rate movements, given the current repricing profile. It is a tool used to evaluate the sensitivity of the accrual portfolio to changes in interest rates in the adverse direction over the next twelve (12) months. The Bank's EaR limits are based on a percentage of the Bank's projected earnings for the year or capital whichever is lower. The Bank also performs stress-testing to measure the impact of various scenarios based on interest rate volatility and shift in the yield curve. The EaR and stress testing reports are prepared on a monthly basis.

The ALCO is responsible for managing the Bank's structural interest rate exposure. The ALCO's goal is to achieve a desired overall interest rate profile while remaining flexible to interest rate movements and changes in economic conditions. The RMO and ROC review and oversee the Bank's interest rate risks.

The table below demonstrates the sensitivity of equity. Equity sensitivity was computed by calculating mark-to-market changes of debt securities at FVOCI, assuming a parallel shift in the yield curve.

	2022		2021	
	Change in basis points	Sensitivity of equity	Change in basis points	Sensitivity of equity
Currency				
PHP	+10	(P5,101,207)	+10	(P12,904,128)
USD	+10	–	+10	(789,005)
Currency				
PHP	-10	5,106,810	-10	10,445,196
USD	-10	–	-10	792,207

The table below demonstrates the sensitivity of net interest income using the EAR model. Net interest income sensitivity was computed by calculating the changes in the banking book gaps assuming a parallel shift in the yield curve.

	2022		2021	
	Change in basis points	Sensitivity of NII	Change in basis points	Sensitivity of NII
Currency				
PHP	+10	P9,228,360	+10	P9,071,574
USD	+10	(10,587,508)	+10	(10,037,171)
Currency				
PHP	-10	(9,228,360)	-10	(9,071,574)
USD	-10	10,587,508	-10	10,037,171

The Bank employs the Delta EVE model to measure the overall change in the economic value of the bank at one point. It reflects the changes in the net present value of its banking book at different interest rate shocks and stress scenarios. ΔEVE is calculated by slotting the notional repricing cash flows arising from rate-sensitive assets and liabilities into pre-defined tenor buckets. The present value of the net repricing cash flows is then calculated using various interest rate scenarios prescribed by Basel, as well as scenarios internally developed by the Bank.

Foreign Currency Risk

Foreign currency risk is the risk of an investment's value changing due to an adverse movement in currency exchange rates. It arises due to a mismatch in the Bank's foreign currency assets and liabilities. The Bank uses BSP-approved Type 3 Derivative License for plain vanilla FX forwards to manage our FX risk against adverse exchange rate movements.

The Bank's policy is to maintain foreign currency exposure within the approved position, stop loss, loss trigger, VaR limits and to remain within existing regulatory guidelines. To compute for VaR, the Bank uses historical simulation model for USD/PHP FX position, with confidence level at 99.00% and a 1 day holding period. The Bank's VaR for its foreign exchange position for trading and non-trading activities are as follows (in thousands):

	2022 ¹	2021 ¹
As of year-end	₱1,669	₱447
Average	857	544
High	1,669	1,073
Low	263	9

¹Using METRISK Historical Simulation VaR

As of December 31, 2022 and 2021, the Bank is not exposed to significant foreign currency risk.

c. Liquidity risk

The Bank's policy on liquidity management emphasizes on three elements of liquidity, namely, cashflow management, ability to borrow in the interbank market, and maintenance of a stock of high-quality liquid assets. These three approaches complement one another with greater weight being given to a particular approach, depending upon the circumstances. The Bank's objective in liquidity management is to ensure that the Bank has sufficient liquidity to meet obligations under normal and adverse circumstances and is able to take advantage of lending and investment opportunities as they arise.

The main tool that the Bank uses for monitoring its liquidity is the Maximum Cumulative Outflow (MCO) reports, which is also called liquidity gap or maturity matching gap reports. The MCO is a useful tool in measuring and analyzing the Bank's cash flow projections and monitoring liquidity risks.

The MCO is generated by distributing the cash flows of the Bank's assets, liabilities and off-balance sheet items to time bands based on cash flow expectations such as contractual maturity, nature of the account, behavioral patterns and projections on business strategies. The incorporation of behavioral cash flow assumptions and business projections or targets results in a dynamic gap report that realistically captures the behavior of the products and creates a forward-looking cash flow projection.

Cash flows from assets are considered as cash inflows, while cash flows from liabilities are considered cash outflows. The net cash flows are determined for each given time period. If the inflows exceed the outflows, the Bank is said to have a positive liquidity gap or has excess funds for the given time bucket. Conversely, if the outflows exceed the inflows, the Bank is said to have a negative liquidity gap or has funding needs for the given time bucket.

The Bank's Liquidity Contingency Funding Plan (LCFP) projects the Bank's funding position during stress to help evaluate the Bank's funding needs and strategies under various stress conditions.

The Bank discourages dependence on Large Funds Providers (LFPs) and monitors the deposit funding concentrations so that it will not be vulnerable to a substantial drop in deposit level should there be an outflow of large deposits and there are enough high-quality liquid assets to fund LFP withdrawals. ALCO is responsible for managing the liquidity of the Bank while RMO and ROC review and oversee the Bank's overall liquidity risk management.

To mitigate potential liquidity problems caused by unexpected withdrawals of significant deposits, the Bank takes steps to cultivate good business relationships with clients and financial institutions, maintains high level of high-quality liquid assets, monitors the deposit funding concentrations and regularly updates the Liquidity Contingency Funding Plan. The Bank's Liquidity Coverage Ratio (LCR) and Net Stable Funding Ratio (NSFR) are managed on a daily basis to ensure compliance with the required regulatory ratios

Financial assets

Analysis of equity and debt securities at FVTPL and financial assets at FVOCI into maturity groupings is based on the expected date on which these assets will be realized. For other assets, the analysis into maturity grouping is based on the remaining period from the end of the reporting period to the contractual maturity date or if earlier, the expected date the assets will be realized.

Financial liabilities

The maturity grouping is based on the remaining period from the end of the reporting period to the contractual maturity date and does not consider the behavioral pattern of the creditors. When the counterparty has a choice of when the amount is paid, the liability is allocated to the earliest period in which the Bank can be required to pay.

Analysis of Financial Assets and Liabilities by Remaining Maturities

The tables below show the maturity profile of the Bank's financial assets and liabilities based on contractual undiscounted repayment obligations (in millions):

6. Segment Information

The Bank's operating segments are organized and managed separately according to the nature of services provided and the different markets served, with each segment representing a strategic business unit that offers different products and serves different markets. The Bank's reportable segments are as follows:

- Consumer Banking - principally provides consumer-type loans generated by the Home Office;
- Corporate Banking - principally handles loans and other credit facilities for small and medium enterprises, corporate and institutional customers acquired in the Home Office;
- Branch Banking - serves as the Bank's main customer touch point which offers consumer and corporate banking products; and
- Treasury - principally handles institutional deposit accounts, providing money market, trading and treasury services, as well as managing the Bank's funding operations by use of government securities and placements and acceptances with other banks.

These segments are the bases on which the Bank reports its primary segment information. The Bank evaluates performance on the basis of information about the components of the Bank that senior management uses to make decisions about operating matters. There are no other operating segments than those identified by the Bank as reportable segments. There were no inter-segment revenues and expenses included in the financial information. The Bank has no single customer with revenues from which is 10.00% or more of the Bank's total revenue.

The accounting policies of the operating segments are the same as those described in the summary of significant accounting policies. Primary segment information (by business segment) for the years ended December 31, 2022, 2021 and 2020 follows (in thousands):

7. Due from Bangko Sentral ng Pilipinas, Interbank Loans Receivable and Securities Purchased Under Resale Agreements

Due from Bangko Sentral ng Pilipinas

This account consists of the following:

	2022	2021
Demand deposit (Note 16)	₱6,320,243,574	₱6,523,888,060
Term deposit facility	30,023,000,000	39,000,000,000
Overnight deposit facility	1,210,000,000	6,905,000,000
	37,553,243,574	52,428,888,060
Less allowance for impairment losses (Note 15)	—	(1,174,300)
	₱37,553,243,574	₱52,427,713,760

Interbank Loans Receivable and Securities Purchased Under Resale Agreements (SPURA)

This account consists of the following:

	2022	2021
Interbank loans receivable	₱18,405,615	₱—
SPURA	2,651,203,416	4,532,877,908
	₱2,669,609,031	₱4,532,877,908

SPURA are lending to counterparties collateralized by government securities ranging from one to five days. As of December 31, 2022 and 2021, the fair values of government securities held as collateral amounted to ₱2.7 billion and ₱4.5 billion, respectively. The Bank is not permitted to sell or repledge the related collateral in the absence of default by the counterparty.

Interbank call loans (IBCL) represents short-term lending with counterparty banks and other financial institutions. These are highly liquid instruments which mature within one to eight days.

Interest income on Due from BSP, interbank loans receivable and SPURA are as follows:

	2022	2021	2020
Due from BSP	₱1,254,216,130	₱648,063,197	₱221,893,610
IBCL and SPURA			
IBCL (Note 29)	7,862,763	—	7,425,187
SPURA	187,915,814	70,592,184	77,631,132
	195,778,577	70,592,184	85,056,319
	₱1,449,994,707	₱718,655,381	₱306,949,929

SPURA of the Bank bears annual interest rates from 2.00% to 5.50% in 2022, 2.00% in 2021 and from 2.00% to 4.00% in 2020. Foreign currency-denominated IBCLs bear annual interest ranging from 0.32% to 4.33% in 2022, while peso-denominated IBCL of the Bank bear annual interest rate ranging from 2.41% to 3.91% in 2020.

8. Investment Securities

Fair Value Through Profit or Loss (FVTPL) Investments

FVTPL investments consist of the following:

	2022	2021
Government debt securities	₱35,875	₱44,701

The unrealized portion of the trading securities losses on FVTPL investments amounted to ₱0.01 million in 2022, 2021 and 2020, respectively.

Financial Assets at Fair Value through Other Comprehensive Income (FVOCI)

Financial assets at FVOCI consist of the following:

	2022	2021
Debt securities		
Government	₱68,039,300,677	₱58,407,115,734
Private	1,600,771,597	1,845,811,190
Equity securities		
Quoted	20,643,608	13,577,424
	₱69,660,715,882	₱60,266,504,348

As of December 31, 2022 and 2021, the Bank deposited financial assets at FVOCI with total carrying value of ₱180.5 million and ₱128.4 million, respectively, in the form of government bonds with BSP, in compliance with trust regulations (Note 30). As of December 31, 2021, financial assets at FVOCI include Bureau of Treasury bonds pledged by the Bank to MBTC to secure its payroll account with the Bank, with total carrying value of ₱59.7 million.

As of December 31, 2022, and 2021, the ECL on financial assets at FVOCI (included in 'Fair value reserves on financial assets at FVOCI') amounted to ₱1.0 million and ₱11.3 million (Note 15), respectively. Movements in the fair value reserves on financial assets at FVOCI follow:

	2022	2021
Balance at beginning of year	₱2,409,890	₱13,058,180
Gain from sale of financial assets at FVOCI realized in profit or loss	(2,499,021)	(4,000,002)
Changes in allowance for ECL (Note 15)	(10,324,217)	6,384,862
Fair value gain recognized in OCI	(38,369,287)	(13,033,150)
Balance at end of year	(₱48,782,635)	₱2,409,890

Investment Securities at Amortized Cost

Investment securities at amortized cost consist of the following:

	2022	2021
Debt securities		
Government	₱27,932,285,174	₱18,516,211,290
Private	2,508,572,566	2,471,733,103
	30,440,857,740	20,987,944,393
Less allowance for credit losses (Note 15)	18,573,036	25,597,671
	₱30,422,284,704	₱20,962,346,722

As of December 31, 2022, investment securities at amortized cost include Bureau of Treasury bonds pledged by the Bank to MBTC to secure its payroll account with the Bank, with total carrying value of ₱60.1 million.

In 2021, the Bank sold investment securities classified as investment securities at amortized cost with total carrying amount of ₱378.7 million, resulting in gain on disposal of investment securities at amortized cost amounting to ₱1.7 million. The disposal in 2021 was assessed as not inconsistent with the Bank's HTC business model as the disposal was considered infrequent and insignificant in value. Further, the Bank assessed that the disposals did not reflect a change in the Bank's objectives for the HTC business model. Accordingly, the remaining investment securities in the affected HTC portfolio continue to be measured at amortized cost.

In 2020, the Bank sold investment securities classified as investment securities at amortized cost with total carrying amount of ₱19.6 billion, resulting in gain on disposal of investment securities at amortized cost totaling ₱1.3 billion. The sale was made as there were changes in the Bank's funding requirements given its assessment on the impact of a prolonged pandemic. In aggregate, the disposals in 2020 were assessed as not inconsistent with the Bank's HTC business model as the disposals were considered infrequent even if significant in value.

Interest income on investment securities consists of:

	2022	2021	2020
Interest income recognized using EIR			
Financial assets at FVOCI	₱1,590,417,662	₱940,474,154	₱344,157,041
Investment securities at amortized cost	983,839,251	545,545,008	954,314,757
	2,574,256,913	1,486,019,162	1,298,471,798
Interest income recognized using nominal interest rates			
FVTPL investments	2,152	11,272,985	45,039,478
	₱2,574,259,065	₱1,497,292,147	₱1,343,511,276

Peso-denominated financial assets at FVOCI investments bear nominal annual interest rates ranging from 2.38% to 8.13% in 2022, from 0.97% to 8.13% in 2021, and from 4.00% to 8.13% in 2020, while foreign currency-denominated FVOCI investments bear nominal annual interest rates of 5.88% in 2022, 2021 and 2020. EIR on financial assets at FVOCI investments as of December 31, 2022, 2021, and 2020, range from 2.00% to 6.00%, from 0.97% to 9.34%, and from 4.00% to 8.00%, respectively.

On the other hand, peso-denominated investment securities at amortized cost bear EIR ranging from 2.38% to 9.25% in 2022, from 2.38% to 6.90% in 2021, and from 4.82% to 6.88% in 2020, while foreign currency-denominated amortized cost investments bear EIR ranging from 3.00% to 9.50% in 2022, 2021 and 2020.

Trading and securities gains (losses) - net on investment securities consist of:

	2022	2021	2020
Financial assets at FVOCI	₱2,499,021	₱4,000,002	₱248,061,431
FVTPL investments (Note 29)	(43,835)	(1,266,526)	106,368,615
	₱2,455,186	₱2,733,476	₱354,430,046

9. Loans and Receivables

This account consists of:

	2022	2021
Receivables from customers		
Consumption loans	₱60,698,139,340	₱57,972,900,131
Real estate loans	42,188,099,978	45,408,001,767
Commercial loans	6,479,111,462	7,385,089,257
Personal loans (Note 29)	2,223,139,881	2,761,353,150
	111,588,490,661	113,527,344,305
Less unearned discounts and capitalized interest	(185,272,959)	(292,603,641)
	111,403,217,702	113,234,740,664
Other receivables		
Accrued interest receivable	2,610,954,731	3,615,211,724
Accounts receivable (Note 29)	1,452,343,060	744,079,396
Sales contract receivables	10,929,360	17,598,587
	115,477,444,853	117,611,630,371
Less allowance for credit losses (Note 15)	5,780,140,301	7,500,124,545
	₱109,697,304,552	₱110,111,505,826

Personal loans comprise deposit collateral loans, employee salary and consumer loan products such as money card, multi-purpose loan and flexi-loan.

As of December 31, 2022, 2021 and 2020, 40.09%, 42.38%, and 42.92%, respectively, of the total receivables from customers are subject to periodic interest repricing with average EIR of 8.14%, 7.74%, and 7.68% in 2022, 2021 and 2020, respectively. Remaining receivables earn average annual fixed interest rates of 15.95%, 15.91%, and 16.69%, in 2022, 2021 and 2020, respectively.

Interest income on loans and receivables consists of:

	2022	2021	2020
Receivables from customers			
Consumption loans	₱5,666,303,484	₱6,268,592,270	₱9,276,969,797
Real estate loans	3,462,009,203	3,882,390,733	4,122,505,005
Personal loans (Note 29)	585,515,967	1,329,347,250	1,356,660,047
Commercial loans	445,022,995	665,758,611	905,767,767
Other receivables			
Sales contract receivables	666,388	2,685,306	4,363,171
	₱10,159,518,037	₱12,148,774,170	₱15,666,265,787

Interest income from restructured loans amounted to ₱5.9 million, ₱5.0 million, and ₱7.1 million in 2022, 2021, and 2020, respectively.

On March 25, 2020, Republic Act (RA) No. 11469, otherwise known as the Bayanihan to Heal as One Act (“Bayanihan 1 Act”) was enacted. Bayanihan 1 Act provides that all covered institutions shall implement a 30-day grace period for all loans with principal and/or interest and lease amortization falling due within the ECQ Period without incurring interest on interest, penalties, fees and other charges. Subsequently, on September 11, 2020, RA No. 11494, otherwise known as the Bayanihan to Recover as One Act (“Bayanihan 2 Act”), was enacted. Under Bayanihan 2 Act, a one-time sixty (60)-day grace period is granted for the payment of all existing, current and outstanding loans falling due, or any part thereof, on or before December 31, 2020, without incurring interest on interests, penalties, fees, or other charges and thereby extending the maturity of the said loans. Furthermore, a minimum 30-day grace period shall also be granted by covered institutions to all payments due within the period of community quarantine on rent and utility-related expenditures without incurring penalties, interest, and other charges.

In 2020, total modification loss recognized in the statement of income under ‘Miscellaneous income’ amounted to ₱508.8 million (Note 23). Subsequent accretion of modified loans amounted to ₱107.0 million, ₱134.6 million and ₱82.2 million in 2022, 2021 and 2020, respectively (Note 23).

10. Investment in a Joint Venture

The Bank’s investment in a joint venture represents its 30.00% interest in Sumisho Motor Finance Corporation (SMFC) as of December 31, 2022 and 2021.

SMFC was incorporated in the Philippines and registered with the Philippine Securities and Exchange Commission (SEC) on November 26, 2009 and started commercial operations in March 2010. Its principal office is located at 12th Floor, PSBank Center, 777 Paseo de Roxas corner Sedeño Street, Makati City.

SMFC is engaged in the business of lending or leasing to retail customers for their purchase of motorcycles.

Management has assessed that the Bank continues to have joint control over SMFC together with GT Capital, Sumitomo Japan, and Sumitomo Corporation of the Philippines (Sumitomo Group), as all investors are bound by all terms and conditions of the original Joint Venture Agreement between the Bank and Sumitomo Group, where unanimous consent is required from all the parties for SMFC’s relevant activities.

The investment is measured using the equity method. As of December 31, 2022, and 2021, the Bank’s investment in a joint venture amounted to ₱816.3 million and ₱762.9 million, respectively.

Movement in this account follows (in thousands):

	2022	2021
Balance at beginning of year	₱762,926	₱705,477
Share in net income (Note 29)	83,418	41,915
Share in remeasurement gains on retirement plan (Note 29)	–	4,162
Share in hedge reserves (Note 29)	–	22,953
Dividends received	(30,059)	(11,581)
Balance at end of year	₱816,285	₱762,926

The following table illustrates the summarized financial information of SMFC (in thousands):

	2022	2021
Current assets	₱6,422,841	₱6,049,856
Non-current assets	373,076	473,784
Current liabilities	(3,968,926)	(3,920,528)
Non-current liabilities	(106,041)	(60,025)
Net assets	₱2,720,950	₱2,543,087

	2022	2021	2020
Revenues	₱1,548,564	₱1,962,096	₱1,955,338
Costs and expenses	1,159,711	1,588,374	1,732,393
	388,853	373,722	222,945
Provision for income tax	110,792	234,006	88,614
Net income	278,061	139,716	134,331
Other comprehensive income	33,212	90,384	(124,414)
Total comprehensive income	₱311,273	₱230,100	₱9,917

Cost of the investment as of December 31, 2022 and 2021 amounted to ₱600.0 million.

On June 24, 2022, SMFC declared dividends of ₱5.01 per share amounting to a total of ₱100.2 million. The same was paid to shareholders on July 20, 2022.

On June 25, 2021, SMFC declared dividends of ₱1.93 per share amounting to a total of ₱38.6 million. The same was paid to shareholders on July 15, 2021.

SMFC is a private company and there is no quoted market price available for its shares. The net assets of SMFC consist mainly of financial assets and financial liabilities.

The Bank has no share in any contingent liabilities or capital commitments of SMFC as of December 31, 2022 and 2021. There are also no agreements entered into by SMFC that may restrict dividends and other capital contributions to be paid, loans and advances to be made or repaid to or from the Bank as of the said dates.

The ECL allowance on accounts receivables of the Bank based on their aging as of December 31, 2022 and 2021 follows:

Age of accounts receivables	2022	2021
Up to 1 month	₱54,242,512	₱22,003,247
> 1 to 2 months	1,156,531	8,487,475
> 2 to 3 months	4,794,464	662,347
More than 3 months	489,667,213	501,391,945
	₱549,860,720	₱532,545,014

As of December 31, 2022 and 2021, the Bank's undrawn portion of committed credit lines amounted to ₱3.3 billion and ₱3.6 billion, respectively. As of December 31, 2022 and 2021, provision on undrawn portion of committed credit lines amounted to ₱208.3 million and ₱108.1 million, respectively (Note 19).

The details of provisions (reversals) under the statements of income follow:

	2022	2021
Loans and receivables (Note 9)	₱1,206,835,408	₱3,143,756,202
Investment properties (Note 12)	103,982,048	26,850,653
Investment securities	(17,348,853)	9,535,181
Due from other banks	13,572,088	(112,873,568)
Due from BSP	(1,174,300)	185,566
Chattel mortgage (Note 14)	376,045	3,224,190
	₱1,306,242,436	₱3,070,678,224

16. Deposit Liabilities

Interest expense on deposit liabilities consists of:

	2022	2021	2020
Time (Note 29)	₱2,416,715,820	₱1,142,132,528	₱2,136,446,710
LTNCD	295,891,550	393,609,027	393,944,665
Demand (Note 29)	54,394,093	55,002,193	150,040,647
Savings	44,392,032	46,490,171	91,174,935
	₱2,811,393,495	₱1,637,233,919	₱2,771,606,957

Peso-denominated deposit liabilities earn annual fixed interest rates ranging from 0.10% to 6.00% in 2022 and 2021, and from 0.25% to 6.00% in 2020, while foreign currency-denominated deposit liabilities earn annual fixed interest rates ranging from 0.05% to 0.25% in 2022, from 0.05% to 0.38% in 2021, and from 0.18% to 2.00% in 2020. Effective interest rates on deposit liabilities range from 0.10% to 3.94% in 2022, from 0.10% to 3.95% in 2021, and from 0.24% to 3.60% in 2020.

In 2020, the Bangko Sentral ng Pilipinas issued BSP Circular No. 1092 reducing the reserve requirements against deposit and deposit liabilities to 3.00% from 7.00%. As of December 31, 2022 and 2021, Due from BSP amounting to ₱6.3 billion and ₱6.5 billion, respectively, was set aside as reserves for deposit liabilities. As reported to the BSP, the Bank is in compliance with such regulations as of December 31, 2022 and 2021.

On December 8, 2016, the BSP authorized the Bank to issue LTNCDs up to ₱10.0 billion through one or multiple tranches over a period of one year. On January 30, 2017, the Bank issued the first tranche of LTNCDs amounting to ₱3.4 billion with a tenor of five (5) years and three (3) months and due on April 30, 2022 with interest rate of 3.50% per annum payable quarterly. The minimum investment size for the LTNCDs is ₱50,000 with increments of ₱50,000 thereafter. Subject to BSP Rules, the Bank has the option to pre-terminate the LTNCDs as a whole but not in part, prior to maturity and on any interest payment date at face value plus accrued interest covering the accrued and unpaid interest.

On July 13, 2018, the BSP authorized the Bank to issue LTNCDs up to ₱15.0 billion through one or multiple tranches over a period of one year. On August 9, 2018, the Bank issued the first tranche of LTNCDs amounting to ₱5.1 billion with a tenor of five (5) years and six (6) months and due on February 9, 2024 with interest rate of 5.00% per annum payable quarterly. The minimum investment size for the LTNCDs is ₱50,000 with increments of ₱50,000 thereafter. Subject to BSP Rules, the Bank has the option to pre-terminate the LTNCDs as a whole but not in part, prior to maturity and on any interest payment date at face value plus accrued interest covering the accrued and unpaid interest.

As of December 31, 2022 and 2021, deferred financing cost on LTNCDs amounted to ₱6.9 million and ₱18.0 million, respectively. Amortization of deferred financing cost amounted to ₱9.8 million in 2022, and ₱16.1 million in 2021.

17. Bills Payable and Bonds Payable

Bills Payable

As of December 31, 2022, these include SSURA amounting to ₱1.2 billion which pertains to borrowings from counterparties secured by pledge of government securities with maturities ranging from 48 to 61 days and annual interest rate ranges from 5.05% to 5.09%. No transaction as of December 31, 2021.

On December 10, 2018, the Bank issued MTFNs amounting to 3.0 billion with a tenor of one (1) year and six (6) months and due on June 10, 2020 with interest rate of 7.07% per annum payable quarterly. Interest payment dates shall commence on March 10, 2019 and up to and including the maturity date. The minimum investment size for the MTFNs is ₱10.0 million with increments of ₱0.1 million thereafter.

On June 10, 2020, the Bank paid its outstanding MTFNs.

Interest expense on bills payable in 2022, 2021, and 2020 amounted to ₱21.9 million, ₱42.0 thousand, and ₱110.4 million, respectively (Note 29).

Bonds Payable

On February 4, 2020, the Bank issued fixed rate bonds amounting to ₱4.7 billion with a tenor of three (3) years and due on February 4, 2023 with interest rate of 4.5% per annum payable quarterly. The minimum investment size for the bonds payable is ₱0.5 million with increments of ₱0.1 million thereafter. As of December 31, 2022 and 2021, the carrying amount of these bonds is ₱4.6 billion. Debt issuance cost related to the issuance amounted to ₱42.7 million.

Interest expense incurred on bonds due in 2023 amounted to ₱224.0 million in 2022, ₱223.4 million in 2021 and ₱202.3 million in 2020. Amortization of debt issuance costs amounted to ₱14.8 million in 2022, ₱14.2 million in 2021 and ₱12.1 million in 2020.

On July 24, 2019, the Bank issued fixed rate bonds amounting to ₱6.3 billion with a tenor of two (2) years and due on July 24, 2021 with interest rate of 5.6% per annum payable quarterly. The minimum investment size for the bonds payable is ₱0.5 million with increments of ₱0.1 million thereafter. Debt issuance cost related to the issuance amounted to ₱56.9 million. The ₱6.3 billion fixed rate bonds matured in July 2021.

Interest expense incurred on bonds due in 2021 amounted to ₱214.1 million in 2021 and ₱381.1 million in 2020. Amortization of debt issuance costs amounted to ₱17.1 million in 2021 and ₱28.3 million in 2020.

18. Accrued Taxes, Interest and Other Expenses

This account consists of:

	2022	2021
Accrued interest payable	₱505,829,516	₱204,438,974
Accrued other taxes and licenses payable	266,157,660	218,413,671
Accrued other expenses payable (Note 29)	1,734,229,560	1,261,909,590
	₱2,506,216,736	₱1,684,762,235

Accrued other expenses payable consist of:

	2022	2021
Litigation	₱587,480,311	₱460,109,088
Compensation and fringe benefits	392,066,163	225,623,472
Insurance (Note 29)	210,077,209	215,458,650
Information technology (Note 29)	153,439,962	90,402,560
Security, messengerial and janitorial	81,558,182	79,166,401
Advertising	64,536,154	56,241,988
Repairs and Maintenance	62,182,060	—
Rental - ATM Offsites	39,542,282	37,884,687
ATM maintenance	31,025,175	21,023,745
Donations	13,355,355	16,732,750
Membership, fees and dues	3,773,951	3,773,951
Professional and consultancy fees	—	1,438,093
Miscellaneous	95,192,756	54,054,205
	₱1,734,229,560	₱1,261,909,590

Compensation and fringe benefits include bonuses, as well as medical, dental and hospitalization benefits.

Miscellaneous include accruals for ATM rentals, utilities and maintenance and other expenses.

19. Other Liabilities

This account consists of:

	2022	2021
Financial liabilities		
Accounts payable (Note 29)	₱2,087,042,216	₱1,501,794,285
Lease liabilities (Note 25)	1,322,931,895	1,278,685,842
Other credits	169,110,872	171,819,823
Overages	3,226,191	2,759,164
Deposit for keys - SDB	749,270	758,770
	3,583,060,444	2,955,817,884
Non-financial liabilities		
Provision on undrawn portion of committed credit lines	208,286,386	108,115,156
Withholding taxes payable	120,565,498	47,805,315
Sundry credits	149,968,105	12,028,531
Due to the Treasurer of the Philippines	20,417,050	22,027,747
SSS, Medicare, ECP and HDMF premium payable	17,276,348	14,186,612
Miscellaneous (Note 29)	54,793,755	44,414,450
	571,307,142	248,577,811
Total	₱4,154,367,586	₱3,204,395,695

Accounts payable includes payable to suppliers and service providers, and loan payments and other charges received from customers in advance.

Other credits represent long-outstanding unclaimed cashier's checks.

Sundry credits represent various items or transactions which cannot be classified immediately under any credit account and subsequently classified to proper credit accounts the following month.

Miscellaneous liabilities include incentives for housing loan customers that are compliant with the payment terms amounting to ₱16.1 million, and ₱22.2 million, as of December 31, 2022 and 2021, respectively.

20. Maturity Analysis of Assets and Liabilities

The following table shows an analysis of assets and liabilities analyzed according to whether they are expected to be recovered or settled within one year and beyond one year from the statement of condition dates (in thousands):

	December 31			2021

21. Equity

Issued Capital

As of December 31, 2022 and 2021, the Bank's capital stock consists of:

	2022		2021	
	Shares	Amount	Shares	Amount
Authorized common stock - ₱10.0 par value	600,000,000	₱6,000,000,000	600,000,000	₱6,000,000,000
Issued and outstanding				
Beginning balance	426,859,416	₱4,268,594,160	426,859,416	₱4,268,594,160
Ending balance	426,859,416	₱4,268,594,160	426,859,416	₱4,268,594,160

The Bank became listed in the Philippine Stock Exchange (PSE) on October 10, 1994. Subsequently, the SEC approved the increase in the capital stock of the Bank. The summarized information on the Bank's registration of securities under the Securities Regulation Code follows:

Date of SEC Approval	Type	Authorized Shares	Par Value
August 16, 1995	Common	300,000,000	₱10
October 8, 1997	Common	425,000,000	₱10

As of December 31, 2022 and 2021, the total number of stockholders is 1,443, and 1,447, respectively, with share price closed at ₱56.5.

On November 28, 2018, the PSE approved the application of the Bank for the listing of additional 142,856,925 common shares to cover the Bank's 1:1.68177 stock rights offering at an offer price of 56.0 per share or additional capital of ₱8.0 billion. The Bank successfully completed 8.0 billion stock rights offer and shares were listed on January 18, 2019 in the PSE. Capital paid in excess of par related to the offering amounted to ₱6.5 billion, net of transactions costs of ₱101.5 million.

On March 12, 2019, the BOD approved (a) the amendment of the AOI to increase the authorized capital stock from ₱4.25 billion to ₱6.00 billion and (b) the declaration of a 11.42% stock dividend equivalent to 43,750,000 shares amounting to ₱2.57 billion representing the minimum 11.42% subscription and paid-up capital for the increase in the authorized capital stock of the Bank which were ratified by the stockholders representing at least 2/3 of the outstanding capital stock on April 15, 2019. These were approved by BSP on August 8, 2019 and by the SEC on November 20, 2019. Following this, the authorized capital stock of the Bank increased from ₱4.25 billion to ₱6.00 billion consisting of 600.00 million common shares with par value of ₱10.00 per share.

On January 16, 2020, the Bank received the SEC order fixing the record date of the 11.42% stock dividend on January 31, 2020. The 11.42% stock dividend was issued on February 21, 2020 with record date on January 31, 2020. On February 17, 2020, the PSE approved the listing of such stock dividend. Capital paid in excess of par related to the issuance of stock dividend amounted to ₱2.1 billion.

Dividends Paid and Proposed

Details of the Bank's dividend distributions as approved by the Bank's BOD and the BSP follow:

Cash Dividends

Stock Dividends				
Date of declaration	Per share	Total amount	Record date	Payment date
March 12, 2019	11.42%	P=	January 31, 2020	February 21, 2020

On October 9, 2015, the BSP issued Circular No. 888, Amendments to Regulations on Dividend Declaration and Interest Payments on Tier 1 Capital Instruments, which liberalized said rules in the sense that prior BSP verification and approval is no longer required except for banks with major supervisory concerns. However, banks are bound to comply with the provisions of Section X136 of the Manual of Regulations for Banks (MORB) and its subsections, including the submission of documentary requirements under Subsection X136.4 of the MORB. Otherwise, banks, subsequently found to have violated the provisions on dividend declaration or have falsely certified/submitted misleading statements shall be reverted to the prior BSP verification wherein the bank can only make an announcement or communication on the declaration of the dividends or payment of dividends thereon upon receipt of BSP advice thereof. The Bank is compliant with the said circular.

The computation of surplus available for dividend declaration in accordance with SEC Memorandum Circular No. 11 issued in December 2008 differs to a certain extent from the computation following BSP guidelines.

In compliance with BSP regulations, 10.00% of the Bank's profit from trust business is appropriated to surplus reserves. This annual appropriation is required until the surplus reserves for trust business equals 20.00% of the Bank's authorized capital stock.

A portion of the surplus corresponding to the accumulated net earnings of a joint venture is not available for dividend declaration until receipt of cash dividends from the investee.

Capital Management

The primary objectives of the Bank's capital management are to ensure that the Bank complies with externally imposed capital requirements, as mandated by the BSP, and that the Bank maintains healthy capital ratios in order to support its business and maximize returns for its shareholders. The Bank considers its paid in capital and surplus as its capital.

The Bank manages its capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristics of its activities. In order to maintain or adjust the capital structure, the Bank may adjust the amount of dividend payments to shareholders or issue capital securities. The major activities in this area include the following:

- The Bank issued additional common shares for its qualified stockholders in 2008 and 2006 through stock rights offerings that raised P2.0 billion and P750.0 million in capital, respectively.
- On October 21, 2016, the BOD approved the Bank's updated Dividend Policy which provides, among others, the declaration and payment of cash dividends at a rate of P0.75 per share on a quarterly basis unless approved by a majority vote of the BOD at a different rate or otherwise restricted/prohibited from declaring/paying dividends.

Regulatory Qualifying Capital

Under existing BSP regulations, the determination of the Bank's compliance with regulatory requirements and ratios is based on the amount of the Bank's unimpaired capital (regulatory capital) as reported to the BSP. This is determined on the basis of regulatory accounting policies which differ from PFRS in some respects.

In addition, the risk-based capital ratio of a bank, expressed as a percentage of qualifying capital to risk-weighted assets, should not be less than 10.00% for both solo basis and consolidated basis. Qualifying capital and risk-weighted assets are computed based on BSP regulations.

Risk-weighted assets consist of total assets less cash on hand, due from BSP, loans covered by hold-out on or assignment of deposits, loans or acceptances under letters of credit to the extent covered by margin deposits and other non-risk items determined by the Monetary Board of the BSP.

On January 15, 2013, the BSP issued Circular No. 781, Basel III Implementing Guidelines on Minimum Capital Requirements which states the implementing guidelines on the revised risk-based capital adequacy framework, particularly on the minimum capital and disclosure requirements for universal banks and commercial banks, as well as their subsidiary banks and quasi-banks, in accordance with the Basel III standards. The Circular took effect on January 1, 2014.

On March 29, 2022, the BSP issued Circular No. 1142, Amendments to the Guidelines on the Computation of Minimum Required Capital and Risk-Based Capital Adequacy Ratio, which provides amended guidelines on the computation of the minimum required capital and the risk-based capital adequacy ratio.

The Bank considered BSP regulations, which set out a minimum CET1 ratio of 6.00% and Tier 1 capital ratio of 7.50%, and require capital conservation buffer of 2.50% comprised of CET1 capital. The BSP's existing requirement for Total CAR remains unchanged at 10.00% and these ratios shall be maintained at all times.

The CAR of the Bank as of December 31, as reported to the BSP, based on BSP Circular No. 781 and BSP Circular No. 538, respectively, are shown in the table below (amounts in millions).

	2022	2021
Tier 1 capital	₱35,685	₱33,128
CET1 capital	35,685	33,128
Less: Required deductions	2,164	2,432
Total Tier 1 Capital	33,521	30,696
Total Tier 2 capital	1,193	1,416
Total qualifying capital	34,714	32,112
Risk weighted assets	₱139,713	₱132,208
Tier 1 ratio	23.99%	23.22%
CET1 ratio	23.99%	23.22%
Capital adequacy ratio	24.85%	24.29%

Regulatory qualifying capital consists of Tier 1 (going concern) capital, which comprises capital stock, surplus, surplus reserves, net unrealized gains on FVOCI securities, cumulative foreign currency translation and remeasurements of net defined benefit asset. Certain adjustments are made to PFRS-based results and reserves, as prescribed by the BSP. The other component of regulatory capital is Tier 2 (gone-concern) capital, which is comprised of the Bank's general loan loss provision. Certain items are deducted from the regulatory Gross Qualifying Capital, such as but not limited to, outstanding unsecured credit accommodations, both direct and indirect, to DOSRI, and unsecured loans, other credit accommodations, and guarantees granted to subsidiaries and affiliates (net of specific provisions), deferred tax assets, goodwill, other intangible assets and significant minority investments in a joint venture.

Risk-weighted assets are determined by assigning defined risk weights to amounts of on-balance sheet exposures and to the credit equivalent amounts of off-balance sheet exposures.

As of December 31, 2022 and 2021, the Bank has complied with the requirements of BSP Circular No. 781 and BSP Circular No. 538.

On October 29, 2014, the BSP issued Circular No. 856 which covers the implementing guidelines on the framework for dealing with domestic systemically important banks (DSIBs) in accordance with the Basel III standards. Banks identified as DSIBs shall be required to have higher loss absorbency, on top of the minimum CET1 capital and capital conservation buffer. Compliance with this requirement was phased-in starting January 1, 2017, with full compliance on January 1, 2019. On September 27, 2019, the BSP issued Circular No. 1051 which covers the enhancements in the assessment methodology of D-SIBs. The Bank has complied with this requirement.

The issuance of BSP Circular No. 639 covering the Internal Capital Adequacy Assessment Process (ICAAP) in 2009 supplements the BSP's risk-based capital adequacy framework under BSP Circular No. 538. In compliance with this new circular, the Metrobank Group has adopted and developed its ICAAP framework to

ensure that appropriate level and quality of capital are maintained by the Group. Under this framework, the assessment of risks extends beyond the Pillar 1 set of credit, market and operational risks and onto other risks deemed material by the Group. The level and structure of capital are assessed and determined in light of the Group's business environment, plans, performance, risks and budget, as well as regulatory directives. The Bank follows the Group's ICAAP framework and submits the result of its assessment to the Parent Company. Per BSP Circular No. 869, effective January 31, 2015, submission of an ICAAP document is required by BSP every March 31 of each year. The Bank has complied with this requirement.

The Bank has taken into consideration the impact of the foregoing requirements to ensure that the appropriate level and quality of capital are maintained on an ongoing basis.

BASEL III Leverage Ratio (BLR)

On June 9, 2015, the BSP issued Circular No. 881 covering the implementing guidelines on the Basel III Leverage Ratio Framework which is designed to act as a supplementary measure to the risk-based capital requirements and shall not be less than 5.0 percent. The monitoring period has been set every quarter starting December 31, 2014 and extended until June 30, 2018 under BSP Circular No. 990 issued on January 22, 2018. Effective July 1, 2018, the monitoring of the leverage ratio was implemented as a Pillar I minimum requirement.

The Basel III Leverage Ratio is designed to act as a supplementary measure to the risk-based capital requirements. The Basel III Leverage Ratio is defined as the capital measure (the numerator) divided by the exposure measure (the denominator), with this ratio expressed as percentage. Capital measure is the Tier 1 capital. Exposure measure is the sum of on-balance sheet exposures, derivative exposures, security financing exposures and off-balance sheet items. The leverage ratio shall not be less than 5.0 percent computed on both solo (head office plus branches) and consolidated bases (including subsidiary financial allied undertakings but excluding insurance companies).

As of December 31, 2022 and 2021, the Bank maintains these ratios above minimum requirements as shown in the table below (in millions):

	December 31, 2022	December 31, 2021
A. Capital Measure	₱33,521	₱30,696
B. Exposure Measure	263,482	259,871
C. Basel III Leverage Ratio (A/B)	12.72%	11.81%

Liquidity Coverage Ratio (LCR)

On March 10, 2016 and February 8, 2018, the BSP issued Circular Nos. 905 and 996, respectively, which include guidelines on LCR, and LCR disclosure standards that are consistent with the Basel III framework. The LCR is the ratio of high-quality liquid assets (HQLAs) to total net cash outflows. To promote the short-term resilience of the liquidity risk profile of the Bank, it shall maintain an adequate stock of unencumbered HQLAs that consists of cash or assets that can be converted into cash at little or no loss of value in private markets, to meet its liquidity needs under stressed conditions. The stock of liquid assets should enable the Bank to withstand significant liquidity shocks for at least thirty (30) calendar days, which would give time for corrective actions to be taken by the Bank's management and/or the BSP.

On March 15, 2019, the BSP issued Circular No. 1035 which approved the: (1) extension of the observation period of the minimum Basel III LCR requirement to December 31, 2019 for subsidiary banks and quasi-banks (QBs) of universal and commercial banks (U/KBs), (2) adoption of a seventy percent (70.00%) LCR floor for subsidiary banks and QBs during the observation period, (3) minimum requirement of one hundred (100.00%) starting January 1, 2020. As of December 31, 2022 and 2021, the LCR in single currency as reported to the BSP, is 158.70% and 159.47%, respectively.

Net Stable Funding Ratio (NSFR)

On June 6, 2018, the BSP issued Circular No. 1007, covering the implementing guidelines on the adoption of the Basel III Framework on Liquidity Standards - NSFR. The NSFR limits overreliance on short-term wholesale funding and promotes enhanced assessment of funding risk across all on- and off-balance sheet accounts. The NSFR complements the LCR, which promotes short term resilience of the Bank's liquidity

profile. The covered bank shall maintain an NSFR of at least 100.0 percent at all times. Compliance with this requirement was phased-in effective July 1, 2018, with full implementation of the minimum NSFR on January 1, 2019.

On March 15, 2019, the BSP issued Circular No. 1034 which approved the extension of the observation period for the Basel III Framework on Liquidity Standards - NSFR for subsidiary banks/quasi-banks.

The implementation of the minimum NSFR shall be phased in to help ensure that the covered banks/QBs can meet the standard through reasonable measures without disrupting credit extension and financial market activities. In order to facilitate compliance, covered banks/QBs shall undergo an observation period before the NSFR becomes a minimum requirement. Subsidiary banks/QBs of U/KBs shall be subject to an NSFR floor of seventy percent (70.00%) during the observation period. Starting January 1, 2020, the minimum NSFR for subsidiary banks/quasi-banks of universal and commercial banks (UBs/KBs) shall be 100.00%. As of December 31, 2022 and 2021, the NSFR as reported to the BSP is at 148.49% and 155.20%, respectively.

Basel III Countercyclical Capital Buffer

On December 6, 2018, the BSP issued Circular No. 1024 covering the Philippine adoption of the Basel III Countercyclical Capital Buffer (CCyB) which imposed the following capital buffers:

- Capital Conservation buffer (CCB) of two and a half percent (2.50%); and
- Countercyclical capital buffer (CCyB) of zero percent (0.00%) subject to upward adjustment to a rate determined by the Monetary Board of the BSP when systemic conditions warrant but not to exceed two and a half percent (2.50%). Any increase in the CCyB rate shall be effective 12 months after its announcements. Decreases shall be effective immediately.

The prescribed ratios shall be maintained at all times.

22. Net Service Fees and Commission Income

This account consists of:

	2022	2021	2020
Service Fees and Commission Income			
Credit-related fees and commissions	₱1,114,725,360	₱1,056,749,812	₱890,934,914
Deposit-related and other fees received (Note 29)	571,145,496	478,174,952	374,192,384
Trust fees	46,971,038	46,202,084	43,083,232
	1,732,841,894	1,581,126,848	1,308,210,530
Service Fees and Commission Expense			
Commissions	45,200,420	42,225,973	41,856,120
Brokerage	6,108,650	5,590,759	8,969,685
	51,309,070	47,816,732	50,825,805
Net Service Fees and Commission Income	₱1,681,532,824	₱1,533,310,116	₱1,257,384,725

23. Miscellaneous Income

This account consists of:

	2022	2021	2020
Recovery of charged-off assets	₱339,337,767	₱360,147,032	₱234,282,740
Insurance commission income	202,199,914	110,057,949	105,684,417
Rental income (Notes 12, 25 and 29)	45,235,373	43,767,739	46,711,545
Others (Notes 9 and 29)	191,002,283	186,458,085	(371,212,674)
	₱777,775,337	₱700,430,805	₱15,466,028

Rental income arises from the lease of properties and safety deposit boxes of the Bank.

Other miscellaneous income includes renewal fees, checkbook charges, break funding cost and other miscellaneous income. In 2020, total modification loss recognized in the statement of income under 'Miscellaneous income' amounted to ₱508.8 million. Subsequent accretion of modified loans amounted to ₱107.0 million, ₱134.6 million and ₱82.2 million in 2022, 2021 and 2020, respectively (Note 9).

24. Retirement Benefits

The Bank has a funded, noncontributory defined benefit plan covering substantially all of its employees. The benefits are based on years of service and final compensation.

The plan administered by the Retirement Committee is composed of five (5) members appointed by the BOD of the Bank. The Retirement Committee has all the powers necessary or useful in the discharge of its duties of administration including, but not limited to determining the rights of Members under the Plan. The Retirement Committee may adopt such rules and regulations as it deems necessary and desirable, including those governing the establishment of procedures, the use of necessary forms, and the setting up of minimum periods where notice is required. The Retirement Committee may seek advice of counsel, and may appoint an independent accountant to audit the Plan and actuary to value the plan periodically, whose professional fees and expenses may be charged to the Fund.

Under the existing regulatory framework, RA No. 7641, *Retirement Pay Law*, requires a provision for retirement pay to qualified private sector employees in the absence of any retirement plan in the entity, provided however that the employee's retirement benefits under any collective bargaining and other agreements shall not be less than those provided under the law. The law does not require minimum funding of the plan.

The date of the latest actuarial valuation is December 31, 2022.

The amounts of pension expense included in 'Compensation and fringe benefits' in the statements of income follow:

	2022	2021
Current service cost	₱227,706,990	₱245,929,229
Net interest cost	(20,012,154)	(3,529,229)
	₱207,694,836	₱242,400,000

The net retirement liability/retirement asset shown under ‘Other liabilities’/‘Other assets’ recognized in the Bank’s statements of condition follows (in thousands):

2022												
	Remeasurements in other comprehensive income											
		Net benefit cost				Return on plan assets (excluding amount included in net interest)	Actuarial changes arising from experience adjustments	Actuarial changes arising from demographic assumptions	Actuarial changes arising from financial assumptions			
	January 1, 2022	Current service cost	Net Interest	Subtotal	Benefits paid					Subtotal	Contribution by employer	December 31, 2022
Present value of defined benefit obligation	₱3,113,053	₱227,707	₱147,479	₱375,186	(₱258,642)	₱–	₱89,847	₱–	(₱135,383)	(₱45,536)	₱–	₱3,184,061
Fair value of plan assets	(3,354,893)	–	(167,491)	(167,491)	258,642	199,720	–	–	–	199,720	(323,450)	(3,387,472)
Net retirement asset (Note 14)	(₱241,840)	₱227,707	(₱20,012)	₱207,695	₱–	₱199,720	₱89,847	₱–	(₱135,383)	₱154,184	(₱323,450)	(₱203,411)
2021												
	Remeasurements in other comprehensive income											
		Net benefit cost				Return on plan assets (excluding amount included in net interest)	Actuarial changes arising from experience adjustments	Actuarial changes arising from demographic assumptions	Actuarial changes arising from financial assumptions			
	January 1, 2021	Current service cost	Net Interest	Subtotal	Benefits paid					Subtotal	Contribution by employer	December 31, 2021
Present value of defined benefit obligation	₱3,256,193	₱245,929	₱110,804	₱356,733	(₱222,891)	₱–	₱99,684	₱–	(₱376,666)	(₱276,982)	₱–	₱3,113,053
Fair value of plan assets	(3,207,170)	–	(114,333)	(114,333)	222,891	83,346	–	–	–	83,346	(339,627)	(3,354,893)
Net retirement asset (Note 14)	₱49,023	₱245,929	(₱3,529)	₱242,400	₱–	₱83,346	₱99,684	₱–	(₱376,666)	(₱193,636)	(₱339,627)	(₱241,840)

The maximum economic benefit available is a combination of expected refunds from the plan and reductions in future contributions.

The Bank expects to contribute ₱258.6 million to its noncontributory defined benefit plan in 2023.

The fair values of plan assets by each class as at the statements of condition date are as follows:

	2022	2021
Investment in debt securities		
Government	₱1,910,076,151	₱2,109,275,578
Private	559,534,342	1,017,480,730
Cash and cash equivalents	783,385,635	90,778,999
Unit Investment Trust Fund (UITF)	42,561,098	31,988,986
Investment in equity securities	77,507,699	90,298,224
Other assets	17,327,104	17,982,070
	3,390,392,029	3,357,804,587
Other liabilities	2,919,504	2,911,307
	₱3,387,472,525	₱3,354,893,280

The person exercising voting right for the foregoing equity instruments is currently a senior officer of the Bank.

The principal actuarial assumptions used in determining retirement liability as of December 31, 2022 and 2021 are shown below:

	2022	2021
Discount rate	7.11%	4.94%
Turnover rate	3.63%, 10.23%	3.63%, 10.23%
Future salary increases	5.50%	4.00%

The sensitivity analysis below has been determined based on reasonably possible changes of each significant assumption on the defined benefit obligation as of the end of the reporting period, assuming all other assumptions were held constant:

	December 31, 2022		December 31, 2021	
	Possible Fluctuations	Increase (decrease)	Possible Fluctuations	Increase (decrease)
Discount rate	+1.00%	(₱220,438,919)	+1.00%	(₱232,863,612)
	-1.00%	248,784,290	-1.00%	264,882,836
Turnover rate	+1.00%	(4,330,091)	+1.00%	(18,670,181)
	-1.00%	4,161,186	-1.00%	11,210,010
Future salary increase rate	+1.00%	265,814,360	+1.00%	280,263,812
	-1.00%	(239,077,385)	-1.00%	(250,308,015)

The Retirement Committee ensures that there will be sufficient assets to pay pension benefits as they fall due and maintains the plan on an actuarially sound basis considering the benefits to members.

Shown below is the maturity analysis of the undiscounted benefit payments:

	2022	2021
Less than one year	₱282,910,375	₱251,146,266
One to less than five years	1,407,715,193	1,239,251,226
Five to less than 10 years	2,246,907,514	1,893,401,838
10 to less than 15 years	2,719,152,541	2,081,717,773
15 to less than 20 years	2,489,207,065	2,075,368,475
20 years and above	1,744,550,715	1,361,034,053

The average duration of the expected benefit payments at the statement of condition date is 9.27 years.

25. Leases

The Bank leases the premises occupied by its branches for periods ranging from 1 to 30 years renewable under certain terms and conditions. Various lease contracts include escalation clauses, most of which bear an annual rent increase of 10.00%.

As of December 31, 2022 and 2021, the carrying amounts of lease liabilities (included in 'Other Liabilities' in Note 19) are as follows:

	2022	2021
Balance at beginning of year	₱1,278,685,842	₱1,342,394,905
Additions	523,368,707	330,419,191
Accretion of interest	79,873,386	85,201,992
Payments	(558,996,040)	(479,330,246)
	₱1,322,931,895	₱1,278,685,842

The Bank recognized interest expense on lease liabilities (included in 'Interest expense' in the statements of income) amounting to ₱79.9 million, ₱85.2 million and ₱99.5 million in 2022, 2021 and 2020, respectively, rent expense from short-term leases and leases of low-value assets amounting (included in 'Occupancy and equipment-related costs' in the statements of income) to ₱116.2 million in 2022, ₱130.9 million in 2021 and ₱140.7 million in 2020.

Future minimum rentals payable under non-cancelable operating leases are as follows:

	2022	2021
Within one year	₱469,115,714	₱419,166,727
After one year but not more than five years	918,298,112	852,888,078
More than five years	145,925,243	205,507,135
	₱1,533,339,069	₱1,477,561,940

The Bank has also entered into commercial property leases on its surplus office space. These non-cancelable leases have remaining non-cancelable lease terms between 1 and 5 years. As of December 31, 2022 and 2021, there is no contingent rental income. Rental income of the Bank related to these property leases amounting to ₱44.1 million, ₱42.4 million, and ₱45.5 million in 2022, 2021 and 2020, respectively are shown under 'Miscellaneous income' in the statements of income (Notes 12 and 23).

Future minimum rentals receivable under non-cancelable operating leases are as follows:

	2022	2021
Within one year	₱39,072,786	₱34,081,506
After one year but not more than five years	38,478,565	32,440,728
	₱77,551,351	₱66,522,234

26. Miscellaneous Expenses

This account consists of:

	2022	2021	2020
Insurance (Note 29)	₱453,534,299	₱550,608,756	₱498,092,209
Litigation	429,974,439	442,289,577	364,647,454
Information technology (Note 29)	407,689,037	375,290,002	362,765,811
Fines, penalties and other charges	206,509,947	150,222,885	188,886,091
Repairs and maintenance (Note 12)	171,424,078	110,147,726	117,546,466
Communications	147,148,701	167,554,452	143,024,129
Stationery and supplies	82,824,439	46,355,039	98,511,725
Supervision and examination fees	75,405,438	75,845,625	79,409,221
Transportation and traveling	52,967,086	50,559,908	127,736,459
Training and seminars	26,880,748	2,449,846	1,973,526
Management and professional fees	25,473,105	23,048,029	18,899,050
Advertising	22,092,410	11,076,666	50,064,780
Banking activities expenses	9,360,794	4,642,771	4,670,840
Donations and charitable contributions	7,122,605	6,812,000	11,465,500
Membership fees and dues	2,699,211	3,827,410	4,380,400
Others	9,614,270	61,472,300	12,746,651
	₱2,130,720,607	₱2,082,202,992	₱2,084,820,312

Insurance expense includes premiums paid to the Philippine Deposit Insurance Corporation (PDIC) amounting to ₱429.2 million, ₱412.9 million, and ₱345.7 million in 2022, 2021 and 2020, respectively.

Other expenses include entertainment, amusement and recreation (EAR), rewards and incentives, meeting allowance, sponsorship expenses, home free loan expenses, appraisal fees and notarial fees. These also include payments to union members amounting to ₱9.4 million, ₱10.1 million and ₱10.6 million in 2022, 2021 and 2020, respectively, for the successful completion of the collective bargaining agreement.

27. Income and Other Taxes

Under Philippine tax laws, the Bank is subject to percentage and other taxes (presented as ‘Taxes and licenses’ in the statements of income) as well as income taxes. Percentage and other taxes paid consist principally of gross receipts tax (GRT) and documentary stamp tax (DST). Income taxes include corporate income tax, further discussed below, and final taxes paid at the rate of 20.00%, which is a final withholding tax on gross interest income from government securities and other deposit substitutes.

On March 26, 2021, RA No. 11534, otherwise known as Corporate Recovery and Tax Incentives for Enterprises (CREATE) Act was signed into law. CREATE reduced the RCIT rate from 30.00% to 25.00% effective July 1, 2020. With the implementation of this Act, the allowable deduction for interest expense was reduced from 33% to 20.00% of the interest income subject to final tax.

The regulations also provide for MCIT of 2.00% (prior to CREATE) and 1.00% from (July 1, 2020 to June 30, 2023 before reverting to 2.00%) on modified gross income and allow a NOLCO. The MCIT and NOLCO may be applied against the Bank’s income tax liability and taxable income, respectively, over a three-year period from the year of inception. For the taxable years 2020, 2021 and 2022, the NOLCO incurred can be carried over as a deduction for the next five (5) consecutive taxable years, pursuant to Revenue Regulation (RR) No. 25-2020.

The deferred tax assets and liabilities as of December 31, 2020 were also remeasured using the lower RCIT rate of 25.00%. These reductions were recognized in the 2021 financial statements.

Starting July 1, 2008, the Optional Standard Deduction (OSD) equivalent to 40.00% of gross income may be claimed as an alternative deduction in computing for the RCIT. The Bank elected to claim itemized expense deductions instead of the OSD in computing for the RCIT in 2022 and 2021.

Current tax regulations also provide for the ceiling on the amount of EAR expense that can be claimed as a deduction against taxable income. Under the regulations, EAR expense allowed as a deductible expense for a service company is limited to the actual EAR paid or incurred but not to exceed 1.00% of net revenue.

FCDU offshore income (income from non-residents) is tax-exempt while gross onshore income (income from residents) is subject to 10.00% income tax. In addition, interest income on deposit placements with other FCDUs and OBUs is taxed at 15.00% in 2022 and 2021. Under current tax regulations, the income derived by the FCDU from foreign currency transactions with non-residents, OBUs, local commercial banks, including branches of foreign banks, is tax-exempt while interest income on foreign currency loans from residents other than OBUs or other depository banks under the expanded system is subject to 10.00% income tax.

Provision for income tax consists of:

	2022	2021	2020
Current:			
Final tax	₱709,425,111	₱356,565,831	₱265,200,890
Current income tax	73,891,205	(44,382,280)	501,075,819
	783,316,316	312,183,551	766,276,709
Deferred	335,219,072	1,414,071,157	(783,739,604)
	₱1,118,535,388	₱1,726,254,708	(₱17,462,895)

Net deferred tax assets consist of the following tax effects:

	2022	2021
Deferred tax assets on:		
Retirement benefit obligation	₱249,507,924	₱210,961,827
Unamortized pension cost contribution	158,720,206	173,550,556
Accumulated depreciation of assets foreclosed or dacioned	97,763,184	96,772,332
Allowance for credit and impairment losses	66,874,352	282,454,212
Net effect of lease liabilities and ROU assets	54,055,554	59,297,005
Loan modification	46,215,270	72,967,041
Net unrealized gain on fair value of FVOCI	4,618,954	—
Unrealized foreign exchange gains	1,984,235	(5,496,046)
	679,739,679	890,506,927
Deferred tax liabilities on:		
Net unrealized gain on investment properties	(399,626,135)	(312,384,257)
Others	—	(1,336,151)
	(399,626,135)	(313,720,408)
	₱280,113,544	₱576,786,519

Income tax effect credited (debited) in OCI amounted to ₱38.5 million, (₱48.4 million) (excluding impact of CREATE) and (₱90.7 million) in 2022, 2021 and 2020, respectively.

As of December 31, 2022 and 2021, the Bank did not recognize deferred tax assets on the following temporary differences:

	2022	2021
Allowance for credit and impairment losses	₱5,981,653,248	₱6,672,477,479
Excess MCIT over RCIT	70,226,677	34,998,663
	₱6,051,879,925	₱6,707,476,142

The Bank believes that it is not reasonably probable that the tax benefits of these temporary differences will be realized in the future.

Details of the excess MCIT over RCIT credits of the Bank follow:

	Amount	Used/Expired	Balance	Expiry Year
2021	₱34,998,663	₱-	₱34,998,663	2024
2022	35,228,014	-	35,228,014	2025
	₱70,226,677	₱-	₱70,226,677	

The reconciliation between the statutory income tax and effective income tax follows (in thousands):

	2022	2021	2020
Statutory income tax	₱1,199,241	₱816,437	₱327,225
Tax effect of:			
Change in unrecognized DTA	(137,478)	1,073,320	427,676
Non-taxable, tax-paid and tax-exempt income	(245,782)	(425,082)	(928,629)
Nondeductible expenses	233,564	161,201	225,399
Effect of change in tax rate	-	174,295	-
FCDU income	(74,895)	(87,686)	(78,916)
Others	143,885	13,770	9,782
Effective income tax	₱1,118,535	₱1,726,255	(₱17,463)

28. Earnings Per Share

The following table presents information used to calculate basic EPS:

	2022	2021	2020
a. Net income	₱3,678,428,259	₱1,539,492,720	₱1,108,212,278
b. Weighted average number of common shares for basic earnings per share	426,859,416	426,859,416	426,859,416
c. Basic/Diluted EPS (a/b)	₱8.62	₱3.61	₱2.60

As of December 31, 2022, 2021 and 2020, there were no potential common shares with dilutive effect on the basic EPS of the Bank.

29. Related Party Transactions

Parties are considered to be related if one party has the ability, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions. The Bank's related parties are as follows:

- Bank's Directors, Officers, Stockholders and their Related Interests (DOSRI) as defined per BSP's existing DOSRI rules and regulations;
- Close Family Members (i.e., second degree relatives) of the Bank's Directors, Officers with rank of SVP and up, and Individual Substantial Stockholders;
- Bank's Subsidiaries and Affiliates as defined per BSP's existing rules and regulations on lending to subsidiaries and affiliates;
- Any party that the Bank exerts direct or indirect control over or that exerts direct or indirect control over the Bank;
- Subsidiaries, Affiliates and Special Purpose Entities (SPEs) of any party that the Bank exerts direct or indirect control over or that exerts direct or indirect control over the Bank;
- Corresponding Persons in Affiliated Companies as defined in the Bank's Related Party Transaction (RPT) Policy; and

- Any natural person or juridical entity whose interest may pose potential conflict with the Bank's interest.

The Bank has several business relationships with related parties. The terms of the transactions with such parties are listed below on substantially the same terms, including interest and collateral, as those prevailing at the time for comparable transactions with other parties, and are usually settled in cash. These transactions also did not involve more than the nominal risk of collectability or present other unfavorable conditions.

Transactions with the Retirement Plan

On December 20, 2012, the SEC issued Memorandum Circular No. 12 providing for guidelines on the disclosure of transactions with retirement benefit funds. Under said circular, a reporting entity shall disclose information about any transaction with a related party (retirement fund, in this case) and outstanding balances necessary for an understanding of the potential effect of the relationship on the financial statements.

Under PFRS, certain post-employment benefit plans are considered as related parties. The Bank has business relationships with its retirement plan pursuant to which it provides trust and management services to the said plan. The retirement plan of the employees of the Bank is being managed and maintained by the Trust Division of the Bank. The total fair value of the retirement fund as of December 31, 2022 and 2021 amounted to ₱3.4 billion. The details of the assets of the fund as of December 31, 2022 and 2021 are disclosed in Note 24.

The following table shows the amount of outstanding balances of related party transactions of the Bank with the retirement plan of the employees of the Bank as of December 31, 2022 and 2021:

Related Party	Nature of Transaction	2022	
		Elements of Transaction	
		Statement of Condition	Statement of Income
Philippine Savings Bank	Savings Deposit	₱15,941,513	₱-
	Investment in Money Market Fund*	42,561,098	-
	Income from UITF**	-	572,585
	Interest income	-	24,291
First Metro ETF	Equity investment***	24,837,819	-
*Includes fair value gains of ₱0.48 million			
**Includes fair value gains of ₱0.41 million			
***Includes fair value loss of ₱2.13 million			
Related Party	Nature of Transaction	2021	
		Elements of Transaction	
		Statement of Condition	Statement of Income
Philippine Savings Bank	Savings Deposit	₱3,778,999	₱-
	Investment in Money Market Fund*	31,988,896	-
	Income from UITF**	-	238,430
	Interest income	-	28,525
First Metro ETF	Equity investment***	26,310,294	-
*Includes fair value gains of ₱0.1 million			
**Includes fair value loss of ₱0.04 million			
***Includes fair value loss of ₱0.35 million			

Transactions relating to the Bank's retirement plan are approved by its Retirement Committee. The voting right over the investments in the Bank's capital stocks is exercised by a member of the Retirement Committee as approved by all members of the Retirement Committee, whom are senior officers of the Bank.

Remunerations of Directors and Other Key Management Personnel

Key management personnel are those persons having authority and responsibility for planning, directing and controlling the activities of the Bank, directly or indirectly. The Bank considers the members of the Management Committee to constitute key management personnel for purposes of PAS 24, *Related Party Disclosures*.

Total remunerations of key management personnel (covering assistant vice presidents and up) [included under 'Compensation and fringe benefits' in the statements of income are as follows:

	2022	2021
Short-term employee benefits	₱369,283,571	₱326,973,490
Post-employment pension benefits	1,272,282	4,845,307
	₱370,555,853	₱331,818,797

Short-term employee benefits include salaries and other non-monetary benefits.

Remunerations given to directors, as approved by the Board Remuneration Committee, amounted to ₱21.5 million, ₱22.1 million, and ₱21.9 million in 2022, 2021, and 2020, respectively.

The Bank also provides banking services to directors and other key management personnel and persons connected to them.

Other Related Party Transactions

Other related party transactions of the Bank by category of related party are presented below. The following tables show the amount and outstanding balances included in the financial statements (in thousands):

Category	December 31, 2022		
	Amount/ Volume	Outstanding Balance	Nature, Terms and Conditions
Parent Company			
Due from other banks	₱485,169	₱1,592,053	Short term peso and foreign-currency denominated deposits with fixed rates ranging from 0.00% to 5.00%

30. Trust Operations

Securities and other resources held by the Bank in fiduciary or agency capacity for its customers are not included in the accompanying statements of condition since these are not assets of the Bank.

As of December 31, 2022 and 2021, the Bank deposited government securities with carrying value of ₱180.5 million and ₱128.4 million, respectively, in compliance with trust regulations (Note 8).

In compliance with existing banking regulations, the Bank transferred from surplus to surplus reserve the amount of ₱2.5 million and ₱2.3 million, which corresponds to 10.00% of the net income realized from the Bank's Trust Department in 2022 and 2021, respectively.

31. Commitments and Contingent Liabilities

In the normal course of the Bank's operations, there are various outstanding commitments and contingent liabilities such as guarantees and commitments to extend credit, which are not reflected in the accompanying financial statements. The Bank, however, does not anticipate significant losses as a result of these transactions.

Commitments and Contingencies

The following is a summary of the Bank's commitments and contingent liabilities at their equivalent peso contractual amounts:

	2022	2021
Trust department accounts (Note 30)	₱8,825,860,829	₱9,967,034,659
Stand-by credit lines	122,000,000	21,100,000
Spot foreign exchange and contracts sale	27,877,500	25,499,500
Late deposits/payments received	3,288,413	-
Items held for safekeeping	240,348	308,743
Others	60,626	63,528

Also, several suits and claims, on behalf of or against the Bank in relation to its banking operations and labor-related cases are pending before the courts and quasi-judicial bodies. The Bank and its legal counsel believe that any losses arising from suits and claims which are not specifically provided for will not have a material adverse effect on the financial statements.

32. Notes to Statements of Cash Flows

The following is a summary of principal non-cash activities that relate to the analysis of the statements of cash flows:

	2022	2021	2020
Additions to chattel mortgage in settlement of loans (Note 14)	₱1,978,930,122	₱3,866,091,965	₱3,753,346,148
Additions to investment properties in settlement of loans (Note 12)	1,438,182,517	703,230,662	457,713,276
Recognition of right-of-use assets (Note 11) and lease liabilities (Note 25)	523,368,707	330,419,191	243,849,256
Fair value changes in financial assets at FVOCI (Note 8)	(40,764,785)	(13,033,150)	278,577,437
Cost adjustment on intangible assets (Note 13)	—	—	8,281,794
Net retirement of right-of-use assets (Note 11) and lease liabilities (Note 25)	—	—	(605,028)
Cumulative translation adjustment	(756,081)	(485,670)	327,675

The table below provides for the changes in liabilities arising from financing activities in 2022 and 2021 (in millions):

	Bills Payable	Bonds Payable	Lease Liabilities	Total Liabilities from Financing Activities
January 1, 2022	₱—	₱4,633	₱1,279	₱5,912

Agriculture, forestry and fishing	70,896,310	0.06%	64,293,253	0.06%
Water supply, sewerage, waste management and remediation activities	43,296,906	0.04%	54,329,723	0.05%
Mining and quarrying	4,705,062	0.00%	18,235,240	0.02%
Others	2,663,873,735	2.39%	2,925,163,754	2.58%
	₱111,588,490,661	100.00%	₱113,527,344,305	100.00%

Others relate to other service activities including the activities of membership organizations, repair of computers, personal and household goods and a variety of personal service activities not covered elsewhere in the classification above.

Breakdowns of Total Loans as to Security

The breakdown of loans and receivables from customers (gross of unearned discounts, modification loss and allowance for credit losses) as to secured and unsecured and as to type of security follows:

	2022	%	2021	%
Secured by:				
Chattel	₱50,754,005,073	45.48%	₱53,141,010,629	46.81%
Real estate	30,172,737,600	27.04%	32,642,162,497	28.75%
Deposit hold-out	597,964,616	0.54%	505,841,926	0.45%
	81,524,707,289	73.06%	86,289,015,052	76.01%
Unsecured	30,063,783,372	26.94%	27,238,329,253	23.99%
	₱111,588,490,661	100.00%	₱113,527,344,305	100.00%

Breakdown of Total Loans as to Status

Details of non-performing loans (NPL) follow:

	2022	2021
Secured	₱2,882,518,252	₱5,264,508,163
Unsecured	1,154,927,621	1,865,349,291
	₱4,037,445,873	₱7,129,857,454

Generally, NPLs refer to loans, investments, receivables, or any financial asset, even without any missed contractual payments, that satisfy any of the following conditions:

1. Impaired under existing accounting standards;
2. Classified as doubtful or loss;
3. In litigation, and/or;
4. There is evidence that full repayment of principal and interest is unlikely without foreclosure of collateral, if any.

All other loans, even if not considered impaired, shall be considered non-performing if any principal and/or interest are:

1. Unpaid for more than ninety (90) days from contractual due date, or accrued interests for more than ninety (90) days have been capitalized, refinanced, or delayed by agreement.
2. Microfinance and other small loans with similar credit characteristics shall be considered non-performing after contractual due date or after it has become past due.
3. Restructured loans shall be considered non-performing. However, if prior to restructuring, the loans were categorized as performing, such classification shall be retained.

The NPLs of the Bank not fully covered by allowance for credit losses follow:

	2022	2021
Total NPLs	₱4,037,445,873	₱7,129,857,454
Less NPLs fully covered by allowance for credit losses	977,859,235	1,728,737,382
	₱3,059,586,638	₱5,401,120,072

Restructured loans as of December 31, 2022 and 2021 amounted to ₱98.8 million, and ₱58.4 million, respectively. The Bank's loan portfolio includes non-risk loans as defined under BSP regulations totaling ₱0.6 billion and ₱0.5 billion as of December 31, 2022 and 2021, respectively.

Information on Related Party Loans

As required under existing BSP rules and regulations, the Bank discloses loans and other credit accommodations granted to its DOSRI. These loans and other credit accommodations were made substantially on the same terms as with other individuals and businesses of comparable risks and were subject of prior BOD approval and entailing BSP reportorial requirements.

Existing banking regulations also limit the total amount of credit exposure to each of the Bank's DOSRIs, at least 70.00% of which must be secured, to the total of their respective deposits and book value of their respective unencumbered deposits and, if any, book value of their respective paid-in capital contribution in the Bank. In the aggregate, the Bank's total credit exposure to all its DOSRIs should not exceed its net worth or 15.00% of its total loan portfolio, whichever is lower, with any unsecured portion thereof not exceeding the lower between 30.00% of the aggregate limit or of the total actual exposure. However, loans and other credit accommodations to DOSRIs that are secured by assets considered by the BSP as non-risk are exempt from these ceilings. As of December 31, 2022, and 2021, the Bank's credit exposures to DOSRI are within the said regulatory limits.

BSP Circular No. 423 dated March 15, 2004, as amended by BSP Circular No. 914 dated June 23, 2016, provide the rules and regulations governing credit exposures to DOSRI. The following table shows information relating to the loans, other credit accommodations and guarantees classified as DOSRI accounts under regulations existing prior to BSP Circular No. 423 and new DOSRI loans and other credit accommodations granted under said circular as of December 31, 2022 and 2021 (in thousands):

	2022		2021	
	DOSRI Loans	Related Party Loans	DOSRI Loans	Related Party Loans
Total outstanding loans	₱199,011	₱1,154,011	₱201,380	₱1,166,380
Percent of DOSRI/Related Party loans to total loan portfolio	0.18%	1.03%	0.18%	1.03%
Percent of unsecured DOSRI/Related Party loans to total DOSRI/Related Party loans	95.04%	99.15%	94.51%	99.05%
Percent of past-due DOSRI /Related Party loans to total DOSRI/Related Party loans	0.00%	0.00%	0.00%	0.00%
Percent of non-performing DOSRI/Related Party loans to total DOSRI /Related Party loans	0.00%	0.00%	0.00%	0.00%

Total interest income from DOSRI loans amounted to ₱0.6 million in 2022 and 2021, and ₱0.9 million in 2020.

Aggregate Amount of Secured Liabilities and Assets Pledged as Security

As of December 31, 2022, investment securities at amortized cost include Bureau of Treasury bonds pledged by the Bank to MBTC to secure its payroll account with the Bank, with total carrying value of ₱60.1 million.

As of December 31, 2021, financial assets at FVOCI include Bureau of Treasury bonds pledged by the Bank to MBTC to secure its payroll account with the Bank, with total carrying value of ₱59.7 million.

Commitments and Contingencies

The following is a summary of the Bank's commitments and contingent liabilities at their equivalent peso contractual amounts:

	2022	2021
Trust department accounts (Note 30)	₱8,825,860,829	₱9,967,034,659
Stand-by credit lines	122,000,000	21,100,000
Spot foreign exchange and contracts sale	27,877,500	25,499,500
Late deposits/payments received	3,288,413	—
Items held for safekeeping	240,348	308,743
Others	60,626	63,528

37. Report on the Supplementary Information Required Under Revenue Regulations (RR) No. 15-2010

On November 25, 2010, the BIR issued RR No. 15-2010 to amend certain provisions of RR No. 21-2002. The regulations provide that starting 2010, the notes to financial statements shall include information on taxes, duties and license fees paid or accrued during the taxable year.

The Bank reported and/or paid the following types of taxes for the year:

Taxes and Licenses

For the taxable year ended December 31, 2022, taxes and licenses of the Bank consist of:

Gross receipts tax	₱763,931,007
Documentary stamps tax	758,201,902
Local taxes	82,951,654
Fringe benefit tax	7,841,754
	<u>₱1,612,926,317</u>

Withholding Taxes

As of December 31, 2022, total remittances and balance of withholding taxes are as follows:

	Total Remittances	Balance
Withholding taxes on compensation and benefits	₱454,119,798	₱25,353,200
Final withholding taxes	339,360,026	86,268,435
Expanded withholding taxes	85,025,405	8,943,863
	<u>₱878,505,229</u>	<u>₱120,565,498</u>

Tax Assessment

The Bank has no ongoing tax assessment as of December 31, 2022.

INDEPENDENT AUDITOR'S REPORT ON SUPPLEMENTARY SCHEDULES

The Stockholders and the Board of Directors
Philippine Savings Bank
PSBank Center
777 Paseo de Roxas corner Sedeño Street
Makati City

We have audited in accordance with Philippine Standards on Auditing, the financial statements of Philippine Savings Bank (the Bank) as at December 31, 2022 and 2021 and for each of the three years in the period ended December 31, 2022, included in this Form 17-A, and have issued our report thereon dated February 23, 2023. Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The schedules listed in the Index to the Financial Statements and Supplementary Schedules are the responsibility of the Bank's management. These schedules are presented for purposes of complying with the Revised Securities Regulation Code Rule 68, and are not part of the basic financial statements. These schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, fairly state, in all material respects, the information required to be set forth therein in relation to the basic financial statements taken as a whole.

INDEPENDENT AUDITOR'S REPORT ON COMPONENTS OF FINANCIAL SOUNDNESS INDICATORS

The Stockholders and the Board of Directors
Philippine Savings Bank
PSBank Center
777 Paseo de Roxas corner Sedeño Street
Makati City

We have audited in accordance with Philippine Standards on Auditing, the financial statements of Philippine Savings Bank (the Bank) as at December 31, 2022 and 2021 and for each of the three years in the period ended December 31, 2022 and have issued our report thereon dated February 23, 2023. Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The Supplementary Schedule on Financial Soundness Indicators, including their definitions, formulas, calculation, and their appropriateness or usefulness to the intended users, are the responsibility of the Bank's management. These financial soundness indicators are not measures of operating performance defined by Philippine Financial Reporting Standards (PFRSs) and may not be comparable to similarly titled measures presented by other companies. This schedule is presented for the purpose of complying with the Revised Securities Regulation Code Rule 68 issued by the Securities and Exchange Commission and is not a required part of the basic financial statements prepared in accordance with PFRSs. The components of these financial soundness indicators have been traced to the Bank's financial statements as at December 31, 2022 and 2021 and for each of the three years in the period ended December 31, 2022 and no material exceptions were noted.
